The festival of ideas began with Dr. Kanan Chikal, who shared ways and means to improve upon the five basic quotients that define one's personality and character. This engaging talk was succeeded by an insight into *RiiDL* - a cornerstone of Mumbai's entrepreneurship and engineering community, by Chief Innovations Catalyst, Gaurang Shetty. The audience was then introduced to Anita Shirodkar, an author and former design and advertising professional, who entered the corporate world at the tender age of 18, having completed her education in her early teen years. TV and online content consumers were then delighted to meet Yash Patnaik, whose work in Indian Television had many fans in the audience. He encouraged the audience to not fear the art of storytelling, and to get out there and write their own. The conference halls echoed with laughter as the next speaker, Santosh Avvannavar delivered a comedic talk on tips and tricks to great communication. The conference concluded with Amruta Pendse, who shared 7 ways to manage a Quarter Life crisis and live life in the process. STREET PLAY DAY 3

The NSS volunteers of SIES GST conducted two street plays on the 28th of September 2017 as an activity for the NSS week. A rally was carried out in the college campus to attract the attention of the crowd. The social issues covered by the plays were dignity of labour, ragging and drug abuse. A sweeper's perspective was portrayed to depict how people were mistreated based on their occupation. The ill effects of drug use were shown with the help of characters who were addicted to drugs and how it changed their lives for the worse. Ragging which has become a major issue in today's college environment was addressed and the steps to prevent it were discussed. These social issues are a stigma in today's society and such street plays are used as a medium to induce awareness regarding them in the masses.

Filtration of Compost generated in SIES Campus on 09/09/17

The NSS volunteers of SIES GST are responsible for the inauguration and the maintenance of the Compost pit in the college. From time to time the compost needs to be processed to be sold in the markets. The volunteers thus gathered on the 9th of September 2017 to do the same. Unprocessed compost was brought in sacks and spread out on the floor. The volunteers were divided into groups and were told to crush the mixture to obtain a much finer product. A 'filtered' version of the compost was also prepared which included passing the compost through a filter. This reduced the coarse particles into a much finer powdered mixture and can be sold at a slightly higher price. The processed compost was packed in newspaper bags and will be used for Campus beautification/ gardening or sold at nominal price to interested buyers who wish to increase the fertility of the soil.

Tree Plantation @ Shantivan Ashram, Panvel on 15/07/17

The NSS volunteers of SIES GST took part in a tree plantation drive on 15th July 2017 at Shantivan Ashram, Panvel. The ashram had a nursery which sold varieties of saplings and they were generous enough to donate 52 saplings for us to plant in the locality. The saplings were then planted by every volunteer to a nearby location overlooking a river. The people from the ashram and the localities guided them to plant the saplings in the pouring rain. It was a memorable experience and gave each one a sense of achievement for having positively contributed to the environment.
