Event Description

A guest lecture was conducted for the Third year students of EXTC department on February 15th, 2023 at 01:30pm on " LINUX AND ITS APPLICATIONS IN INDUSTRY ".

Mr. Gaurav Shikhare of Capgemini conducted the guest lecture where he covered the topic "Linux Operating System" for TE – EXTC students. The lecture started, by him giving an introduction of the on-going technology and discussed some of the drawbacks of previous technologies.

He gave a brief idea about operating system, Linux, and its uses in industry. He also explained how to build the project in the industry as per the need of client using Linux OS.

As the time progressed, the students were introduced with the advantages of each and every tool of Linux and how these tools are able to overcome the drawbacks of Linux were discussed in depth. The servers which are used for different applications has been discussed widely. He also covered how our Database is connected to the servers. He gave a brief idea to the students about bugs in the industry and how they want to overcome it in future.

Towards the end, Mr. Gaurav Shikhare explained about the ongoing demand of Linux in industry and how one should be smart enough to secure place in this current job marathon. The session was much interactive, speaker was well connected with the students and shared useful information for the students who are in the urge to join the industry soon.
