Event Description

An Orientation Program on “AMCAT Employability Assessment test” was held for FE students on 11 Jan 2019 for EXTC, CE and PPT branch. The resource person Mr. Ankur Srivastava briefed the students about benefit of amcat score and informed them about the modules being offered by amcat. From FE, the students will be appearing for two modules Writex and Svar. Both the modules are designed to assess verbal abilities of the students . After the students appear for the exam a complete analysis will be provided, wherein the students will be able to identify the concern areas. Hereby this analysis will help the students to work on those areas and improve on it.

This will help the students to prepare for the campus selection in the long run.

A feedback regarding the session was taken at the end and more than 90% students gave positive response and were willing to go for the test.
