TML Edition...

Tatva Moksh Lakshya (TML) is the Annual Cultural Festival of SIES GST which is conducted annually for 14 years. It is described as one of Navi Mumbai's most looked upon collegiate events. Unlike Cognition, the technical festival, TML focuses only on the cultural aspects and sports. It is described as one of Navi Mumbai's most looked upon collegiate events. The fest is a projection of the creativity, hard work and splendid talents of the students. This year TML will be conducted on March 31 and April 1-2022. After two years of lockdown, this will be the first offline event of SIES Graduate School of Technology. TML'22 will be a starting line of a new journey for all the students, Life after Pandemic.

What remains to be seen is the difference we'll observe as students. A lot of people are the backbone of this festival and although, in theory it seems like conducting something offline would be easy, it is, on the contrary, a massive task. From keeping check on the technical aspects to making sure the event is conducted smoothly and according to the flow decided, one has to keep tabs on everything. Let's attend the festival in huge numbers and appreciate the hardwork of those involved! GO TML!

Presenting to you - the theme of
TML 2022

"Scene-verse"

An opportunity to be in a universe of stories which have come to life only on screen. TML this year, promises to take you to a world where you can be a part of all those imaginary tales you've wished to be in.
