

# GAZETTE

TML - Tatva Moksh Lakshya is the annual cultural fest of SIES GST. Unlike Cognition, the technical festival, TML focuses only on the cultural aspects and sports. Every year it is held in the college tentatively in the month of march but due to the restrictions this year, it had to be pushed back. Conducting TML on an online platform is going to pose a challenge, without a doubt. But with enough perseverance from the teams and the student council, the festival is almost upon us. What remains to be seen is the difference we'll observe as students. A lot of people are the backbone of this festival and although, in theory it seems like conducting something online would be easy, it is, on the contrary, a very challenging task. From keeping check on the technical aspects to making sure the event is conducted smoothly and according to the flow decided, one has to keep tabs on everything.

Let us attend the festival in huge numbers and appreciate the hardwork of those involved. The success of any event lies in the support it receives from the audience it was aimed for. Make sure to enjoy yourself and keep special tabs on any teams you plan to join in the future. As we've proudly proclaimed before, lockdown or no lockdown - nothing can stop the student council from conducting a grand show here at SIES GST!

Presenting to you - the theme of TML 2021 -

## “Mask-Cape”

Trace all the superpowers one cape at a time in our Annual Cultural Fest!

Tatva Moksh Laksh, elegantly masked this year, waiting like a ballet of swan about to burst into a flight virtually inside your windows on 14th and 15th May 2021!

**It is that time,  
When we all smile again,  
Though we are all home,  
It'll still take your pain,  
It is all online,  
Just like icing on the cake,  
You have been stressed,  
You deserve a break,  
It is not too far,  
It'll soon ring your bell,  
Don't keep calm,  
Cause its TML!!**
