Event Description

The IEEE SIES GST student branch conducted WriTech, a technical article writing competition, for students to indulge and explore about technical topics during this lockdown period of the CoVid-19 pandemic. The event was a huge success as we had close to 100 participants submitting well-read technical articles.

The competition was announced on social media handles of IEEE SIES GST such as LinkedIn and Instagram and was also spread as WhatsApp messages as well as word of mouth. Interested participants were asked to join a WhatsApp group for ease of communication and the guidelines for articles were given in the same group. The articles were submitted through a google form. The students who had submitted were moved into a different group.

The articles submitted were firstly stipulated on plagiarism percentage. The articles with more than 30% plagiarism were eliminated. Articles in the top 30%of each roundwere assessed by the consequent round's jury. All rounds judged the articles on the following criteria:

1. Accuracy
2. Innovation
3. Grammar
4. Vocabulary

The jury members were as follows:

Round 1: Mr. Sricharraan Ramaswamy, Ms. Athulya Anand, Mr. Siddhant Meshram, Mr. Harsh Agarwal

Round 2: Mr. Aadityanand, Mr. Soumik Sunil, Ms. Aditi Kulkarni, Mr. Sahaj Shukla

Round 3: Prof. Biju Balakrishnan, Dr. PreetiHemnani

The winning article along with four special mentions was published on IEEESIES GST's social media handles. E-certificates and scorecards were sent to all participants via e-mail ids provided by the participants. Feedback forms were circulated as google form to get a review of the event from the participants.

Winners and special mentions for the competition are a follows:

Winning article -   Kavya Rajiv
1st Special Mention - Sneha Bhardwaj
2nd Special Mention - Nishant Joshi
3rd Special Mention - Tvisha Modi
4th Special Mention - K Gauri

Written Feedback:

What would you have wanted us to do diferently?

40 responses

Nothing

It was perfect.

Uh prize could be better

Everything was well managed and I appreciate that.

Conduct more such innovative events often

Keep going, with unique and innovative ideas we can make our country more Power ful.

The topic should have been specific

Take such competitions

To conduct such article writing and related competition.

Nice

It was perfect!!!

Maybe 3-4 sample articles would be appreciated to give us a better idea on how to write a technical article.

Paper presentation

Nothing. They handled it well .

I feel so thankful to you guys for creating such a platform like this to share my idea

Very well organized yet the topic specifications could have been more defined.

Nothing.

Organize quiz competitions

Nothing it's already very good

Could have given more topics to choose from

whatever we make whether it is a poster or an article related to a good topic given, should be share as much as possible so that it is implemented actually especially if the topic is related to solutions for current crises, calamities, economy and health etc

published the result soon 😊

Technical Quiz and Tutorials

To conduct Quiz competitions as well

Send review of the article with a score...graded by experts

I want you to conduct more such technical activities and competitions.Thank you so much for conducting such a healthy technical competition.
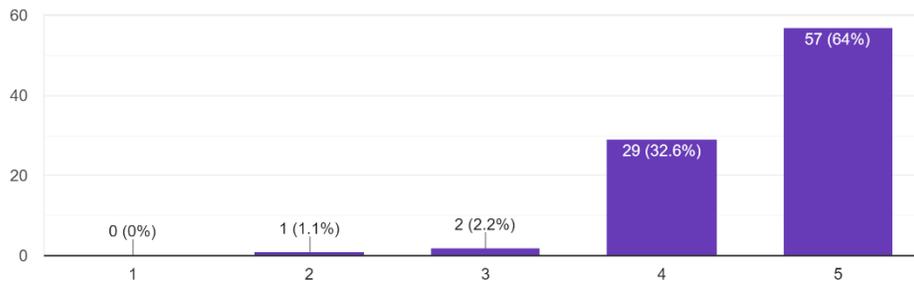

Feedback analysis:

How clear were the provided guidelines?
89 responses
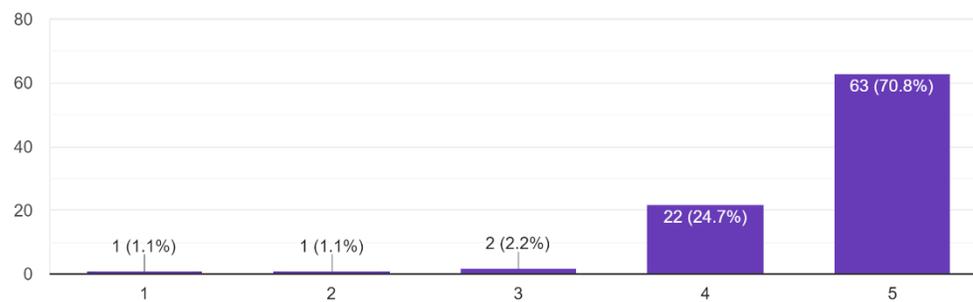

Were doubts aptly cleared?

89 responses

Was the article topic appreciable?

89 responses

How likely are you to participate in more such events by us?

89 responses

Impact Analysis:

The participants have learnt about various ideas and concepts as they researched for their articles on the future of technology, and as observed, participants had a great experience of the event and are now eager to participate in more such events. They have learnt how to write an effective article within the limited number of words.
