Visit of BARC and ISRO Space Exhibition

Event Information

Event Type: Visit of Technical Exhibition and Interaction with Industry Experts

Event Title: BARC and ISRO space exhibition

Resource Persons: Dr. Faruk Kazi, Dean R&D, VJTI and Scientists from BARC and ISRO

Event Date: 24-02-2023

Organized for: General public

Organized by: BARC, ISRO and VJTI

Attendance: 12

Impact Analysis: The visit to the exhibitions was overall very informative as the students got to learn about the various technologies in the space industry. They got to learn about the launch vehicles and satellite models, the components of a Humanoid Robot, etc. The interaction with scientists and engineers from ISRO helped students gain more knowledge and develop interest in the field.
