**A**geing is a natural and unavoidable process. No intervention can slow or reverse the ageing process in human beings. Ageing reflects all the changes that take place during the course of life. These changes actually start from the birth itself. For the youngsters, ageing is exciting. During the middle age people start noticing and feeling the age related changes like greying of hair, noticeable decline in energy levels. Even the

extremely fit people can chose and try to age gracefully.

Generally people develop a mental block related to ageing which pulls them back from leading a happy life.

There are several misbeliefs related to ageing. A couple of them are:

Ageing includes a mandatory decline in health.

**Fact:** There are definitely certain diseases that become more common with age. However, getting older does in no way means that a person will necessarily suffer poor health.

brain sharp.

There are ways in which one can try to make ageing happy, positive and graceful.

Accept the change and learn to cope with it.

As you will age, there will be phases of both happiness and stress. It's important to be flexible and find healthy ways to cope with challenges. This ability will help you to make the most of the good times and to keep your spirits high when in the tough times. Express your emotions. Burying them can lead to anger, resentment and depression.

Socialise and stay connected:

8 July 2021

**Newsband****NSS unit of SIES Graduate School of Technology pledges to plant trees**

The NSS Unit of SIES Graduate School of Technology, Nerul planted about 30 saplings in Nerul and began their tree plantation drive with a pledge to plant trees and make the surroundings greener. About 40 students took part in the plantation drive which was held in Sardar Vallabhai Patel Udyan, Nerul.

"The most important aspect of this drive was to maintain social distancing during the activity. Since the garden is very big and with permission from respected Ward officer, we conducted the plantation at this location," said one of the volunteers.

NSS Unit's program officer, Prof. Mahesh Biradar said, "It is important to inculcate

these values in our students from the beginning. This is a small step in fulfilling our duties towards the society. We plan to undertake more small-scale plantation drives by following Covid protocols."

The NSS volunteers have also appealed to the general public to plant more saplings and make their area and city greener.

## Impact Analysis:

The main purpose behind conducting this activity was to spread awareness about donating books to the needy youth who do not get adequate facilities for gaining knowledge.

Even in this pandemic situation volunteers came together and took this initiative that encouraged their peers to participate in such activity. Through such activities we strive to motivate our society to indulge more and more in such social welfare activities for the betterment of the society and youth.

### Impact Analysis:

The main purpose behind conducting this activity was to collect donations for the needy people in the flood affected areas of Chiplun who are not able to get the adequate supplies and facilities for everyday life.

Even in this pandemic situation volunteers came together and took the initiative to collect the commodities for donation and encouraged their peers to participate in such activity. Through such activities we strive to motivate our society to indulge more and more in such social welfare activities for the betterment of the society and be ready to provide a helping hand to the needy.

## Event Descriptions

The volunteers of NSS UNIT of SIES GST recently conducted a Book Donation activity to provide books to the children who want to excel in academics and pursue their dreams. The activity took place in Nerul in offline mode where the books were arranged by our volunteers and kept in boxes as per the requirement of NGO.

In this book Donation Drive we had collected 1325 books out of which 312 books were donated to Path Pradarshak Foundation. These books were of class 8-12<sup>th</sup> standard comprising 135 books of State board and 177 books of CBSE board.

On 4<sup>th</sup> August 2021, the boxes were transported to the foundation by a transporter sent by the NGO and later the NGO will provide certificates to the volunteers.

### **Impact analysis:**

On this Independence Day the sacrifices of our valiant freedom fighters who stood up against the colonizers and even suffered harsh consequences unflinchingly were remembered, so that the present and later generations could breathe in free air. In this, the volunteers of NSS unit performed a short film consisting of dance, skit, monologue and sang few patriotic songs. The main motive of this performance was to spread awareness about true patriotism. The short film depicted the deprecating elements of our society using topics like acid attack, hypocrisy of our leaders and corruption in education system. This was followed by glorification of all the frontline warriors and braves who work day in and day out for the betterment of our nation.

Through this event it was made sure that each person who attended the celebration got a sense of patriotic feeling to free our country from all the evils and make our country independent in all aspects.

## Statement

Domain: Social Crisis

- Food waste management in India is becoming a critical problem due to the continuous increase in the amount of food that is being prepared everyday.
- Most of the food is wasted in weddings, canteens, hotels, social and family functions, and households. Still, food wastage is a major issue in India.
- The problem is about wastage of excessive food created at Restaurants/Parties, which is not being used.

## Vaccination Awareness Drive

Website designing- 03/04/2021 to 08/04/2021

Latitude - 19.0428130N

Longitude - 73.0230780E

### 1. IS IT MANDATORY TO TAKE THE VACCINE?

Vaccination for COVID-19 is voluntary. However, it is advisable to receive the complete schedule of the COVID-19 vaccine for protecting oneself against this disease and also to limit the spread of this disease to close contacts including family members, friends, relatives and co-workers.

### 2. WHICH COVID-19 VACCINES ARE LICENSED IN INDIA? WHICH VACCINE IS BETTER?

Two vaccines that have been granted emergency use authorization by the Central Drugs Standard Control Organization (CDSCO) in India are COVISHIELD® (AstraZeneca's vaccine manufactured by Serum Institute of India) and COVAXIN®(manufactured by Bharat Biotech Limited). There is no head-to-head comparison done between the two vaccines being used in India so one cannot choose one over the other. Both would work fine in preventing the infection as well as prevent a person from going into a severe state of the disease. As a long-term effect, it would be preventing death for elderly people or those who have comorbidities.

## STEPS TO BE FOLLOWED

Citizens can register by logging in "www.cowin.gov.in" or by downloading and Installing the Co-WIN app or Aarogya Setu App on your Android smartphone via the Google Play Store.

**Step 1:** Firstly, download the Aarogya Setu app on your mobile phone.

**Aarogya Setu**
