(Student Internship/Student Industrial Visit/Visiting faculty from Industry/Guest Lecture)

Student Development Program

Event Type: Student Development Program

Event Topic: Web application in Cyber Security

Name of the Resource Person: Dr. Deepti Reddy, Ms. Kalyani Salvi, Ms. Neha Mahajan, Mr. Nikhil Salvi. Mr.Azhad Shaikh.

Industry Affiliation: SIESGST

Event date: 2/1/23 to 7/1/23

Organized for: SE, TE and BE of all branches

Organized by: Ms. Kalyani Salvi and Ms. Neha Mahajan

No of Students attended: 28

Attachments: 1. Event Description (Maximum 500 words including major areas covered)
2. Photographs
3. Impact Analysis

Event Description

The department of Computer Engineering of SIES Graduate School of Technology, Nerul, Navi Mumbai has successfully organized and conducted one week student development program on Web application in Cyber Security for SE, TE and BE students of ECS/CE/IT/EXTC/PPT branch from Jan 2 to Jan 07, 2023.

OBJECTIVES AND GOALS: The main objective of this SDP was to give insight to the participants of the ever-expanding field of the Internet/cyber security world. It is aimed to provide knowledge to the students on how to identify the security parameters and penetration level in any organization in an ethical manner. The goal is to Enhance Students understanding and enlightened them with latest trends in the world of Cyber security.

Outcomes:

As a result of successful completion of this workshop, participants will be able to

- Understand current cyber security threats.
- Understand correct security measures to protect web applications.
- Select and configure various Open-Source tools for Cyber security in Ubuntu and Kali Linux.

Attendees:

SE, TE and BE engineering students from all branches. Total 28 participants attended the program.

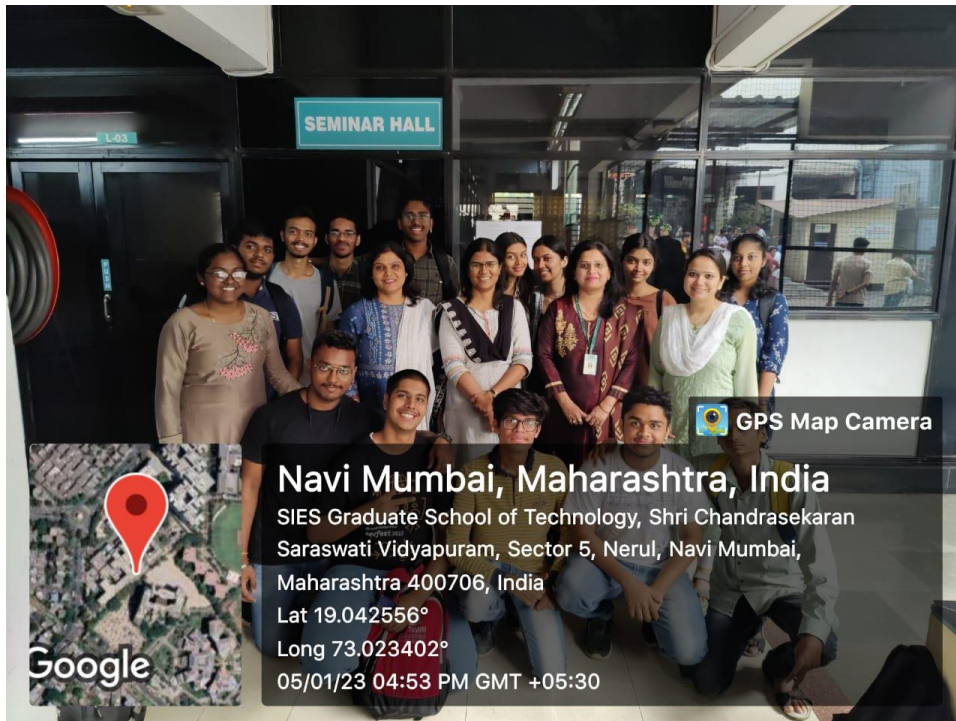

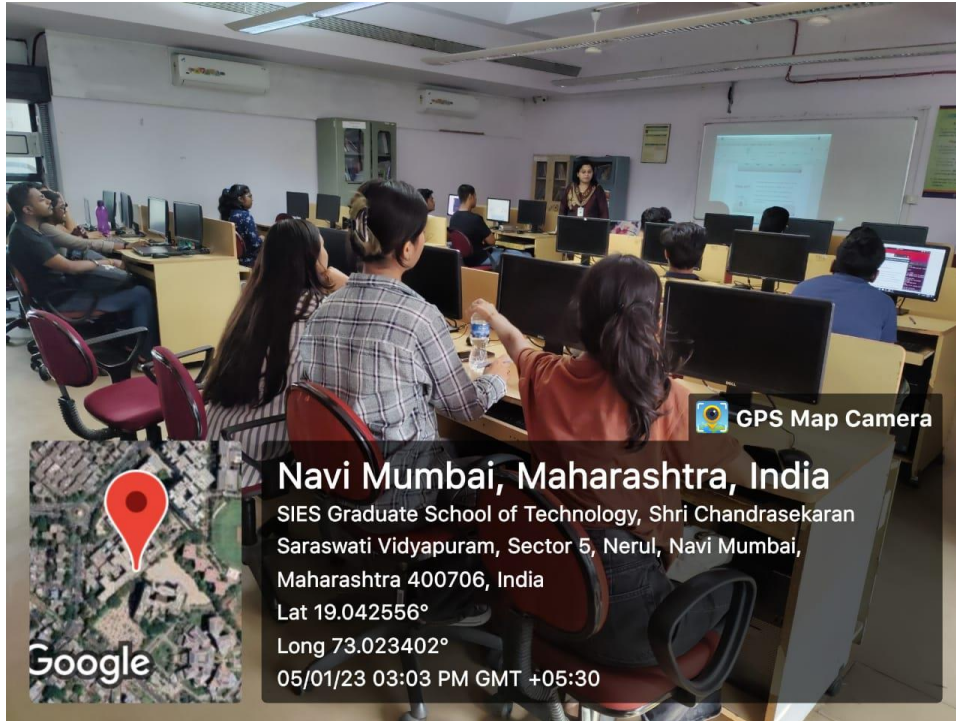

Session: Major topics covered during the workshop are

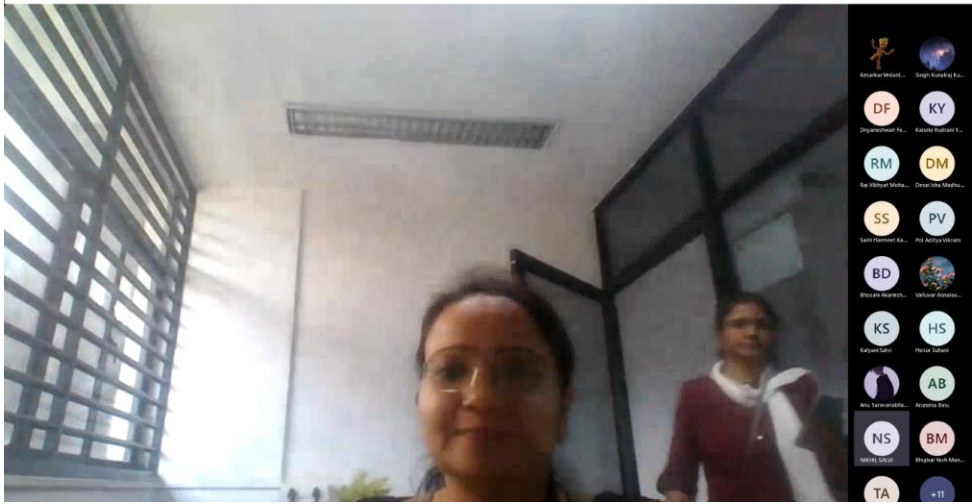

- 1) Basics of Networking and Hacking by Prof.Kalyani Salvi.
- 2) Installation of virtual machine with hands on training of Linux Operating System by Prof.Neha Mahajan.
- 3)implementation of DNS server and demonstration of some of the related commands by Dr.Deepti Reddy.
- 4) Scanning and sniffing using open source tools by Prof.Kalyani Salvi.
- 5) SQL injection and AES encryption demonstration by our TE-ECS Students, Chinmay Gawas and Ojas Vighne.
- 6) Stegnography by Prof.Kalyani Salvi.
- 7) Network hacking concepts with examples, by Mr. Nikhil Salvi.
- 8)Cyber Security introduction with demonstration of real world mobile hacking by Mr.Azhad Shaikh.

Feedback:

The training program received a good response from resource persons and attendees. All participants received the program very well and implemented it in their professional career.

Impact Analysis

- The student development program successfully delivered insights of Cyber Security and its various terminology.
- The combination of practical demonstrations along with guidance from SME.
- Not only Enhance Students understanding but also enlightened them with latest trends in the world of Cyber security.
- The students were demonstrated with ethical manners to inspect the security measures established in the organization.
- Students gained from this exposure to various tools used in the industry for penetration testing and Web applications security.
