

TREE PLANTATION DRIVE: 27/08/2019-30/08/2019

As the name suggests, all the NSS volunteers along with the FEs of SIES GST participated in an activity which aimed at creating a better environment by planting trees. Through this activity, the volunteers and the FEs along with some faculty members took their time off after the college hours and planted various saplings in the college premises. The event was conducted for 4 good days, making management of students and time. The students were made to dig the ground, good enough, for planting the sapling and then in a group they indulged in tree plantation procedure. The programme not only instilled awareness towards mother nature in students but also proved a good ground for bonding and communicating with each other.

Total no. Of units	Name of the activity	Total students participated.	No. of teachers/others participated	Total no. of participants.
