Sector- V, Nerul, Navi Mumbai-400706

Event Description

The volunteers of NSS conducted a virtual yoga session on the occasion of International Yoga Day which is celebrated every year on 21/06/2021 to make people aware about the benefits of yoga.

The volunteers publicized for this event by making posters, videos, audio, and messages and shared it in various social media platforms.

The publicity was done for 4 days:

17th June: - Publicity video 1

18th June: - Myths and Facts about yoga

19th June: - Publicity video 2

20th June: - Q&A on asanas and their benefits

The volunteers presented a PPT on importance of yoga along with a prayer. Then there was a demonstration of asanas namely Surya namaskar, Pawanmuktasana, Markatasana, Naukasan, Setu bandha sarvangasan, Badhakonasana, Mandukasana and pranayama which were Om chanting, Bhastrika, Kapalbhata, Agnisar, Jalandhar bandh, Anulom vilom, Bhramari, with Shavasana in the end.

On 21st June, this activity was held online on Microsoft Teams due to the COVID-19 pandemic. This was a great opportunity given to us to spread knowledge about how yoga embodies the mind and body. This is very important especially during this pandemic where people cannot go to gyms or their regular places to maintain their fitness.

Time for activity was 8 AM to 9 AM

The Mind Diary: MAKE AGEING GRACEFUL!

Kama Wilecha

Ageing is a natural and unavoidable process. No intervention can slow or reverse the ageing process in human beings. Ageing reflects all the changes that take place during the course of life. These changes actually start from the birth itself. For the youngsters, ageing is exciting. During the middle age people start noticing and feeling the age related changes like greying of hair, noticeable decline in energy levels. Even the

can slow down and try to age gracefully. Generally people develop a mental block related to ageing which pulls them back from leading a happy life.

There are several unbeliefs related to ageing. A couple of them are:

Ageing includes a mandatory decline in health.

Fact: There are definitely certain diseases that become more common with age. However, getting older does in no way mean that a person will necessarily suffer poor health.

brain sharp.

There are ways in which one can try to make ageing happy, positive and graceful.

Accept the change and learn to cope with it.

As you will age, there will be phases of both happiness and stress. It's important to be flexible and find healthy ways to cope with challenges. This ability will help you to make the most of the good times and to keep your spirits high when in the tough times. Express your emotions. Burying them can lead to anger, resentment and depression.

Socialise and stay connected.

NSS unit of SIES Graduate School of Technology pledges to plant trees

The NSS Unit of SIES Graduate School of Technology, Nerul planted about 50 saplings in Nerul and began their tree plantation drive with a pledge to plant trees and make the surroundings greener. About 40 students took part in the plantation drive which was held in Sanjay Vallabh Patel Udyan, Nerul.

"The most impor-

tant aspect of this drive was to maintain social distancing during the activity. Since the garden is very big and with permission from respected Ward officer, we conducted the plantation at this location," said one of the volunteers.

NSS Unit's program officer, Prof. Mahesh Bhadur said, "It is important to instill

these values in our students from the beginning. This is a small step in fulfilling our duties towards the society. We plan to undertake more small-scale plantation drives by following Covid protocols."

The NSS volunteers have also appealed to the general public to plant more saplings and make their area and city greener.

Impact analysis: The main motive of this drive was to spread awareness about the importance of planting more trees and encourage people around us to actively do the same. Also, to make everyone realize that tree plantation is now an urgent need of the hour to protect our environment from all the hazardous pollutants, climatic changes and global warming.

Even during this pandemic situation, young volunteers coming together for this cause motivated their peers and people who witnessed the drive. The volunteers who weren't able to participate offline made their contribution by planting seeds at their home collectively through an online activity which in addition increased the enthusiasm among the volunteers. Along with our diligent greening efforts, we strive to inspire our youth and motivate them to actively participate in more such environment protecting activities to build a better place to live in.

Event Description

The volunteers of NSS celebrated 75th Independence Day on 15th August 2021 as every year, to awaken the spirit of patriotism amongst everyone. The event was conducted in online mode using Microsoft Teams.

- The event started sharp at 09.30 AM.
- The celebration started with flag hoisting and our national anthem.
- This was followed by the speech of our principal - Dr. Atul Kemkar.
- Subsequently, the singing and dance performance of our volunteers was displayed.
- Then, a short film created by the volunteers was premiered aimed to portray the meaning of true patriotism and glorify the unsung heroes of our nation.
- We finally concluded the celebration with the reviews of our NSS Program Officer - Mahesh Biradar and other teachers present in the meeting.

Impact analysis:

On this Independence Day the sacrifices of our valiant freedom fighters who stood up against the colonizers and even suffered harsh consequences unflinchingly were remembered, so that the present and later generations could breathe in free air. In this, the volunteers of NSS unit performed a short film consisting of dance, skit, monologue and sang few patriotic songs. The main motive of this performance was to spread awareness about true patriotism. The short film depicted the deprecating elements of our society using topics like acid attack, hypocrisy of our leaders and corruption in education system. This was followed by glorification of all the frontline warriors and braves who work day in and day out for the betterment of our nation.

Through this event it was made sure that each person who attended the celebration got a sense of patriotic feeling to free our country from all the evils and make our country independent in all aspects.

Impact Analysis:

The main purpose behind conducting this activity was to appreciate the daily workers on the occasion of NSS Foundation Day. This activity showcased the sense of responsibility towards a clean environment and also set an example to be considerate towards the non-teaching staff as well as to be kind towards everyone.

Even in this pandemic situation volunteers came together and took this initiative that encouraged their peers to participate in such activity. Through such activities we strive to motivate our society to indulge more and more in such social welfare activities for the betterment of the society and youth.

Event Description

The volunteers of NSS celebrated Gandhi Jayanti and Lal Bahadur Shastri Jayanti day on 2nd October, 2021 as every year .The event was conducted in online mode via Microsoft teams.

The celebration started sharp at 09.30 AM by lighting the lamp to mark the birth anniversary of Mahatma Gandhi and Lal Bahadur Shastri. Our volunteers gave a hindi speech on Lal Bahadur Shastri Ji and a poem followed by an english speech and a song dedicated to him. Subsequently, the program continued with Mahatma Gandhiji's english speech then a poem and a hindi speech which was followed by a song .

At the end of the program all the participants were asked to take Swachh Bharat oath to encourage to spread the crusade of cleanliness and to contribute towards the betterment of our nation and ended the program with Vande Mataram.

We finally concluded the celebration with the reviews of our NSS Program Officer - Mahesh Biradar and other teachers present in the meeting.

Impact Analysis:

The main purpose of celebrating the day was to imbibe the true meaning of the day and follow glorious trails of the noble soul towards evolving a peaceful and prosperous world. Inspired by Gandhian and Lal Bahadur Shastri's values and thoughts, all students strive to become responsible citizens.

Through such celebrations we promote the teachings of the great leaders to resolve current conflicts, avoid violence, and find a peaceful solution to every small or big problem to make this world a better place to live in.

WDC SIESGST conducted a seminar on October 14th, 2021 at 4pm on virtual grounds via the Microsoft Teams App.

The speakers for the seminar were-

Shruthi: A SIES GST computer science alumna from the 2017 batch, Shruthi took a huge leap of faith to the social sector after her graduation. She is the Fellowship Lead at The Gender Lab, where she empowers young women to go through an immersive leadership journey. She is passionate about social change and designing intersectional feminist spaces. In her free time, she often reads books. She's into writing and playing sports.

Aniket: Engineer and a post graduate in Mathematics by degree, Aniket deviated from the expected course of career. Co-leading the Redefining Masculinity vertical at The Gender Lab, he is on a journey of unlearning and learning gender and what it means to be a man. Apart from critically questioning gender norms, Aniket also loves to listen to all sorts of music and is not half bad on a piano.

Their work with the Gender Lab is empowering adolescent girls in schools with 21st century skills to become changemakers in their community and break gender stereotypes they live in. We deliver this through a fellowship of young women from across India who have themselves battled gender bias growing up. They mentor these girls through 10 months and in turn build leadership and self awareness.

Through this work, we also realized the need of engaging adolescent boys as allies. We create a safe space for them in schools to build awareness around gender, redefine masculinity and engage them in community action.

The seminar commenced with her explaining about the idea of empowerment. Further they explained how a lot of board toppers are girls but that does not reflect in the job market and this is due to cultural expectations of women as homemakers and extreme intra-household inequalities. Then they explained what feminization of poverty is, how women perform 66% of the work but only earn 10% of the income. Further she told the audience how the pandemic has disrupted women's lives with an increase in the number of domestic violence cases.

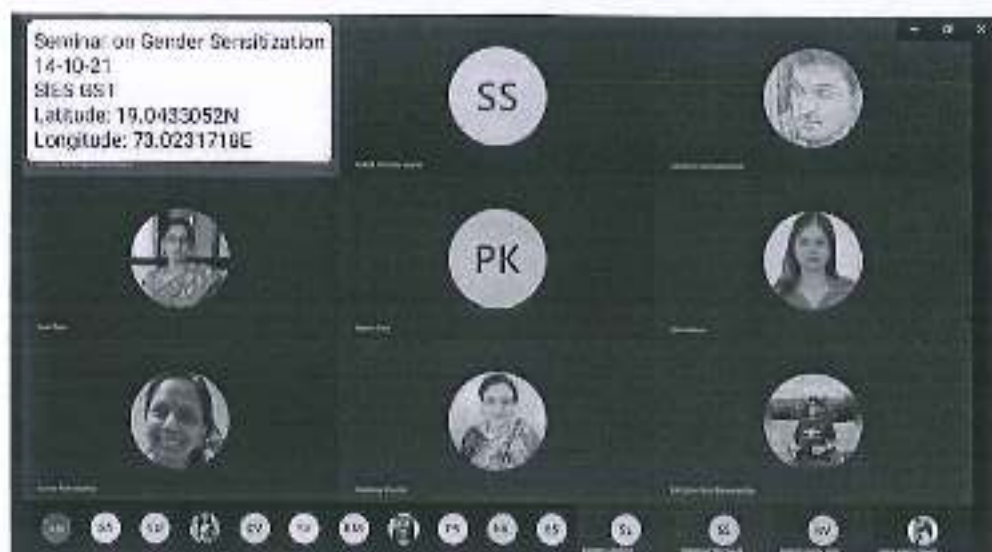

Am

Sri Chandrababu Naidu
Sector-7, Indirapuram, Ghaziabad

Towards the end, they explained what can be done to recognize the problems faced, create awareness about these problems and participate fully in the cause. The seminar ended with an interactive question and answer session.

Event Descriptions

The volunteers of NSS organized a blood donation camp on 20th November 2021 as another step towards contributing towards the betterment of the society in collaboration with Lions Club and Sion Blood Bank.

The offline Blood Donation Drive was conducted at the seminar hall of SIES Graduate School Of Technology on 20th November 2021 from 10:00 to 4:00 pm. A team of doctors and nurses came from the Sion blood bank to collect the blood. The donors were given bananas ,coffee and biscuits as refreshment snacks. All the donors were awarded with a certificate and a donor's badge for showing their efforts and contributing towards the noble step in the service of humanity.

The volunteers were divided into different groups for publicity and camp phase arrangements. Total 65 NSS volunteers participated in this offline drive and 20 volunteers contributed their help in the camp through an online medium. After proper requisitive screening of all the voluntary donors , in total 100 donors donated their blood.

Total Volunteers : 85

WDC SIESGST conducted a seminar on October 14th, 2021 at 4pm on virtual grounds via the Microsoft Teams App.

The trainers for the Workshop were from Close Combat Academy, it is a training center committed to promoting Self-Defense, Martial Arts, Fitness and Adventure. Founded in the year 2015. Owned by an outstanding sports person Mr. Rohit Mishra. They have trained more than 7500 students till 2019 in school, colleges, NSS-NCC camps and military school.

1) Sempai Rohit K Mishra

He has More than 10 years of experience in teaching Self-Defense. Training in 18 Military schools. Conducting Seminar in WDC and NSS camps.

2) Sempai Saurabh Patade

He has more than 7 years of experience in teaching Self-Defense. He has also trained in 18 Military schools. Currently he is a Senior Instructor of Shisho Kai KarateDo International in Maharashtra State.

4) Nikita Gaurishankar Badgu

She is a trainer at Close Combat Academy, Mumbai and is working as CCC (Child Contact Center) for the post of CCO (Child line Contact Officer). She has taken sessions in NSS camps.

3) Mr Saurabh Vijay Shinde

He is also a trainer at Close Combat Academy, Mumbai and is Associated with YASHE FOUNDATION on health hygiene and disaster preparedness program under the project Step-Towards Safety.

The mission of this workshop was to create awareness and spread the significance of fitness, sports and adventures among each and every individual. Training self-defense to each and every individual so that girls could fight back against any unusual activities as well as to improve their fitness and boys could protect themselves and inculcate discipline amongst them.

Self-Defense is an art of protecting ourselves from any danger. This workshop played a major role in spreading the importance of self-defense to each and every student and faculty. Self-Defense is a contribution of every martial art and is very effective when applied on the enemy.

The workshop commenced with them explaining about the importance of selfdefense. The well trained trainers were there and their techniques are very effective in achieving the best results. Their Self-Defense training included- 1. Warm-ups

2. Stretching Exercise
3. Kicks
4. Punches
5. Self-Defense Techniques
6. Locks and breaks
7. Keeping yourself safe using household or surrounding things E.g. Keys, pens, hairpins, bags, etc.

Towards the end, they explained what can be done to recognize the problems faced, create awareness about these problems and participate fully in the cause. The seminar ended with an interactive question and answer session.

Event Description

The Literary Team had planned a variety of activities for the FE Induction programme. The Team began the session by introducing all the events like MUN, LFPA, Baatcheet, Halloween, Scribblings, Cosplay etc. They were also introduced to our Editorial team, Samanvay-our annual college magazine and Gazettes designed, edited and curated by the Literary Team. The coordinators and the heads of the Literary Team were also introduced to them in the beginning of the session.

As an interactive icebreaker, the team played games with the FEs like Guess the movie from the emojis and guess the actual dialogue from its English translation. The FEs had a lot of fun and enjoyed revising their Bollywood trivia.

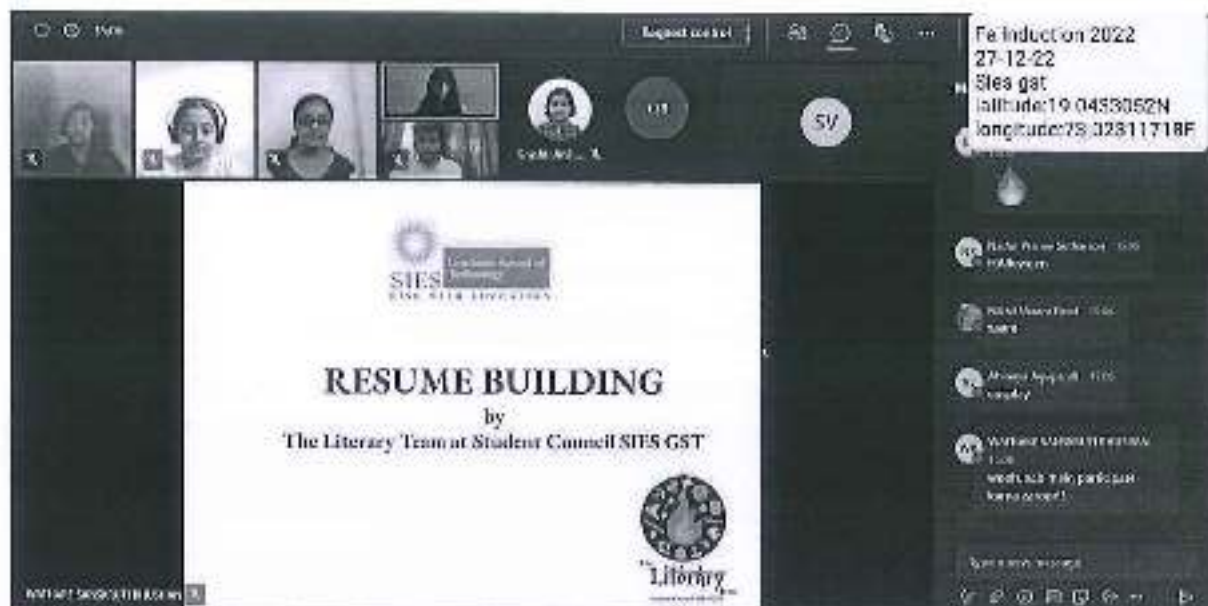

After the fun and intriguing games, it was finally time to help the FEs with their resume building. The team conducted a resume building workshop, explaining in detail about what points need to be included in their resume so that they can express their strengths and weaknesses effectively to the employer. The FEs were taught how to put forward their academic projects, their technical knowledge and extracurricular activities in such a way that it makes an effective resume that will help them stand out from the crowd.

Later, the team solved a few doubts that the FEs had related to the resume building workshop and we asked them to write interesting and fun resumes from the point of view of any thing or character they liked and in the end we also read out some of the interesting one

Plastic Collection Drive

Event Information

Event Type: Area Based Project

Event title: Plastic Collection Drive

Event Date: 22/1/22-26/3/22

Organized for: Volunteers

Organized by: The NSS Unit of SIES GST

Target Audience: College students and civilians

Attachments: 1. Photographs (in JPEG/PNG)
2. Impact analysis

PRINCIPAL
S.I.E.S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarandra Saraswati Vidyapuram
Sector 5, Nerul, Navimumbai-400706

Event Description

We conducted several Plastic Collection Drives in Panvel, Nerul, Vashi and Koparkhairane from 22/1/22 to 26/3/22. We picked up plastic from the road and collected plastic waste from the shops/vendors. During these drives we took all the necessary Covid precautions by using sanitizer, masks and wearing gloves. We handed over the plastic to the Municipal Corporations of the respective area i.e NMMC and TMC, from where they were sent to recycling factories. The amount of plastic collected is as follows:-

Date	Location	Plastic Collected
22/1/22-23/1/22	Panvel	34 kg
13/2/22	Nerul	35 kg
20/2/22-13/3/22	Vashi- Koparkhairane -Nerul	75 kg
26/03/22	Nerul	50 kg
Total		194 kg

We even made plastic collection boxes and have placed them on each floor in our college for the staff and students to put their plastic trash in them.

 Sector-V, Herul, Navi Mumbai-400700

Impact analysis: We spread an awareness among the shopkeepers and vendors that instead of disposing the plastic with the rest of trash they can give the plastic trash to kabadiwallis who in-turn give it to the recycling plants, so that the plastic can be recycled in plants and not left to rot in the dumping ground and affect the environment. The people who walked past us while collecting plastic got inspired and patted our backs for the good deed we were doing and told us to "keep it up". In College, the student and staff started using the boxes that we had placed on each floor for disposing the plastic trash. The collected trash was then sent to municipal corporation who sent it to recycling plants for recycling the plastic waste.

Event Description

The volunteers of NSS celebrated 73th Republic Day on 26th January 2022 as every year, to awaken the spirit of patriotism amongst everyone. The event was conducted in offline mode and online mode using Microsoft Teams.

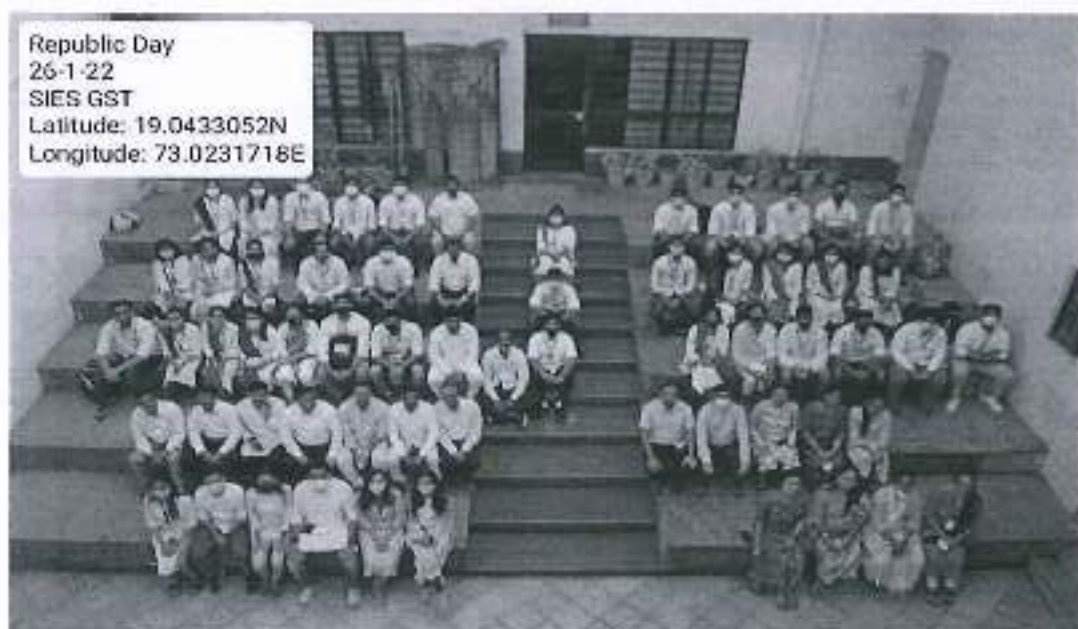

- The event started sharp at 07.45 AM.
- The celebration started with an hour-long Surya Namaskar Session.
- Then at 08.45 AM celebration continued with flag hoisting and our national anthem.
- This was followed by the speech of our principal - Dr. Atul Kemkar.
- Subsequently, two of our volunteers gave speeches on this occasion in both English and Hindi.
- Then, the college was addressed by Chief Guest - Cdr. Pravin Dixit(Retd.)
- The celebration was concluded by our Principal - Dr. Atul Kemkar, NSS Program Officer - Mahesh Biradar and Prof. Pranita Mahajan.

Impact analysis:

On this 73rd Republic Day, the sacrifices of our valiant freedom fighters who stood up to colonizers and even faced harsh consequences unflinchingly were remembered, so that future generations could breathe free air.

The volunteers from the NSS unit participated in this by performing yoga, giving speeches on the freedom fight of India in both English and Hindi, and inviting Retd. Cdr. Pravin Dixit to address the college on this auspicious day. The main motive of this celebration was to spread awareness about true patriotism.

Through this event, it was ensured that each person who attended the celebration felt a patriotic desire to rid our country of all evils and make our country self-sufficient in all aspects.

Sector-V, Nerul, Navi Mumbai-400706

Event date: September 30, 2022 From: 09:30 AM To: 6:00 PM
Organized for: Students from all colleges.
Organized by: IETE Students' Forum and EDC, SIES GST under MHRD initiatives in collaboration with Blue Ribbon Movement
Target audience (branch & nos.): 33 students from different colleges all over Mumbai
Event Description
<p>Ideation'22, an ideathon, was a collaborative event which was organized by the combined efforts of IETE Students' Forum and EDC of SIES Graduate School of Technology. The aim of the competition was to provide a medium for the enthusiasts to generate creative and technically productive ideas to real life problems faced by people in the society.</p> <p>Ideation's prime motto was to give back to society and help solve most of the commonly faced issues with the help of technical ideas, which can then be taken up as first hand projects. The event began after the Inauguration ceremony, in the presence of Principal Dr. Atul Kemkar, HOD IT Dr. K. Lakshmisudha, ISF Coordinator Prof. Leena Ladge, EDC Faculty In-charge Dr. Kaustubh Chavan and students. The event flagged off followed by the Ideation description given by our hosts Shreyas Upadhyay and Sanmitha Shetty.</p> <p>Ideation 22 was organized in collaboration with NGO, Blue Ribbon Movement. The problem statements were given by our NGO partners which are community issues faced in domains such as finance, civic, social issues, crime, gender discrimination and in education sector. The solutions were supposed to fill the gaps that our NGO partners face to implement such ideas.</p> <p>Ideation'22 was conducted under the activities of Institution's Innovation Council (IIC) Ministry of IIR Initiative which was launched with a purpose of systematically fostering the culture of Innovation in all Higher Education Institutions (HEIs) across the country.</p>

 Narayal, Mumbai-400086

Ideation'22 was divided into two major sessions - Brainstorming and Mentoring Session, Idea Presentation and Valedictory Ceremony.

INAUGURATION:

The Inauguration of Ideation'22 began at 11:00 AM with the introduction of our mentors Mr. Venkatesh Rathnam, Mr. Niranjan Tembe and Ms. Akansha Dijendra. They were given gifts during the ceremony and they gave some insights before they started off with the problem statements. At 11:15 AM, the problem statements were mailed to the participants and they were told to just select one topic per group and were given a format for the presentation to be made.

List of Problem Statements:

PROBLEM STATEMENT NO.	PROBLEM STATEMENT	TEAM LEADER'S NAME	COLLEGE
1	Food waste management	Avadhut Mulayc	Smt. Indira Gandhi college of Engineering, Ghansoli
2	Overcrowding of local trains	Rudraksh Lamba	VES polytechnic
3	Importance of financial literacy	Rushikesh Shinde	SIES Graduate School of Technology
4	Transgender Acceptability	Varad Thorat	SIES Graduate School of Technology
5	Manual Scavenging	Kruti Upasani	SIES Graduate School of Technology
6	Electoral Turnout	Shreyash Kadam	SIES Graduate School of Technology

9	Centralized biometric voting system	Sahil Raut	SIES Graduate School of Technology
10	Implementation of vocational electives	Krushik Trapasia	SIES Graduate School of Technology
11	Social Issue	Abhishek Tiwari	Ramrao Adik Institute of Technology

IDEA PRESENTATION:

After the mentoring session, all teams were requested to submit their PPT's at 1:45 PM sharp.

VALEDICTORY FUNCTION:

Judging sessions started at 2pm, each team presented their Idea using a PPT, followed by a Q/A session by the judges. The judging criteria noted the following points - Relevance of the Solution to the problem (5M), Innovative(5M), Feasibility (5M), Affordability (5M), Technicality (5M). Ideation'22 concluded with a valedictory ceremony given by our hosts Shreyas Upadhyay and Sanmitha Shetty. In the end, the judges and our dear teachers gave their beautiful feedback on how the students presented themselves and gave some tips and tricks for their future work.

INFORMATION ABOUT OUR JUDGES:

Mr. Joydeep Mukherjee - Mr. Joydeep Mukherjee is the Technology leader at jio and Digital Transformation strategist. Mr. Joydeep Mukherjee is a Highly credentialed DevSecOps leader with 22+ years global cross functional experience with large multi-national organizations in DevSecOps, Digital Transformation, large scale Agile Project Management, Delivery & Release Management, GST and BFSI domains. He's also a talented mentor who has worked across the

3. Impact Analysis:

Ideation '22 was being conducted for the fifth time in our college after positive responses from the participants and the NGO partner. The participants presented various innovative and creative solutions to the real-life problems in the society. They felt the event was very useful and innovative. The NGOs also explored the different ways in which a social problem could be solved. Through Ideation, the participants were provided an excellent opportunity to innovate and come up with new ideas in adopting them.

Event Description

We collected waste and then segregated it into wet and dry waste. After the segregation we started the manure making process. We recorded the process as reference for others. It was ready within 1 month and manure was used in our college's plants on 23rd March.

Date	Events
4-02-2022	Collection of waste.
5-02-2022	Making of manure.
12-02-2022	Publicity video on waste segregation.
1-03-2022	Post and video on manure making steps.
21-03-2022	Completion of manure making process by unit members.
23-03-2022	Conduction of activity.

Photographs:

Impact analysis: We spread awareness amongst the unit members as well as our friends, teachers and many others by telling them about efficient usage of kitchen waste, plant waste into production of a very good quality manure. We also started a hashtag '#f' trend on Instagram wherein people posted their own manure making videos and photos and supported us.

During our activity even strangers asked us about the manure making process. After knowing the process they appreciated our work and made sure they will also implement it at their homes.

Sector-V, Nerul, Navimumbai-400706

Event Description

The NSS unit of SIES GST conducted Teaching activity in Vashi slums from 12/2/22 to 26/3/22. We taught children who were underprivileged of age 6 to maximum 15 years. During this activity we also took all necessary Covid precautions by using sanitizer, masks and wearing gloves. These activities were held twice in a week (Saturday and Sunday) teaching children basic mathematics, English and also moral ethics and values. Along with teaching part various fun and learning activities were held once in two days. The fun activities include origami, moral and ethics, memory games and physical activities.

Date	Syllabus covered week wise	Activity
12/2/22-20/2/22	Tables, counting numbers and alphabets	Origami
16/2/22-5/3/22	Tables, basic math operations and spellings	Moral ethics
13/3/22-20/3/22	Naming body parts and animal kingdom	Physical activity
19/3/22-27/3/22	Naming weeks and years	Hand prints with paints

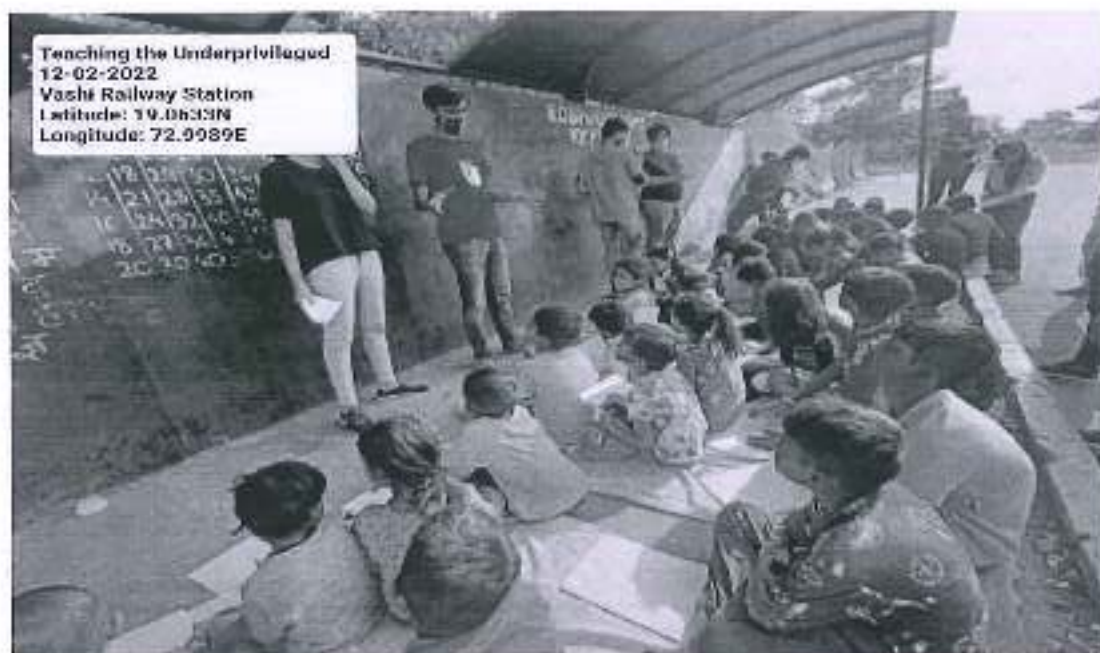

On the last day of the activity, we took a survey of children not going schools and writing down their names and contact number also giving them information about free admissions schools. We took their thumb prints as a memory on the last day of the activity.

Impact analysis: We created awareness by teaching the underprivileged who doesn't have privilege of education. It will help those students to improve themselves and learn new things and find good opportunities. Also teaching them moral ethics so that they become a responsible being and lead the respectable life in the society with their head high. Education is rights and must, so this activity includes creating awareness about importance of education to the underprivilege.

Event Descriptions

As NSS volunteers our mission is to address the problems of hunger among the needy and homeless. So the volunteers of the NSS Unit of SIES GST conducted Food Donation drives at Vashi, Nerul and Thane from the 12th of February 2022 to the 25th of March 2022. We raised the funds for the same by collecting and selling scrap (Raddi) and providing reviews to bakeries. We decided upon donating Khichdi to the homeless and needy since it is considered a whole meal. During these drives all the necessary covid precautions were taken, by using sanitizer and by wearing masks and gloves.

Impact Analysis:

The first and foremost benefit of this donation is to help the needy people. We are coming together to provide the most essential and basic thing to survive, that is, food. By doing this, we are supporting our locals and providing nutritious food to the ones who need them the most. Our aim for this activity was to spread awareness among people to donate food at an individual level. As we come to the end of our activity, we hope we inspire the masses to donate food to the needy and homeless and create a sense of community among one another.

Event Descriptions

We conducted Cloth donation drive in different locations Airoli, Nerul, and Turbhe from 13th february 2022 to 26th March 2022. We first started collection of clothes with our main aim to help needy, for that we made online posters and videos to get good amount of clothes .

We also made a cloth donation box and placed it near office ground floor so that students and teachers could donate their clothes .

The total amount of clothes distributed in all the 3 drives are as follows:

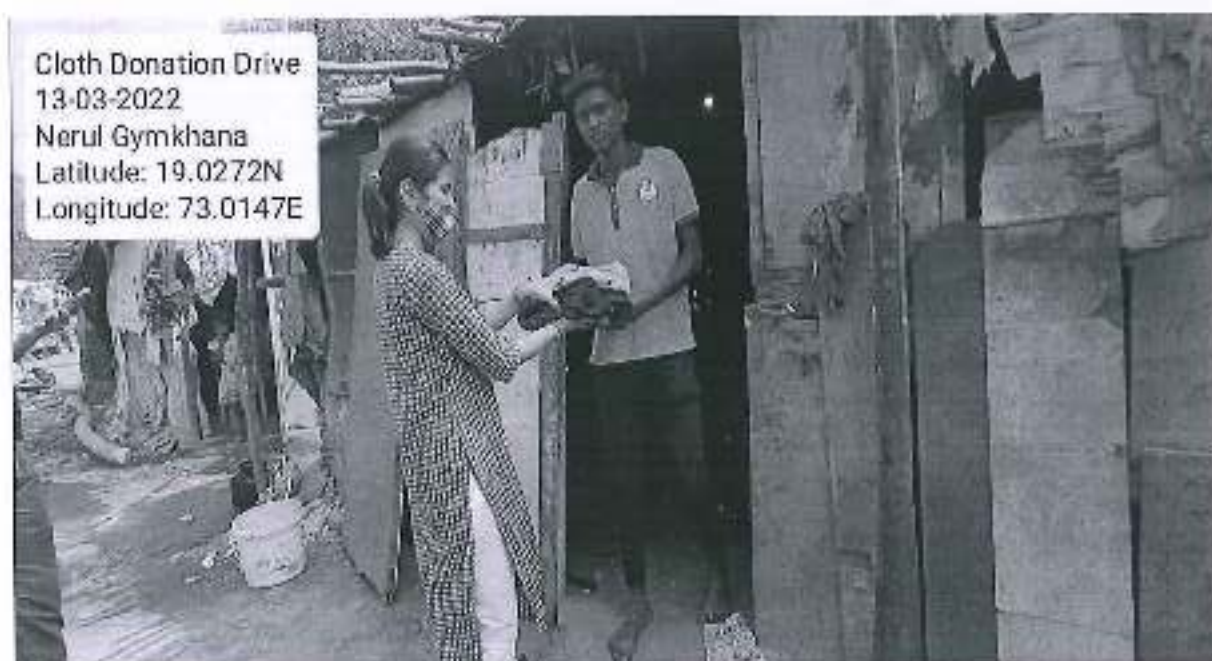

DATE	LOCATION	TOTAL CLOTHES DISTRIBUTED
13/2/22	Airoli	312
20/3/22	Turbhe	353

Impact Analysis: Clothes, one of the basic necessity of everyone's life but sadly this has become the saddest part that almost 1.1 million tonnes of clothes is dumped into the dumping ground. Imagine if those clothes were on someone's body protecting them for all the harsh weather rather lying on a dumping ground. Keeping this in mind, We The Unit of NSS of SIES GST conducted 3 cloth donation drives which brought warmth as well a big smile on the faces of the poor. Seeing us it did create a impact on others about what a single gesture of kindness can do. Cloth donation was one of the way through which we uplift the society.

Sector-V, Nerul, Navimumbai-400706

Event Description

WDC SIESGST conducted a seminar on February 17th, 2022 at 4:30pm on virtual grounds via the Microsoft Teams App.

The speakers for the seminar were-

Nilofar Sait is a psychotherapist and certified practitioner of MBTI and 16PF Asia Pacific region. As a trained counselor for over fifteen years in the corporate field, she has worked with many employees and families. Her innate understanding of human behavior has enabled her to successfully identify and address a variety of workplace concerns in the Indian socio-cultural context. Her areas of expertise are selfdevelopment, anxiety, stress and work behavior. Nilofar heads strategy at Ambrosian Resources and has served in various capacities on internal POSH Committees across organizations.

Malini Shah is a practicing psychotherapist and behavioral trainer with over two decades of experience in the field of training and counseling. A certified presenter from Delta College, Michigan and Facilitator from Zenger Miller Singapore, Malini has a vast experience of counseling across diverse age groups for emotional, behavioral and adjustment concerns. Malini is a senior counselor with Ambrosian Resources and serves as an independent POSH representative on various corporate committees.

The POSH Act, as mandatory compliance, requires every company having more than ten employees to constitute an Internal Complaints Committee (ICC) in the prescribed manner to receive and address the complaints of any sort of sexual harassment from women in a time-bound and extremely confidential manner. This is not all of it to know more, join the session with the link given below. A few minutes of your day and you will get to know more precisely about equal opportunities at work.

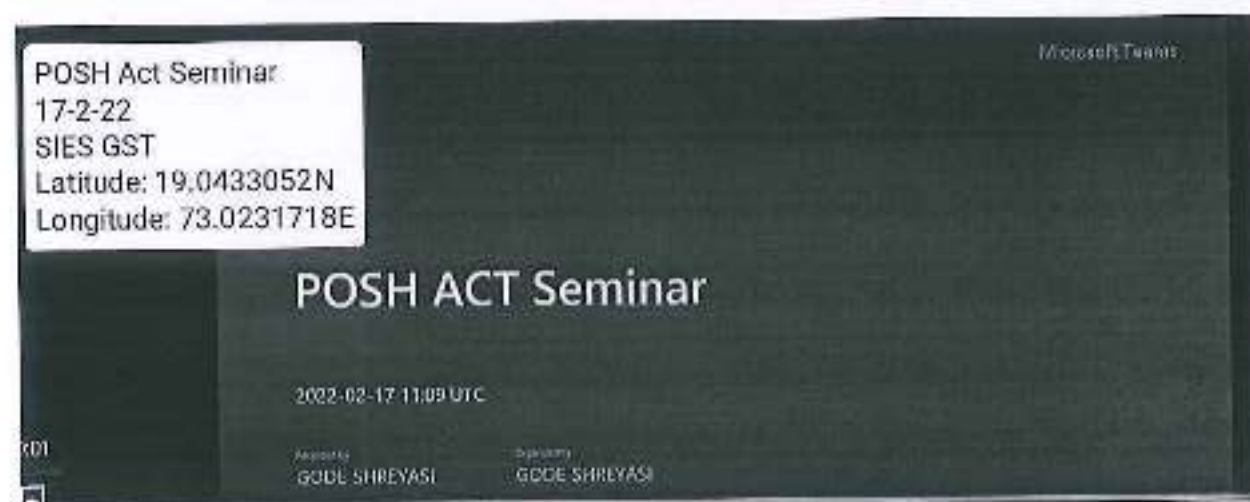

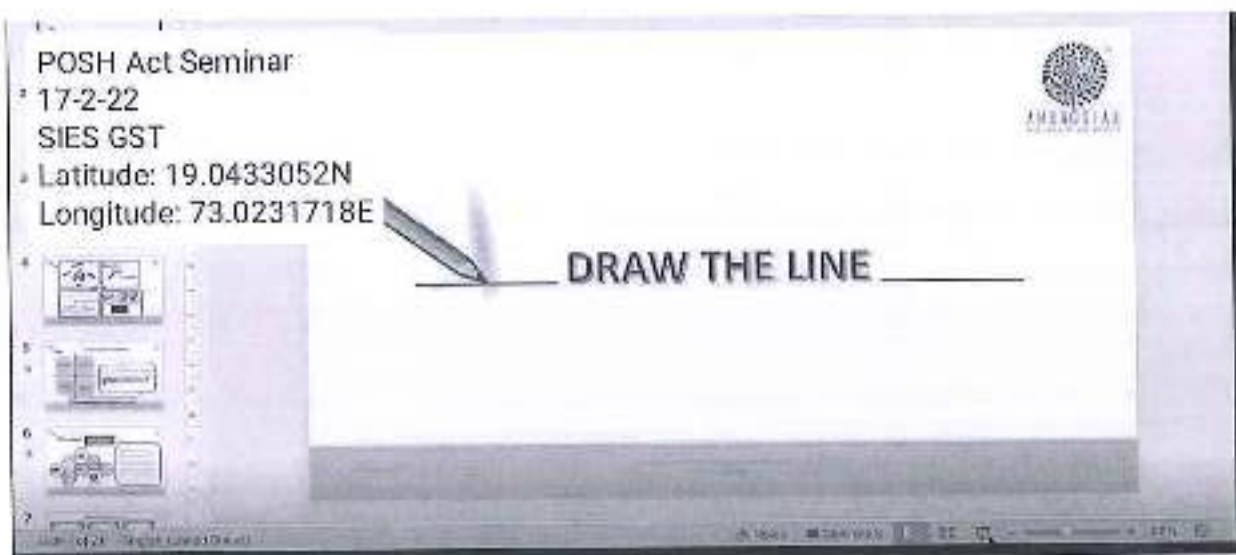

The seminar commenced with the explanation about Gender roles and stereotypes, they also explained about the changes in the work world, fears and challenges faced by the individuals. They gave us insights about the POSH Act, and told us about the

Event Descriptions

The volunteers of NSS celebrated Shivaji Maharaj Jayanthi on 19th february 2022,as every year. The event was conducted in offline mode in the SIES GST campus.

The celebration started sharp at 9:00am by lightening the lamp to mark the birth anniversary of Chhatrapthi Shivaji Maharaj. The event started with Shivgarjana by one of our volunteers and was followed by speeches in hindi as well as marathi enlightening his great ruling and dedication towards swaraj.

At the end of the program the volunteers discussed Shivaji Maharaj's learnings and each one who participated made a note of the things discussed and made sure that they followed which would increase the value of their life.

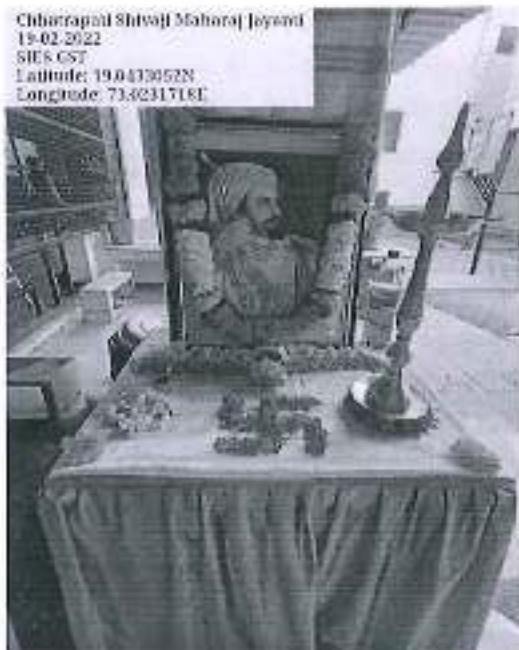

Total Volunteers : 58

WDC SIESGST conducted a seminar on March 8th, 2022 at 3:30pm on virtual grounds via the Microsoft Teams App.

The speakers for the seminar were-

DIETICIAN VIJAYA SHETH

She is a **Clinical and Research Dietician, Nutritionist, Food Technologist & a Nutrigenomic Consultant.**

A blend of M.Sc. in Dietetics & Food Service Management & a B.Sc. In Food Technology are her academic qualifications.

Stress management is a wide spectrum of techniques and psychotherapies aimed at controlling a person's level of stress, especially chronic stress, usually for the purpose of and for the motive of improving everyday functioning. Stress produces numerous physical and mental symptoms which vary according to each individual's situational factors. These can include a decline in physical health, such as headaches, chest pain, fatigue, and sleep problems, as well as depression. The process of stress management is named as one of the keys to a happy and successful life in modern society. Life often delivers numerous demands that can be difficult to handle, but stress management provides a number of ways to manage anxiety and maintain overall well-being.

Despite stress often being thought of as a subjective experience, levels of stress are readily measurable; using various physiological tests, similar to those used in polygraphs.

There are several models of stress management, each with distinctive explanations of mechanisms for controlling stress. Much more research is necessary to provide a better understanding of which mechanisms actually operate and are effective in practice.

The seminar commenced with the explanation about What is Stress? What are the Signs of Stress? She gave us insights about how we should manage and prevent stress, and told us about How Stress can be diagnosed. Towards the end, she explained how we should manage and prevent stress.

Event Description

The eighth iteration of Model United Nations 2022 was conducted on 19th March & 20th March 2022. It was a two-day international relations conference for students conducted offline. SIES GST MUN has been getting bigger and better every year. The Indian Society for Technical Education is a national, professional, non-profit Society which also sponsors the winners of SIESGST MUN every year. This year, similar to last year, we received a letter of encouragement from the Secretary-General of the United Nations acknowledging our attempt to address the challenges of the current times and to build a healthier, more equitable and sustainable future for all. The theme for the AshtaGSTMUN was 'Speak to Seek'. There were three committees, DISEC (Disarmament and International Security Committee), CND (Commission on Narcotic Drugs) and MOLAE (Ministry of Labor and Employment) highlighting on the agendas:

1. DISEC – Discussion to formulate a global counter-terrorism strategy.
2. CND- Discussion to address the situation of drugs in Afghanistan with special emphasis on Taliban controlled drug lines. .
3. MOLAE - Discussion over the viability of increasing wages and allied benefits.

DISEC saw a total of 35 delegates, CND with 33 delegates, while MOLAE had 27 delegates.

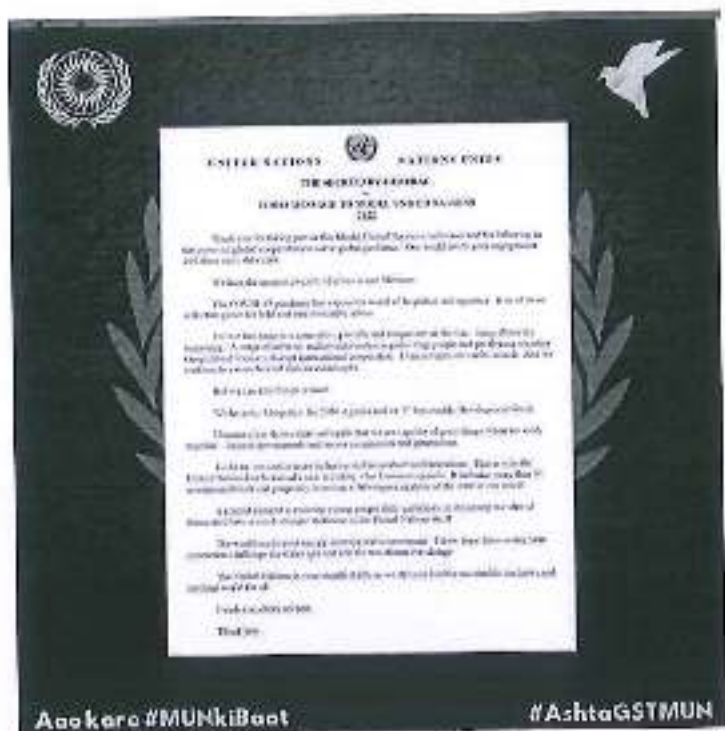

DISEC committee was chaired by Ms. Ritika Singh and vice-chaired by Mr. Karun Nair. CND was chaired by Mr. Dhruv Thakker. MOLAE was chaired by Ms. Drasti Jain and vice-chaired by Mr. Tanay Musale. All three committees saw enthusiastic participation of the delegates.

The DISEC committee saw Sparsh Chakraborty as the Best Delegate while Mithil Inamdar (K.C. College) won the high commendation award. Whereas in the CND committee, Manav Singh (Mukesh Patil School of Technology, Management and Engineering) received the Best Delegate award while Rahul Balakrishna (Vivekananda Education Society's Law school, chembur) bagged the high commendation award. In the MOLAE committee, Harsh Jain (Vivekanand Education Society's Institute of Technology) and Aniradh Bharadia (Amity University, Kolkata) shared the High Commendation award.

Event Description

The first day of the **STEM Lectures Initiative** was conducted in Gyan Jyoti Savitribai Phule School, Sector-6, Nerul on **23rd March 2022**. The proceedings of Day 1 began at 8:15 A.M. where we met with the principal of the school and he briefed us about the location where the lectures are to be conducted and all queries were cleared. The lecture began by 8:30 and the team was divided into 2 parts to facilitate ourselves on two separate venues, that is, the 7th standard classroom and the 8th standard classroom.

In the first session, the 7th standard students were taught the subject of Mathematics whereas the 8th standard students were taught English. A variety of fun and interactive activities were conducted along with covering the necessary teaching syllabus parts. Winners of these mini contests were given amazing gifts and goodies and all the students were provided with replenishments during the break. First session was concluded by 9:45 A.M. and the second session saw the reversal of subjects for the respective classes. After the conclusion of the second session at 11:00 A.M., the students from both the classes were made to sit together in a single classroom for conducting lectures on the topic of Science and Technology. Various demonstrations were done to attract the attention of students into learning the fundamental aspects of topics like force, pressure and electronics. These demonstrations included a contest of push and pull, understanding water pressure using a punctured bottle and a basic electronic circuit to understand the fundamentals of the electronics discipline. The lecture on technology described the applications and benefits of pursuing the field of science and technology and choosing a career path towards a technical domain.

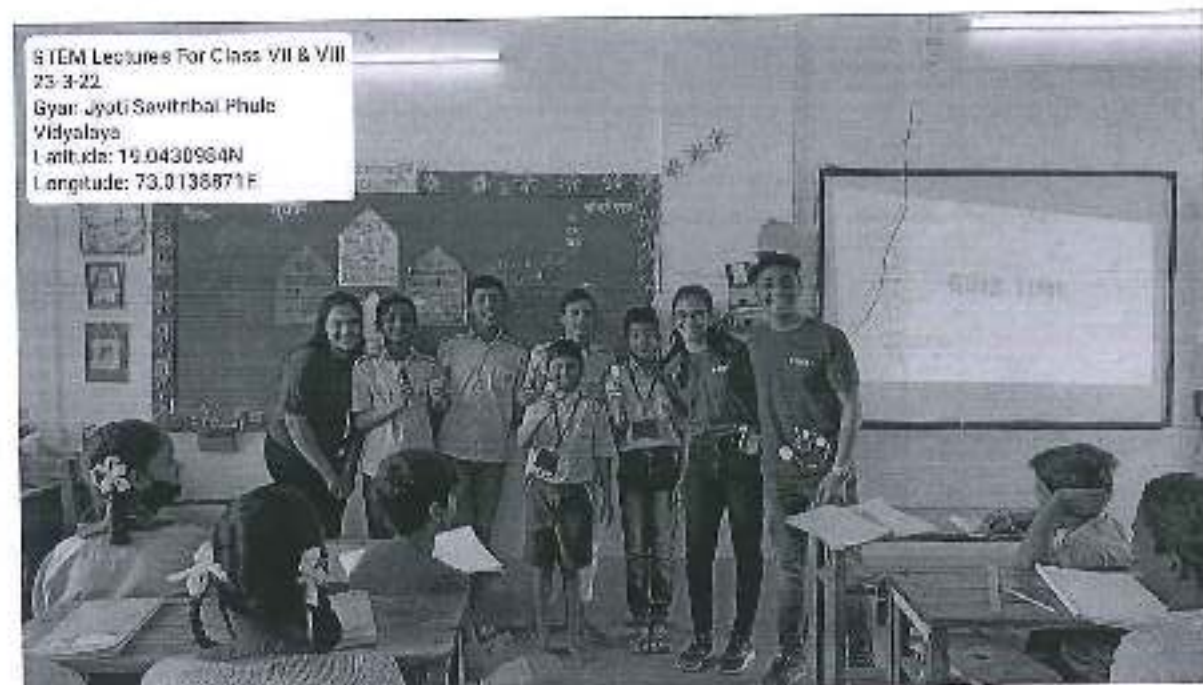

To demonstrate this, students were made to participate in a fun activity where they got the chance to drive an automated RC car using Arduino Uno. This was delighted by the students who even asked us to do it again. Finally the lecture was concluded at 12 P.M. and thereafter a brief speech was given to motivate the young and bright minds to promote a technical mindset, innovation and creativity. All the students were provided with snacks and refreshments at the end of the lectures. A photo session with the students, faculties and the team marked the conclusion of Day 1 of the STEM Lectures Initiative.

Event Description

The second day of the **STEM Lectures Initiative** was conducted in NMMC School No. school on **25th March 2022**. The proceedings of Day 2 initiated at 8:00 A.M. where we conversed with the authorities regarding the facilitation and scheduling of the lectures to be conducted. All the queries pertaining to the details were cleared during this period and arrangements of initiating began soon afterward. The first lecture commenced around 8:30 A.M. on the subject of English where the students were taught the basic concepts surrounding the topics of formal introduction, professional etiquettes, and diction improvement. A plethora of fun and educational activities such as heads-up and quiz sessions were organized as well where students participated with great enthusiasm.

The second session of the day covered the subject of Mathematics where the students were taught the chapter of surface areas and volumes. Following this, an exciting task was given to the students where they calculated the solutions of various props provided to them. This session was concluded with Ms. Anagha Upparna teaching the student a knack to remember the trigonometric table using carols. The third session was on science wherein the students were explained multiple concepts within Laws of Motion such as Inertia, Momentum, and Newton's third law. Various demonstrations were performed to justify the theories learned.

The concluding lecture on the technology described the applications and benefits of pursuing the field of science and technology and choosing a career path towards a technical domain. To demonstrate this, students were made to participate in a fun activity where they got the chance to drive an automated RC car using Arduino Uno. Students were delighted. Finally, the lecture concluded at 12:30 P.M. and thereafter a brief speech was given to motivate the young and bright minds to promote a technical mindset, innovation, and creativity. All the students were provided with snacks and refreshments at the end of the lectures. A photo session with

Impact analysis:

The students of 9th std. gained a lot of knowledge as a helping hand for them in their future studies. They learned about the various types of fields of study and now have an upper hand in being able to analyze their abilities while deciding on a course of study.

EVENT REPORT

BYTECAMP 2022

Event Information

Event Type: Hackathon

Event title: BYTECAMP 2022

Event Date: 26th and 27th March 2022

Day: Saturday and Sunday

Organized by: TECHNICAL TEAM

Target Audience: Undergraduates

Attachments: 1. Photographs (in JPEG/PNG)
2. Registrations
3. Session Recording

PRINCIPAL
S. S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarendra Saraswati Vidyapuram
Sector-V, Nerul, Nav Mumbai-400706

Objective

- The main moto behind conducting ByteCamp is to develop entrepreneurial skills, technical skills and great team work among the participants.
- During Hackathon, student's real-world problem solving skills are evolved since they are given a real world problem centered around a specific technology which helps them learning new things and accordingly build the project in those 24hrs.
- Students experiences team building, project and time management and receive prize money on their deserving performances.

Judges and Mentors

- Our first Judge was Mr. Amit Agarwal who is the Technology Director with Koyo Software Solutions and holds a PhD in Electrical Engineering from Nanyang Tech University, Singapore
- Mr. Srinivasan Konar was our second Judge for ByteCamp '22. He is the Technology Manager at Capgemini IT Services and Solutions. His areas of expertise are in BigData Hadoop and Cloud Computing.
- We had three mentors for ByteCamp '22 : Shantanu Ghar, Venkhatesh Arunachalam and Sayali Patil. Their collective guidance helped all the participants to gain expertise, build and work on their hacks!

Event Description

The 6th edition of SIESGST's official online hackathon held by Technical Team SIESGST took place on 26th March and 27th March 2022.

Schedule

26th March, 2022

Inauguration - 11:00 am to 12:00 pm

Mentoring Session - 6:00 pm to 8:00 pm

27th March, 2022

Mentoring Session - 9:00 am to 11:00 pm

Final Presentation - 3:00 pm to 5:00 pm

This year our theme was "Cri-Sys" and can be categorised into different domains affecting people from all sections of society:

- Natural Crisis
- Social Crisis
- Technical Crisis
- Industrial Crisis

PRINCIPAL
S. I. E. S. GRADUATE SCHOOL OF TECHNOLOGY
Bij Chandrasekaran B. Saraswathy V. V.

The inauguration ceremony was held on 26th March at 11 am. The theme for panel discussion was our hackathon theme, Cri-Sys. We had a very insightful discussion on the topic by all our mentors wherein they provided guidance to all of our participants. This year we received more than 150 registrations out of which only 20 teams were shortlisted for mentoring sessions based on their abstracts. After the mentoring sessions, participants were supposed to submit their projects. The deadline was 27th March, 2022 - 12 PM for the same. Further filtering of the participants was done on the basis of their project submissions and finally only 10 teams were selected for the PPT Presentation.

The PPT presentation commenced at 3 PM on the same day. Participants were expected to present their projects and PPT based on which the judges scored them. The Top 3 teams were thereby selected by the judges:

WINNERS: TEAM SIGMA (Cash Prize of Rs. 12,000)

Pournima Thakare

Vaishnavi Anandakrishnan

Induja Ragava

Statement

Domain: Social Crisis

- Food waste management in India is becoming a critical problem due to the continuous increase in the amount of food that is being prepared everyday .

- Most of the food is wasted in weddings, canteens, hotels, social and family functions, and households. Still, food wastage is a major issue in India.

- The problem is about wastage of excessive food created at Restaurants/Parties, which is not being used.

Event Description

The NSS unit of SIES GST conducted Street Plays for two days in college on 12-04-2022 and 13-04-2022 at 1pm in SIES GST college campus itself at the canteen area. On 12-04-2022 group 1 performed their Street Play portraying violence which included domestic violence showing how the husband was violent with his wife and his wife had to suffer in silence. The second subtopic was on eve teasing where a girl is shown going home who becomes a victim of eve teasing, the boys harass her which becomes a traumatic experience for her. The third subtopic showed an acid attack where a boy throws acid on the girl that rejected his love. The second group performed on the social taboos which consisted of 3 subtopics. The first subtopic was on manlihood which showed how the society doesn't allow a boy to feel and express his emotions. The second subtopic was on periods how people cannot openly talk about it and how many myths lie around periods. The third subtopic was about sex education, how teachers don't educate the students properly about it.

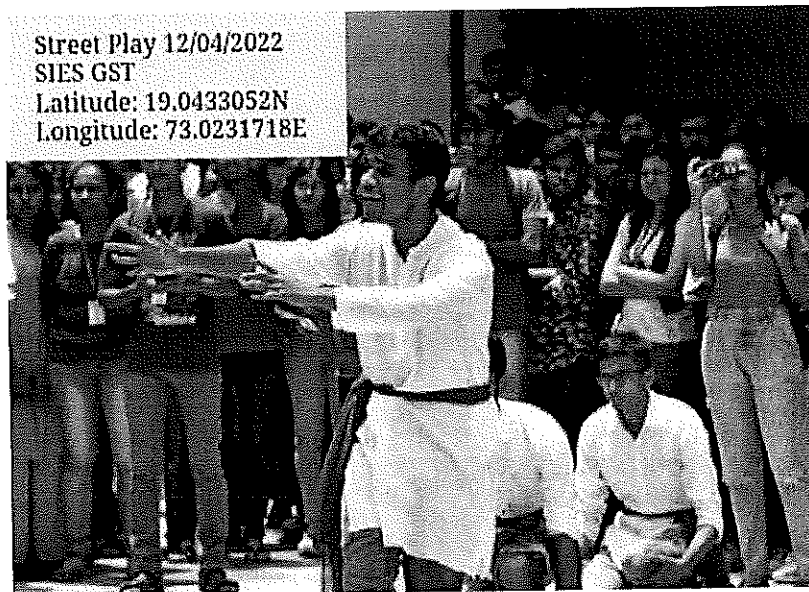

On the second day 13-04-2022 group 3 performed their Street Play on the topic of LGBTQ. The first subtopic showed a transgender and the difficulties faced by him/her, how they are not given social equality in the society. The second topic showed a lesbian couple who are in love but can't get married as people aren't in support of this community and they aren't given equal rights. The third subtopic was about a boy who is bullied for being gay and faces a lot of difficulties in the society. Group four performed on nationalism which had two subtopics. The first subtopic showed the inequality in religions where certain festivals should be celebrated by that community was shown depicting the discrimination in religions. The second subtopic was on the language barrier how a girl is teased because she cannot understand their language. The canteen area was filled with a cheering audience, this gave more energy to the unit. In this way the activity of Street Play was successfully conducted by creating an awareness and depicting all the social problems that are faced in our day to day lives.

Impact analysis: The Activity was successfully conducted by raising awareness about the social problems that are faced in our day to day lives which creates an impact on the individual. The current problems such as violence, eve teasing, gender discrimination, inequality of religions are all addressed sending important messages. A taboo is frowned upon and considered inappropriate to practice or even talk about. Social taboos create barriers for social interaction among people. Hence in order to break social taboos and raise awareness about violence that our observed in our society the NSS unit bravely took the untouched topics for street play act. The street play was a great success and the cheerful audience gave a lot of support.

Event Descriptions

The volunteers of NSS contributed towards the 'Say yes to life, no to drugs' initiative by the Ministry of Home Affairs and Government of India by taking the 'Say yes to life, no to drugs' pledge on 24th April 2022.

It is one of the pledges on the Unified Online Pledge Platform. The volunteers were provided with the link for this pledge. The website asked for basic details like name, age, gender and mobile number for verification. There was an option to select the language of choice of this pledge. The pledge appeared on the screen and volunteers had to take the pledge silently. A certificate was generated for every individual.

We realize that drug abuse is increasing in our country, especially among the youth and this is a matter of concern. We pledge that we will cooperate in stopping the drug abuse. We promise that we will not consume any harmful or illegal drugs in any way for any purpose.

We will create awareness about the ill effects of drug abuse by encouraging every person, especially the youth so that the youth of India can live drug free and they can become creative and important members of the society.

Today we pledge that we will stay away from drugs and live a healthy life.

APPROVAL

The increasing drug abuse in our nation, especially among the youth has become a matter of concern. We as the youth realize the adverse effects of drugs on individual lives and on the present and future of our nation as a whole and hence take a step forward to create awareness about these ill effects of drug abuse and encourage every person to live a drug free life.

Event Description

The NSS unit of SIES GST conducted an Orphanage Visit Activity at Priscilla Children's Home, Airoli on 11/6/2022 from 3:00pm to 5:00pm. We spent some time with the children, played games and donated books to them. This activity started with exchange of introduction between the children and volunteers. Initially they were shy to open up but eventually got comfortable talking to us. After this we started with the activities that we had already planned for them to have fun to make the day memorable for them. We began with Musical chair and we rewarded the winner of this game with a story book, then we played passing the parcel game and whoever lost showed / displayed their talent in front of everyone like some of them recited a poem, few of them performed a small dance and many more talents were shown by them. After that we had enacted a skit in front of them which was prepared by our Unit members.

After all these, fun activities we provided them with some snacks and we sat with them, had a talk and at the end we donated books to the Orphanage. In this way the Activity was a successfully conducted with the children getting to experience a different and happy environment.

Event Description

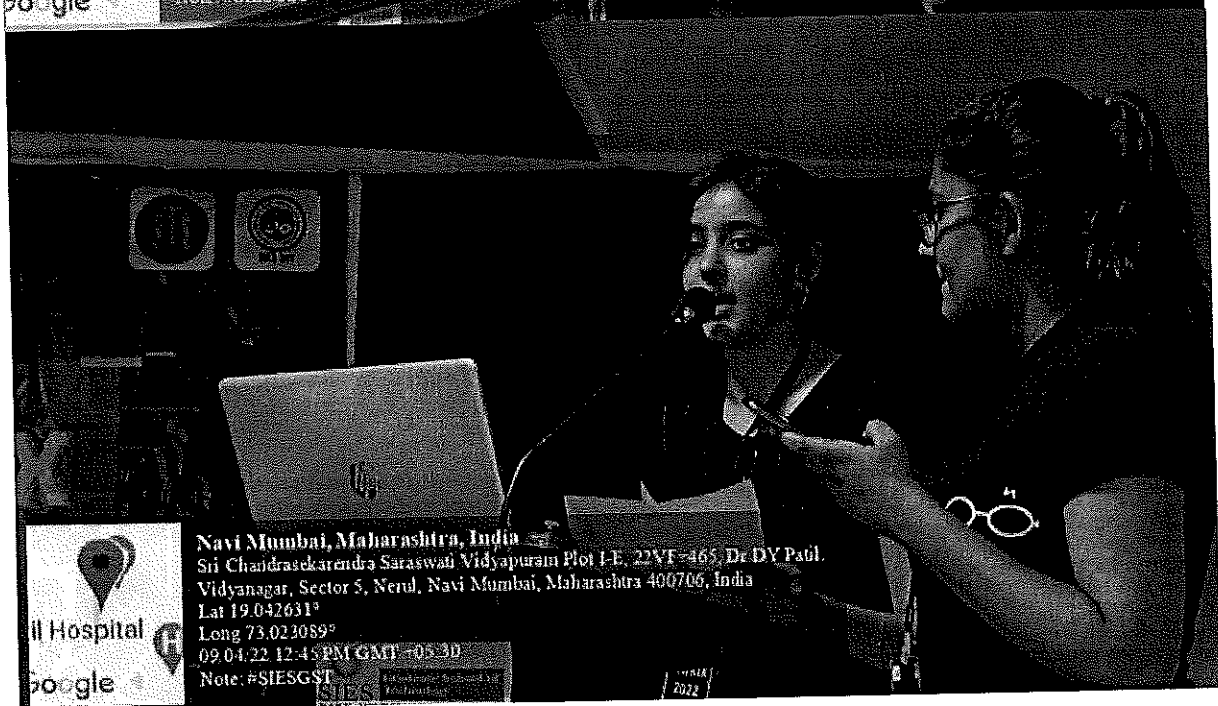

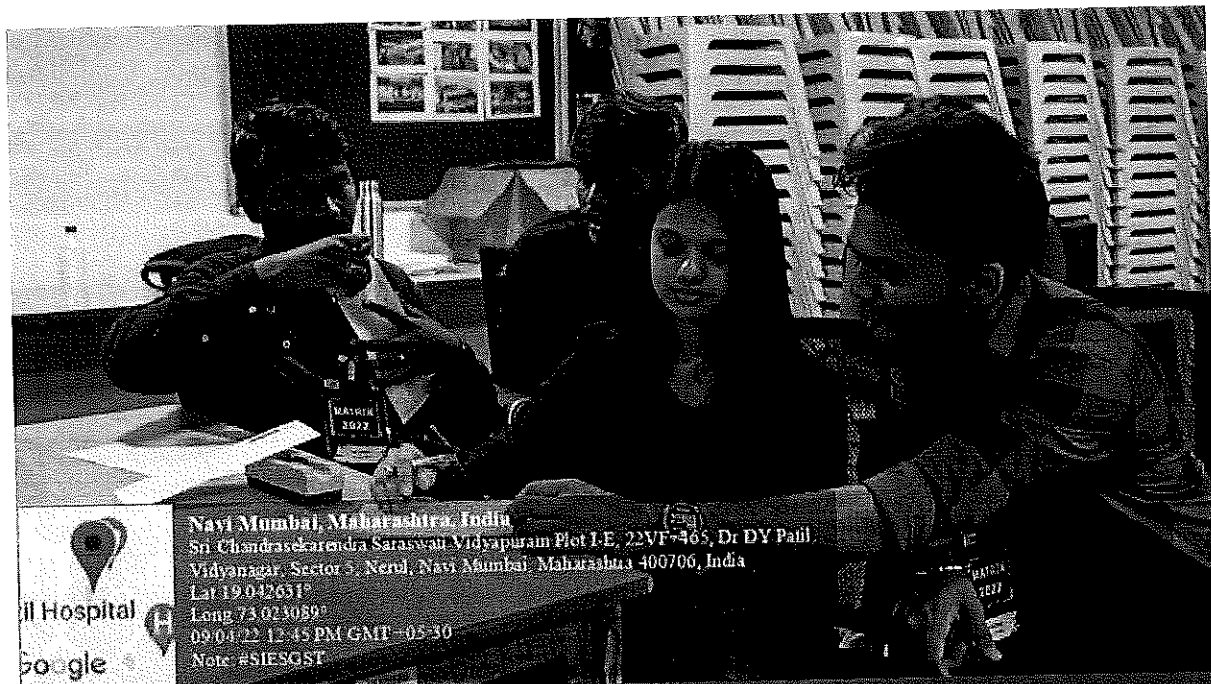

This year the ISTE team of SIESGST organized MATRIX 2022, and PCM Quiz competition with fun and extensive problem solving tasks, for the first time in the tenure.

Students were asked to participate in a team of 3. The event had 4 different rounds,

- 1st Round, there was a quiz given on an online platform related to physics, chemistry and mathematics
- 2nd Round, consisted of rapid fire questions on quantitative analysis, logical questions, general knowledge and aptitude based questions
- 3rd Round, was divided into two parts, first an crossword related to scientific questions followed by Treasure Hunt which had tasks consisting of fun activities and some tricky hints
- Final Round, it was a buzzer round which consisted questions related to physics, chemistry, mathematics, general knowledge and current affairs which was divided into easy, medium and difficult sections.

Event Description -

Round 2 of Promethean 2022 was a poster presentation competition intended to provide our aspiring engineers, the FEs, a platform to come up with modern-day, inventive, and practical solutions to existing environmental issues. The competition's processes and regulations were fully explained to the FEs (Topic Appendment, Poster Design & Structure, Content, Time Limit). Per team, two to three SE volunteers were assigned to mentor them throughout the event.

On April 10th, 2022, topic appendment was completed. FEs were given the option of selecting a topic from a list and presenting on it. SE mentors were allocated to each topic, who would lead the groups under that topic throughout the event.

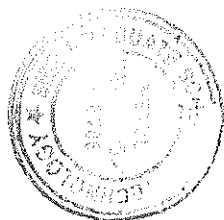

The purpose of mentoring was to go over the FEs' posters and give them a rough evaluation. The goal was to find areas where the posters may be improved in terms of content, design, structure, and layout. Once a team's final Poster was complete, they were instructed to submit it to the specific link provided.

Round 2: 23rd April, 2022.

The final round of Promethean consisted of a Poster presentation competition. The FEs would present the Judges with the topics they had chosen. The event was held in the seminar room. The event started by welcoming our judges. Dr. Dr. Jyoti G. Koliyar-Jatinder Das-Associate Professor and Head of Department, Environmental Science, SIES College of Arts, Science, and Commerce and Prof. Kaynat Sayyed-Professor and Head of Environment Protection Cell of Pillai College of Arts, Science, and Commerce, Panvel were the judges of the event.

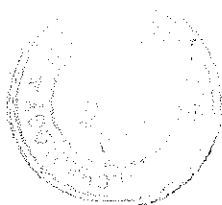

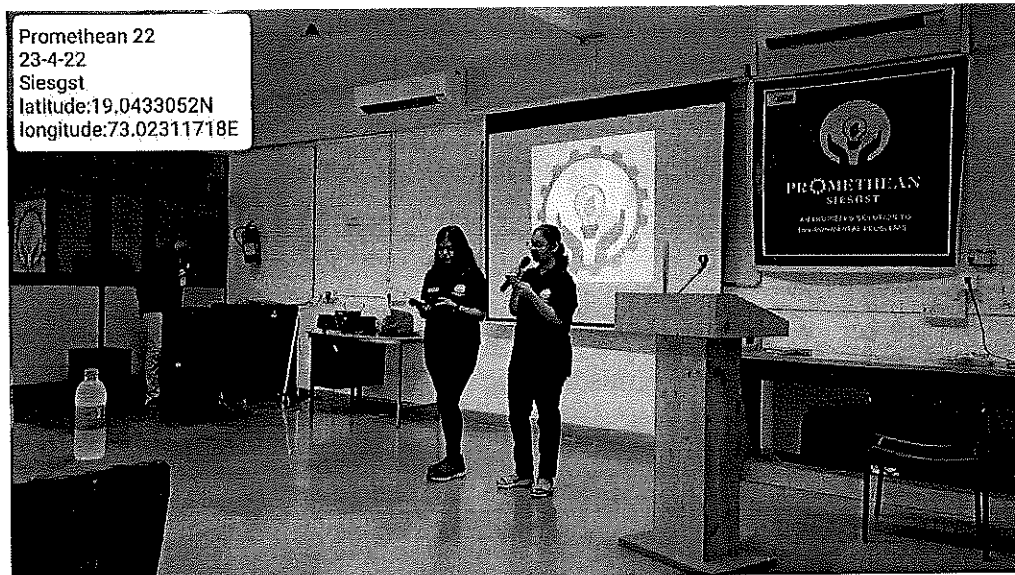

Then our faculty coordinator Prof. Smitha Ma'am gave us a brief about how Promethean was introduced in our college and how it is gradually making progress. Then the HOD of FE Prof. Ashwin Chavan motivated our participants and wished them good luck.

Design and Aesthetics, Group Member Presentation and Explanation, Innovation, Scope & Implementation of Solution, Self-learning through the presentation, and Time were among the judging criteria. Following each group's presentation, the Judges were called to a Q&A session where they questioned the feasibility and content of the students' solutions. After all of the presentations were completed, the judges advised them on what they should keep in mind while presenting. Finally, the much-anticipated winners were announced. The ceremony was brought to a close with a vote of thanks by our Chairperson Mr. Pradyumn Joshi.

ANVESHNA COMPETITION

Event Information

Event Type: Science & Engineering competition conducted by Agastya Int. Foundation

Event title: Anveshna-Project Competition

Event date: From: 08th March, 2022 To: 15rd March, 2022

Organized for: Underprivileged Govt. Aided School Students

Organized by: UDGM, in collaboration with Agastya foundation

No. of participants: A total of 08 students participated in Anveshna-Project Competition 2022

Attachments: 1. Certificate

Event Description - UDGM, in collaboration with Agastya foundation, undertook a project ANVESHANA, which was a Science & Engineering competition conducted by Agastya Int. Foundation, further culminated in a fair where the students exhibited their projects/models. This competition primarily involved undergraduate Engineering students and underprivileged school-going students where the students together followed philosophies and practiced hands-on learning, research orientation and making models based on Engineering-Science concepts. The engineering students mentored these students in the creation of models while inducing knowledge and confidence in them. Engineering colleges participated as teams with 2 members. The teams then selected 2 students from nearby underprivileged schools (Govt. and Govt. aided schools) to mentor them to design and build models or projects around an identified social problem. The school students thus received exposure to the entire planning, designing and building process of the models and in turn will get educated in the scientific and engineering concepts behind the models in Anveshana. Teams from various branches in SIES GST participated in the competition.

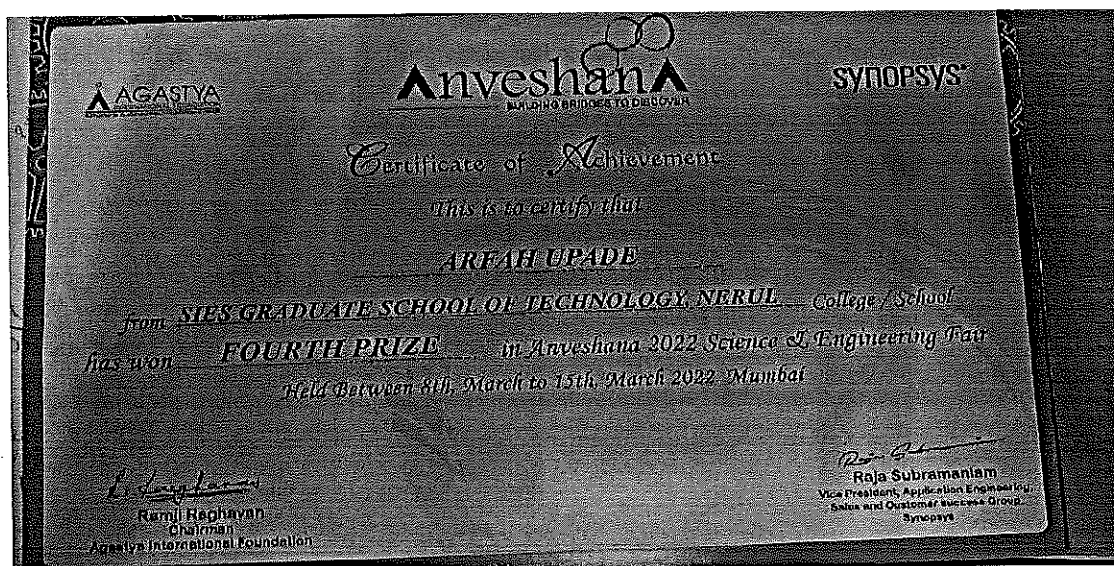

PRINCIPAL
S. J. E. S. GRADUATE SCHOOL OF TECHNOLOGY

Sector-V, Nerul, Navimumbai-400706

Starting from October upto February, students made regular visits to the school located near the college to teach the school kids. They explained all the basic concepts pertaining to their projects to them. One team from our college bagged fourth position out of forty teams.

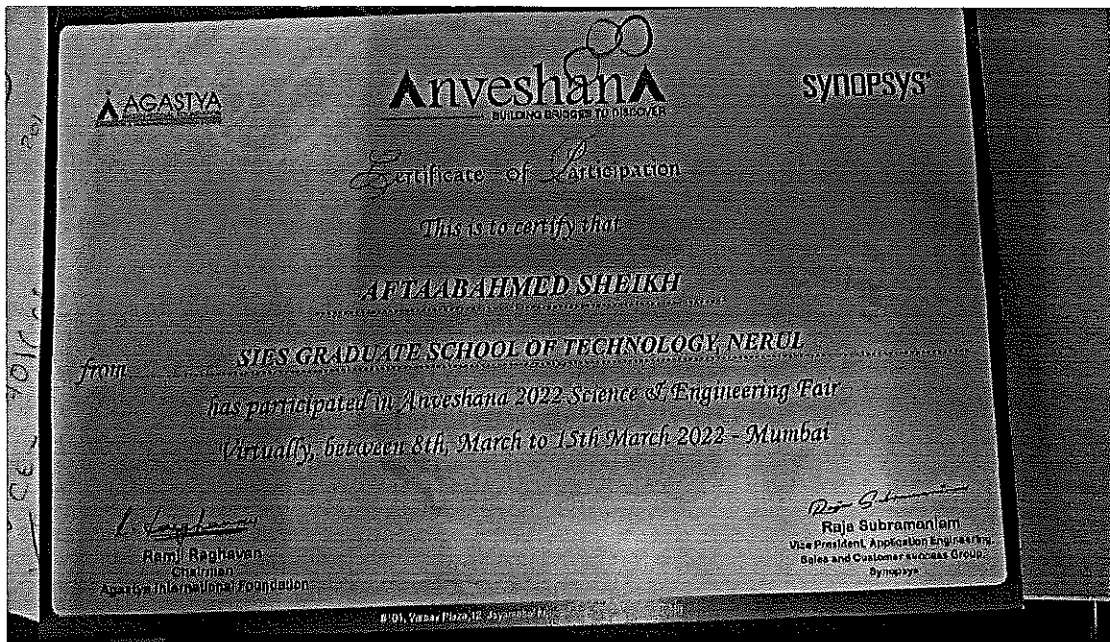

The students' team of BE IT, Mr. Aftabahmed Sheikh and Ms. Arfah Upade, won the 4th prize out of 40 finalists in the Anveshana 2022 West Zone (mainly teams from Maharashtra & Gujarat state) Project Competition and were mentored by Prof Bushra Shaikh. This was the only project which was fully software-based and bagged a position in the Top 5 of the competition. They designed an app for a project titled 'Pothole Mapper for Safer India', which was based on the 11th Sustainable Development Goal of the United Nations, in which 2 apps were made; 1 for the traveler to report the pothole and know how many potholes are present from source to destination and 1 for authorities repair reported potholes and publish the statuses of their work & progress. This project was done in conjunction with 2 High school students.

Overall it was a great experience for both the school kids as well as the engineering students.
