Action Taken Report on Feedback Analysis (2022-23)

Students Feedback

The analysis of the feedback from students shows that most of them are satisfied with the infrastructure of the institute and the curriculum aspects. Few of them are not satisfied with the canteen food quality and the internet speed. Further, with the demand of the curriculum and the strength of students, more facilities are provided. Also, feedback from students about teaching of faculty is taken and it is communicated to every faculty for further improvement.

Faculty Feedback

The analysis of the feedback from faculty shows that most of them are satisfied with the infrastructure of the institute and the curriculum aspects. To meet the needs of curriculum with current trends in technology in various domains, faculty members upgrade their skills and knowledge through various courses, seminars, workshops, and projects. New computing equipments like computers, kits, servers etc. are purchased. Internet facilities are improved.

The feedback of canteen facility and security and cleaning is also obtained for the improvement. The performance is maintained continuously based on this feedback.

Alumni Feedback

The analysis of the feedback from alumni shows that most of them are satisfied with the infrastructure of the institute and the curriculum aspects. Guest lectures and expert talks by the alumni are arranged.
