SPORTS TEAM OF SIES GST

SPORTS REPORT 2021-2022

SPORTS TEAM

The Sports team of SIES GST is a team of sports enthusiast who come up with innovative and efficient ideas to conduct events related to sports. Along with taking care of sports activities, the team manages events that are conducted in our college fests namely Cognition and LAKSHYA in TML. The sports team acts as a bridge between students and all the inter-collegiate sports events. At SIES GST, the sports team nurtures growth of various teams from Kabaddi, Table Tennis, Carrom to Cricket, Football, Volleyball Basketball etc.

- **AUCTION**

This is the event in which a proper auction for cricket and football takes place. Team managers are there who bid for each and every player on a particular budget. After the auction, a competition between the teams is conducted and a winner is declared at the end.

- **2FIT2QUIT SEASON 2.0**

The sports team kept sporting spirits of all students active by conducting online fitness challenges. The challenge was to perform a set of workout exercises in a given set of time. This year 2FIT2QUIT Season 2.20 was being organised. As per the exercise, points were allotted to the individual. The participant with maximum points emerged as the winner of that challenge. This contest was open for all students along with alumnae.

The team conducted 2 Seasons of the Event successfully such that it motivated the participants to push themselves and not limit themselves due to this pandemic crisis. It made the participants realize that fitness doesn't only pertain to going to gym and lifting heavy weights but instead, is a process where in discipline and consistency are the most essential aspects.

- **BEHIND THE SPORT(BTS)**

Behind The Sport was basically a series of interview of well-known athletes from our college. The athletes shared their thoughts about the sports they play and answered to few questions. They also discussed their sports journey till now

- **IPL FANTASY LEAGUE**

The fantasy league is an event which demands the participant to create a team of his/her choice and based on the way the players play in the actual match, points are given to the teams that have that particular player. This is an event which takes place alongside the actual IPL matches and hence we make sure that every participant is keeping track of their team for roughly 2 months. The winners are declared at the end of the tournament.
