ISTE Chapter

Report 2022-23

SIES Graduate School of Technology(SIES GST) provides opportunities for Personality Development of Students, Career Development of Teachers and overall development of our Institute. We at SIES GST, foster an ambience for student development program.

SIES GST has conducted a program as under:

Activity	Description
<p>Student Internship Expo</p>	<p>ISTE SIESGST has organised an internship fair i.e. InternXpo. This year we have companies from various domains offers part time paid/unpaid internship.</p> <p>This year the ISTE team of SIESGST held an Internship Fair in a Hybrid model, many of the companies came to the campus and conducted their interviews. The event consisted of 8 Companies : Har painting kuch kehti hai, Furever Meals, Careeristic, Viral Fission, Masterwork Education, Cadcord Technologies, Green Shift Energy.</p> <p>The event kicked off on 16th December and continued till 6th January. During this period the applicants explored their interested fields and applied for internships under the same and the entire process took place online, we used to coordinate with the participants through a WhatsApp group specially made for the fair. We also had a Website exclusively designed for this internship fair. There were a total of 70 applications out of which 25 students got the internship. This year we focused on bringing companies from various fields so that students can have a wide range of options. The offline interviews were conducted in our college itself and the online interviews were held on Microsoft teams.</p>
