## 4. Impact Analysis

### Event Description

Expert lecture on “AI’s Impact on Economy” was organized by CE Department on 24th January, 2024. There were a total of about 120 participants, who attended the lecture. In this expert talk, the speaker talked about the different ways wherein the growing AI boom affects economy. Also, the speaker explained with live examples about how different domains are and were affected by AI, as well as the varying intensities of impact felt by said domains. Various advanced economical concepts were also explained in depth. It was overall a very interactive session.

#### TOPICS COVERED

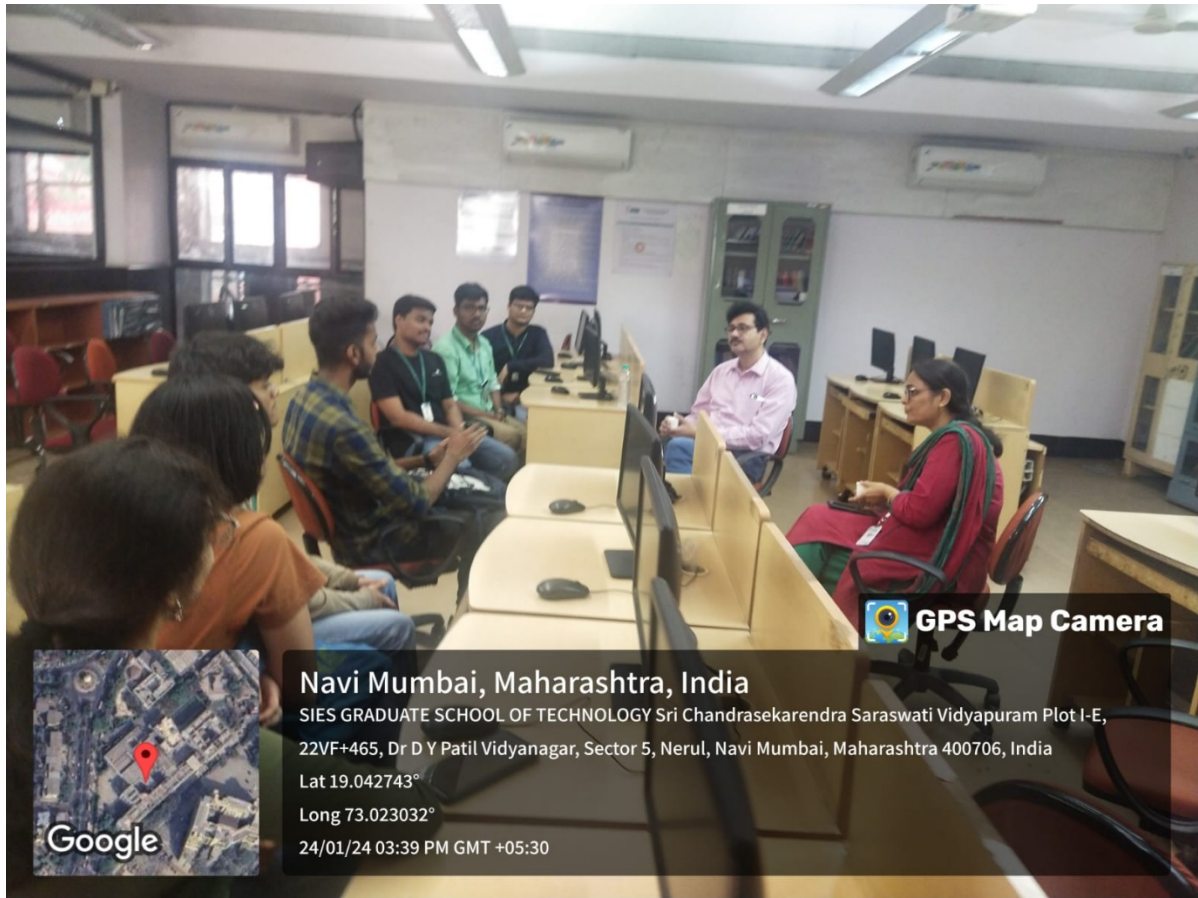

- Concepts of Economy and the GDP.
- Factors affecting the economic development and growth of GDP.
- Varying impacts of AI on different fields.
- The future of AI and the job market.

#### STUDENT FEEDBACK:

The session was highly informative, and allowed the students to get a brief knowledge of the influence of the growing AI technologies on the economy. Students have given very good feedback and were pleased with the flow and concepts covered in the talk.
