

Center of Excellence in Internet of Things

Vision

To become one of the best center to create technically strong manpower for Internet of Things.

Mission

To prepare and develop the best trainer and researchers in the Internet of Things domain.

Objectives

1. To develop proficiency in the corresponding research domain.
2. To impart the obtained knowledge in respective research areas to potential candidates.
3. To undertake real life problems for the development of possible and feasible end products.

Team Members

1. Vishal Gaikwad – Dept. of EXTC
2. Pranjali Thakre - Dept. of Comp
3. Kintu Patel - Dept. of EXTC
4. Pratibha Joshi - Dept. of EXTC
5. Preeti Hemnani - Dept. of EXTC
6. Pushkar Sathe - Dept. of EXTC
7. Vaishali Mangrulkar - Dept. of EXTC
8. Vandana Sawant - Dept. of EXTC
9. Leena V Ladge - Dept. of IT

Short Term Goals

1. Expertise faculty in IoT domain with training.
2. Get members certified in IoT domain from good online learning resources like NPTEL, Coursera etc.
3. Develop training modules and conduct hands on workshops for students
4. Identifying good students from the workshops and allotting them good IoT based projects under CoE faculty members for their academic projects.

Mid-Term Goals

1. Every CoE member will individually/group undertake one good research project per year.
2. Conduct STTP for faculty.

Long Term Goals

1. Undertaking of the Industry based research projects
2. Patent
