

## Department of Electronics and Telecommunication Engineering

### Visit of Research Lab at VJTI

#### Event Information

**Event Type:** Visit of Research lab and interaction with Dean R&D

**Event Title:** Research Lab Visit at VJTI

**Resource Persons:** Dr. Faruk Kazi, Dean R&D, VJTI

**Event Date:** 24-02-2023

**Organized for:** SIESGST students

**Organized by:** IEEE SIESGST SB

**Attendance:** 12

**Impact Analysis:** The lab provides young and talented engineers to work on various industries supported projects, which have aspirations for a career in research and development. The Centre also provides a good opportunity to work on challenging research problems with its academic and industry partners. The aim of the lab is to focus on innovation of edge technologies and helping the students on analysis of problems and think about better solutions.
