Organizational Chart and processes

Nature and Extent of involvement of Faculty and students in academic affairs/improvements.

Faculty members are members of respective BOS where academic affairs and improvement in curriculum discussed. Faculty representatives are also members of IQAC. Student Council President and Secretary are the members of College Development Council.

Mechanism/Norms and Procedure for democratic/good Governance

The institute has a vision to be a centre of excellence in Education and Technology committed towards socioeconomic advancement of the country. The leadership of SIESGST is through participative management all the way through structured organizational system with the involvement of all the Stakeholders. Various stakeholders of the institute are members of different committees constituted by the institution. To achieve the goals, SIESGST has a well-defined perspective plan involving focus areas and the plan of action and also measures to verify their achievements. The institute has a very active student council catering to the varied student community. For the smooth and quick operation, the institute has implemented e-governance in various areas. Human resource planning including recruitment, performance appraisal and professional development programmes are core activities of SIESGST. Regular feedback from all the stakeholders is taken to form an invaluable input to planning. Proper strategies for mobilization of funds and the optimal utilization of resources are actively undertaken in SIESGST by encouraging faculty members and students.

Student feedback on Institutional Governance/Faculty performance

Regular student feedback on improving quality of teaching learning process as well as Institutional governance are taken twice in a semester for timely corrections. This feedback is analyzed and discussed with concerned faculty in the presence of Head of the Department and Principal.

Grievance Redressal Mechanism for faculty, staff and students

Grievance redressal committee is formed including Principal, HODs' and teacher's representative who looks into the matters related to grievances of staff and students. Suggestion/complaint box is kept near the Principal office/Admin office for the same. Also every student has assigned a mentor. Grievances related to academic and non-academic matters are conveyed through them and Head of Institute oversees both the above processes.

The Institute has formed all statutory committees like Anti Ragging Committee, Internal Complaint Committee to help students and staff.

Innovation cell:

The Centre for Innovation Incubation & Entrepreneurship Development (CIIED) is the expansion of Entrepreneurship Development Cell (EDC) established in the year 2010. The CIIED supports

students to become an entrepreneur and also helps them to set up their startups in the Institute by providing them with necessary infra structure and support.

The CIIED aims to provide a healthy ecosystem to impart knowledge and foster innovation for creation of young entrepreneurs. CIIED supports the young Incubatee to endorse innovative ideas to become a successful startup. CIIED also acts as a facility provider for Incubatee to get best Infrastructure, Intellectual Property Rights (IPR), Mentoring and Technical support, Product Development etc. and also to nurture and develop entrepreneurial skills.

CIIED provides a platform for entrepreneurial opportunities for students, faculty members and researchers.

Institute has a very active student council and various professional bodies through which it conducts Sports, Cultural and Technical Events at College, University and National Level. Students are also encouraged to participate in various events at University, State, National and International Level.

Facilities for indoor sports such as table tennis, chess and carom have been provided with easy access to students and allow the college to host intercollegiate competitions for these sports. A basketball hoop is situated on campus and basketballs are available for students to play in their free time, and practice for intercollegiate and university competitions. The necessary cage and other equipment to play “Cage Football” and “Cage Cricket” is also available, and is set up in the ample quadrangle space whenever matches for the same are scheduled by the sports team. Students can also play badminton in their spare time for which the rackets and shuttlecocks are readily available. The college takes necessary permissions from nearby schools that enable students to use the school grounds after hours to play sports such as football and cricket. Under the sports festival organized by the college, multiple intercollegiate events are organized and the necessary facilities are made available to accommodate the participants. Grounds from

across the city are rented as required by the sports team of the student council and all necessary amenities are provided for the same

Internal Continuous

Evaluation system and place

The Institute meticulously plans Continuous Internal Evaluation process in every academic semester. The syllabus scheme of University of Mumbai reflects the continuous assessment in different heads of passing like term work, internal assessment, project work, practical and oral etc. The institute dynamically reforms certain aspects of the Continuous Internal Evaluation based on the heads of passing. Depending on the course, tutorials/practicals, assignments or both are conducted at regular intervals and evaluated.

Students' assessment of Faculty, system in place

In every semester students' feedback is taken twice for every course and faculty associated with their class/ course. This feedback is analyzed and discussed with concerned faculty in the presence of Head of the Department and Principal.

Industry Linkage	<p>SIES GST has active Industry Institute Interaction Cell (III Cell) functioning since 2017. The function of the Cell is to promote closer interaction between the academia and industry. The cell provides bridging the gap between real world requirements of the industry and students passing out from institute. Industrial exposure of Faculty is very much helpful to guide students about latest industrial practices. Industries are able to know recent developments and inventions in their fields and implement projects for technologically driven economy.</p>		
MoU with Industries (Min. 3)	<p>At present SIESGST is having 22 MoU signed with different industries. Industries are from various domain globally like Microsoft ATS, IoT Pro Bangalore, Indian Biodiesel Corporation, Esco</p>

20. Best Practices adopted, if any

SIESGST has adopted environment-friendly policies on Green Practices and Solid Waste management. Production of manure is done from the Institute owned & operated compost pits for biodegradable waste. E-waste generated in the institute are collected and dispensed through an external agency. Institutional values are regularly disseminated to all stakeholders through Institutional website, notice boards, Institutional events and Google Apps.

innovative practice followed by SIESGST is the Mentor-Mentee scheme to identify the strengths and weaknesses of every student at entry level. The mentor assigned to every batch of 20 to 25 students strives to understand students' academic and personal problems and also identifies those in need of extra academic coaching or personal counseling. The mentor thus guides every student on regular basis for improving their academic performance as well as their personal lives.

Best Practices in SIESGST involves early adoption of Google Apps for Education for collaboration and communication among all the stakeholders and design, development and use of Faculty Handbook for efficient and effective education planning & delivery.
