

Report of ISR 2024-2025

SIES Graduate School of Technology (SIES GST) remains steadfast in its vision of social empowerment and equality, demonstrating a strong commitment to inclusive social upliftment through impactful initiatives. As part of this commitment, the Institute-level Social Responsibility (ISR) initiative, "Project Beacon," aims to equip untrained, unemployed youth and school dropouts with industry-relevant, skill-based education to enhance their employability.

On 17th February 2025, the Inauguration Ceremony of the 1st Batch (Jan–June 2025) of ISR Beacon was conducted successfully at the Seminar Hall, Ground Floor, SIES GST. The event witnessed the presence of faculty members, trainers, students, and invited guests, all gathered to mark the beginning of this significant skill-development initiative.

The program commenced with a welcome address by the event coordinator, highlighting the objectives and vision of Project Beacon. This batch begins with two courses on **Sewing & Tailoring** (Basic and Advanced), each enrolling 10 students. The initiative aims to empower participants with practical skills that can lead to sustainable employment opportunities. Additionally, plans are underway to introduce **Computer Operator** and **Web Designing** courses as soon as a sufficient number of participants enroll.

The event also featured a **Certificate Distribution Ceremony** for students from the previous batch who successfully completed their training programs. This was followed by an appreciation segment recognizing the trainers for their invaluable contributions in mentoring and guiding the students.

The ceremony concluded with a vote of thanks, expressing gratitude to all stakeholders who made this initiative possible. The ISR Beacon program stands as a testament to SIES GST's commitment to bridging skill gaps and fostering self-reliance among the underprivileged sections of society.

With this successful inauguration, the institute looks forward to expanding Project Beacon and continuing to make a meaningful impact in the community.
