Event Description

The Training & Placement cell, in collaboration with Campus Credential, organised training for Placement & Higher Studies for the students of BE-2021 (all branches).

21 students from CE, EXTC, IT and Mechanical registered for the session. The training program was conducted by the experts from Campus Credential between 28 July to 21 September 2020.

The program comprised of extensive training in Aptitude test, Resume writing, Soft Skills, Group discussion, and Personal Interviews. Registered students underwent training through live webinars and videos on the preparation for higher studies and all essential aspects of Campus recruitment. They appeared for the mock PI at the end of the training.

Good Afternoon Mr. Anand

Greetings from SIES Central Training Department

Thanks for accepting our invitation to interact with our Final year Engineering Students towards preparedness for placements and corporate career.

With the pandemic new norm have been set and therefore if you share with students how to adapt to the situation in corporate . The organisation expectations from fresher , the best suited personality and attitude to possess for building successful career. With your wide experience in corporate we are sure the interaction would be value added for students.

Let us know if **17th October 2020, 11.00 a.m. to 12.30 p.m** is convenient to you. Due to current situation we are having online session on **MS TEAM platform**.

I am marking a copy of the mail to my colleague and placement head of **SIES Graduate School of Technology - Prof Seema Khan**. Kindly share your brief profile will need to introduce you.

Best Regards

Suma Nair

Subject: Re: Online interaction with SIESGST Final Year students

Dear Sir

Greetings from SIES Graduate School of Technology!

We are grateful for your valuable guidance and inputs for the students of SIES GST on Saturday, 17 October 2020. It was indeed an enriching experience for the students to learn from your rich and varied experience during the interaction. Thank you for patiently answering the questions and guiding the students throughout the session.

We would be glad to connect again in future.

Regards

Ms Seema Khan

Event Description

Mr Anand Bhatnagar, AVP, IT Operations, Reliance Jio, conducted a two hours interactive session with students of final Engineering on 17 October 2020. Mr Bhatnagar guided the students on the pre-requisites for the freshers to begin their professional career. 105 students from EXTC, CE, IT, ME and PPT attended the session and interacted with the speaker over two hours.

After the preliminary introduction, Mr Bhatnagar invited queries from the students and provided valuable inputs on the following subjects:

1. How to ace an interview
2. Dos & Don'ts while appearing for an interview
3. Industry expectations from the fresher graduates
4. Required skill sets for freshers to start professional career
5. Soft Skills and their importance in the industry across all sectors
6. Create a positive impression
7. Enrich your profile

During the two hours interaction, students raised queries regarding the above-mentioned subjects and received guidance from Mr Anand Bhatnagar. He explained in detail all concepts and illustrated with the help of examples from his wide and varied experience in the industry.

Event Description

Department of Electronics and Telecommunication is organized a Faculty Development Program on "Use of Games & Simulations in Teaching" under IQAC on Thursday, September 10, 2020 from 3:15 pm to 5:15 pm.

Duration of the Session: 2 Hours.

The mode of conducting this program is online with Microsoft Teams application.

The session was conducted by an expert from Tata Consultancy Services, **Mr. S. Shiralkar**.

Mr. Shreekant Shiralkar is a seasoned management professional having experience of over 33 years on leading and managing business functions as well as technology consulting. He has authored the book "IT Through Experiential Learning" which shows application of Game-based-approach premised on experiential learning.

The group activity was conducted before the session in which each group should read the research paper shared by resource person and share their views during the session.

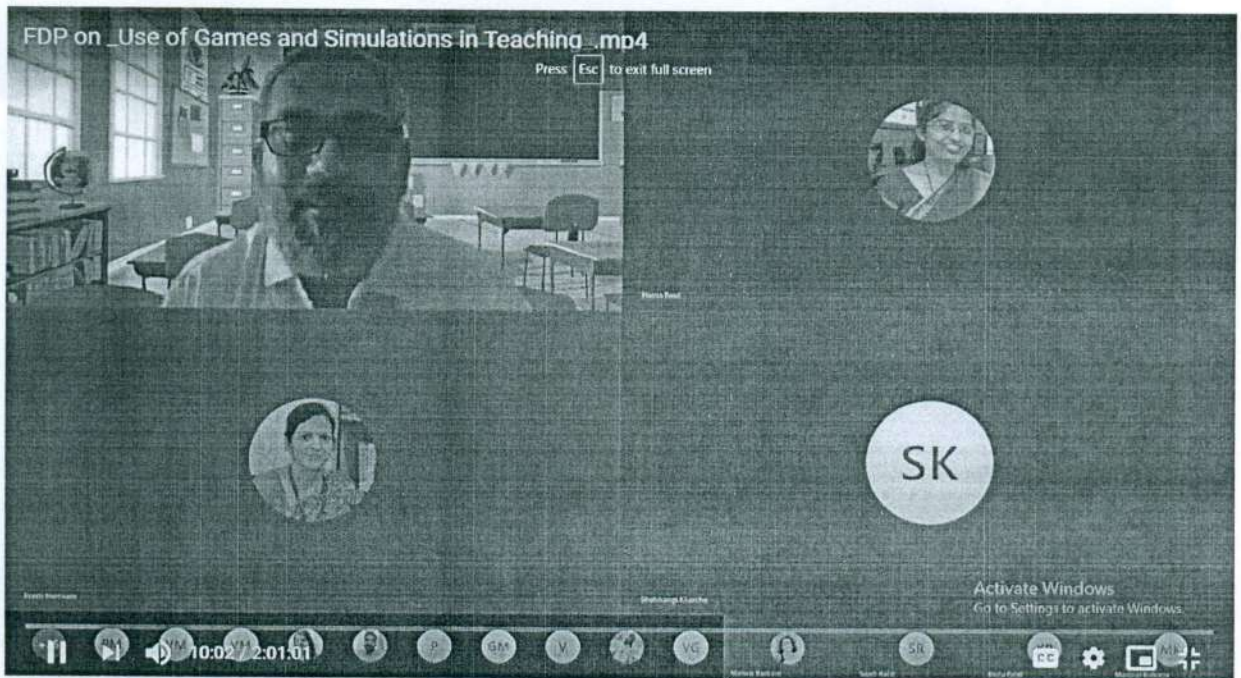

The resource person had shared different experience related to use of games and simulation which he had used in teaching during the session. Also he had discussed the different ways to overcome the limitations of traditional teaching learning methods with the help of games and simulation.

Some appreciations given by participants:

- Good interactive session
- Informative and helpful in teaching.
- Good insight on making teaching effective
- Good Session with lot of inputs
- Lot many information to make learning process more interesting for students
- The session was interactive, and engaging.
- Making participants work on their own.
- I appreciate efforts of shreekant sir for delivering such a interactive and insightful session Activities
- Very nice session

Suggestions for improvement given by participants:

- Specific game techniques needs to be discussed in detail
- More ideas to engage students
- Simulation tools should be introduced

Impact Analysis:

The participants enjoyed research paper group activity conducted by resource personal with the help of Microsoft Teams app. The session was very helpful to make interactive teaching learning process by introducing different games and simulations. The participants appreciated the work done by resource person and suggested to organize sessions on introduction of different games related to some subjects which can be used in teaching.

Event Report

HACKTOBER FEST 2020

Event Information

Event Type: Interactive Session with Hands-on

Event title: HACKTOBER FEST

Event Date: 4th, 11th, 18th, 24th October 2020

Organized for: Engineering Students

Organized by: TECHNICAL TEAM

Target Audience: Undergraduate Students

Attachments: 1. Participants list
2. Photographs (in JPEG/PNG)
3. YouTube link for session

PRINCIPAL
S. I. E. S. GRADUATE SCHOOL OF TECHNOLOGY

Sector-V, Nerul, Navl Mumbai-400706

Event Description

Hacktober fest is to promote Open Source among the students. Technical Team SIESGST in collaboration with DSC SIESGST conducted Hacktober fest from 4th to 25th students were given exposure to Open Source with a hands-on session to give them a better understanding of the topic.

The hacktober fest started with technical team giving insights of open source in web app robotics and game domain followed by DSC team explaining importance and features of GIT and GITHUB.

Schedule –

4/ 10/2020 - A kick start to Hacktober Fest

11/10/2020 – Hand-On session on GitHub

18/10/2020 – Solve Open Source queries

24/10/2020 – contributing to FOSSGST

Various topic were covered like hosting own website through GITHUB, branching and using OpenSource to interact with people. In the last week the participants were given a few repositories by the organizing team to help them achieve the target of 5 full request to complete the Hacktober fest . A total of 87 students registered and showed interest in Hacktober.

Event Description

Department of Electronics and Telecommunication is organized a Faculty Development Program on "Internet of Things" under IQAC on Friday, November 06, 2020 from 3:15 pm to 5:15 pm. Duration of the Session: 2 Hours.

The mode of conducting this program is online with Microsoft Teams application.

The session was conducted by an expert from Tata Consultancy Services, **Mr. Prasad Ghag**.

Mr. Prasad Ghag has 15 years of IT experience in Development, Operations & Research portfolio. He has passionate on IoT based use case development and research in IoT with Blockchain implementation. Currently he is working with TCS Blockchain Services as Technical Architect to serve various Blockchain solutions.

He highlighted the scope of the topics, its applications, future impact. The session covered different areas of IoT ranging from the history, basics, technology aspects of IoT, up to applications.

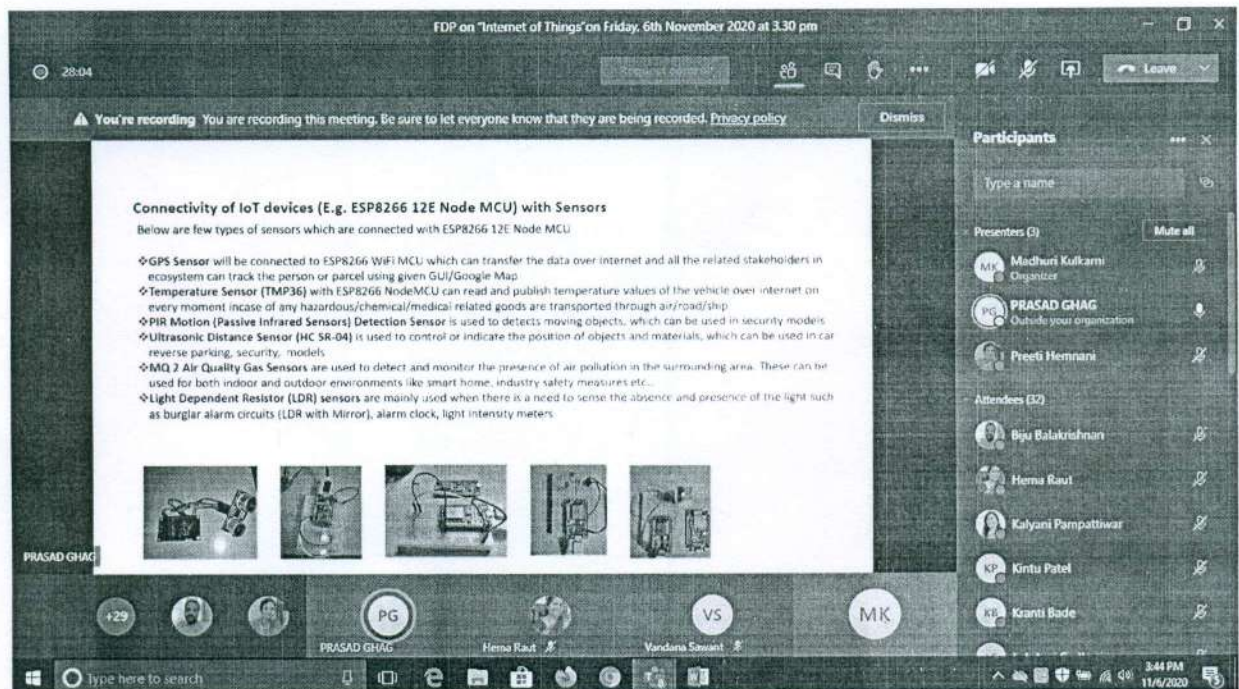

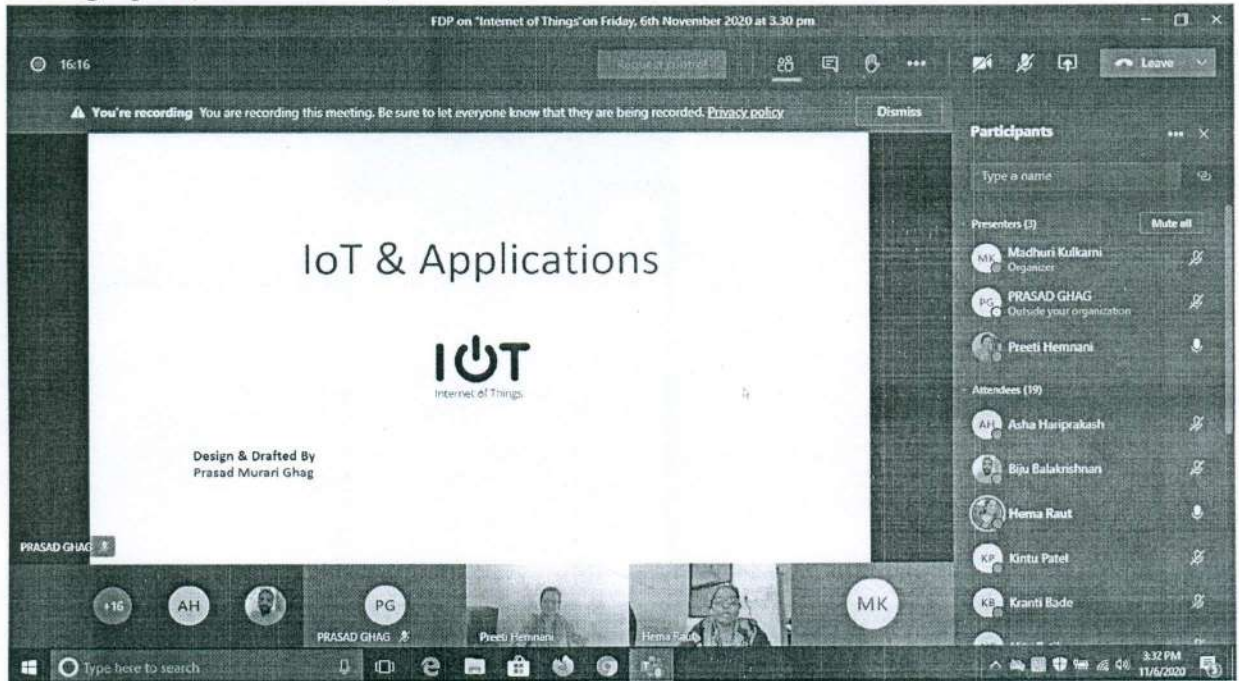

The resource person had introduced different IoT devices, communication protocol such as WiFi, RFID, Bluetooth, LoRaWAN etc. during the presentation. He had demonstrated the use of IoT device in colour, face, object recognition, object tracking using video. Also he had discussed the different aspects of IoT block chain interfacing.

Some appreciations given by participants:

- Nicely Explained
- Informative
- Very good session
- Good Combination of Technical research
- Excellent session

PRINCIPAL
S.I.E.S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarendra Saraswathy Vidyapuram
Sector-V, Nerul, Navi Mumbai-400706

Suggestions for improvement given by participants:

- Some practical implementation would be appreciable
- More information about actual program of devices

Impact Analysis:

The basics of IoT was covered in the session which help faculty to get the basic understanding of IoT field. The session is also useful to know different areas of research in IoT field. Also the participant can use the different IoT devices virtually for demonstration of different system which was explained during session. The session was benefited to guide students in their project work.

FE Orientation for batch 2020-21

Kanthi Mathi <kanthim@sies.edu.in>

Sat 06-02-2021 11:06

To: Sumitra Padmanabhan <Sumitrap@sies.edu.in>; PATIL PRATHAMESH RAVINDRA <prathameshppt118@gst.sies.edu.in>; Seema Khan <seemak@sies.edu.in>; Manasi Karkare <manasik@sies.edu.in>; HOD FE <hodfe@sies.edu.in>

Dear all

You are cordially invited to join us for the FE orientation program for batch 2020-21 to be held tomorrow Feb 06, 2021 at 10.30 am. The link for the same is https://teams.microsoft.com/join/19%3ameeting_MDMxNjdiMmQtNjkxYS00NTI5LWFhZDMtNmQ5M2ExNDQ0ZmNm%40thead.v2/0?context=%7b%22Tid%22%3a%22405ddc34-d660-46e5-b52d-bfd0be156bb5%22%2c%22Oid%22%3a%2266574775-da43-4f4d-ad49-06d0356ef6a9%22%7d

Note:

1. Attendance is compulsory for all the first year students.
2. Please join by 10.15 am
3. Detailed schedule will be shared with you

Event Description

The FE induction program is a yearly session conducted by SIES GST where the faculty and the students interact with the new batch of students to familiarize them with the college. FE induction 2021 was held online on Microsoft Teams and saw active participation from students.

Day 1:

The first day of FE induction started with a brief introduction about the program, with the principal, Head of Departments and the dean of FE addressing the students. This was followed by a speaker session by Mr Tejas Hoskatti. An hour long break was then observed for the students to have refreshments and come back with a fresh mind. Post break, a speaker session was conducted, where Mr Saurabh Prabhu, an alumni of SIES GST enlightened our students about the various things related to college life and further. To conclude day 1, the workings and teams of the Student Council of SIES GST were introduced to the students, and their queries related to the working of the council were answered.

Day 2 :

Day 2 started with a Yoga session organized by the NSS Team of SIES GST. It was very energizing and refreshing. Mr. Umesh Jadhav conducted a session on "Universal Human Values". He is western region coordinator for UHV and member of NCC-IP for AICTE and he discussed with students the right understanding of happiness through the process of self exploration. The English proficiency test was conducted and FEs emerged with outstanding scores. Mr. Omkar Prabhu - our alumnus is a Software Engineer at Eastern Enterprise, he established and worked on several initiatives like SIESGSTarena Platform, CodeChef Campus Chapter, ACM ICPC Team from SIES GST. He engaged with the FEs and talked about his experiences. The FEs then adjourned for a break. After the break the council and student chapters had various activities planned for the FEs.

The technical team conducted a session about ABCs of technical which gave the students a glimpse of various technical fields. In the blockchain section, they tried and explained blockchain in depth, so that students are aware and keep track of the latest advancement in this technology. Hacking was also explained.

The Literary Team had planned a variety of activities for the FE Induction programme. The Team began the session by introducing all the events conducted by the team. To lighten up their mood and to freshen the FEs, a number of games and icebreakers were played. After all the fun games, the team explained to the FEs, all about the 'mock parliament.' A mock parliament was conducted. Interesting topics like 'India's data protection policies', 'The new education system of India', etc were discussed.

CSI, the student chapter, covered the basics of Cyber Security and gave a brief idea of how cyber security works and its importance. The important CIA Triads and CTF were also covered. The event

PRINCIPAL
S.I.E.S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarendra Saraswathy Vidyapuram
Sector-V, Nerul, Navi Mumbai-400706

also gave a glimpse into different competitive cyber security competition types which focuses on problem solving using cyber security techniques.

The Design team conducted the workshop on The Basics Of Designing, Color Variations and a Short Introduction to Corel Draw, Photoshop And Illustrator. We also provided a short tutorial about how we can design easily using these softwares. The students were given a brief knowledge about how the student council design team works and showed them some of the posters and certificates made by the team.

IEEE, the student chapter, was able to portray the benefits of MTTs and WIE subchapters. A glimpse of the different events conducted by the student chapter were also highlighted. Further a short introduction to Machine Learning and Artificial Intelligence which developed their curiosity. A small game and a face mask detection project were shown to the students.

The Cultural Team conducted a session to introduce the FE's to the team and its workings. A brief presentation of the events that come under the cultural team was shown to the students.. All five cultural clubs (Aagmi, Aarambh, Aaroha, Fashion Show and Moksh) gave a brief introduction of themselves and what they do, along with their achievements and a short video of their performances. The session ended with a small karaoke session.

The Creative Team of SIES GST conducted an origami concourse obeyed by a mandala session for the initial two days. On the last day, we arranged an origami and a doodle art concourse. Immensely enthusiastic fresher's shared their unique artworks with us, which we featured on our creative team's page to encourage and appreciate their initiatives.

Day 3:

Similar to the previous day, day 3 began with a Yoga session conducted by the NSS. Next up was a speaker session by Mr Vishal Vinod. He completed his Master of Business, Entrepreneurship and Technology (MBET) at the University of Waterloo and has an undergraduate degree in mechanical engineering from India. Vishal is currently building a culture of innovation and startups at the DFZ. Another speaker session was arranged for all FEs. Mr. Saurabh Sinha is a serial social entrepreneur and has a degree in Electrical Engineering from Sardar Patel College of Engineering and has a work experience of over 18 years that spans manufacturing and e-commerce. He talked to the FEs regarding e-commerce, merchandising, Digital marketing and many more such topics.

The Literary Team organized a Resume Building Workshop to teach them the nitty-gritty of building an effective resume. Students were explained what a resume is, why it is needed and the importance of a good resume. The students were asked to build a resume of their favorite character or object. They submitted their resumes through online forms. All the resumes submitted by the students were very creative. The most attractive resumes were displayed and read in front of everyone. The workshop received active participation from the students in which they got to learn new things and also enjoyed at the same time.

PRINCIPAL
S. I. E. S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarendra Saraswathy Vidyapura
Sector-V, Nerul, Navi Mumbai-400706

The session conducted by the technical team started with explaining the basics to the students followed by 2 activities (activity 1- create connotative image, activity 2- think of automating any gadget). Ascii was explained followed by activity regarding the same. After an overall experience students were able to think creatively in a new direction or add some new perspective to them. Throughout the rest of the day, other teams and student chapters conducted their respective sessions.

Day 4 :

The day yet again started with an energizing Yoga session by the NSS team. The first session for the day was of UHV. The universal human values session was conducted by DR. Mohan Rao who is currently a member of UHV Cell of Mumbai University. He is not only an Electrical Engineer from BITS-Pilani, PGMSM from Delhi University but also with IES Management College and research centre in mumbai as professor and associate Dean. He talked about various important human values that will be helpful for the FEs.

After this session, a maths proficiency test was conducted and FEs emerged with outstanding scores. After a short break, the FEs resumed their sessions with various activities by the cultural team, creative team, design team, literary team, IEEE student chapter as well as CSI.

In the session conducted by the technical team, students got to know about what is gamedev, role of gamedev and interaction took place to know favorite games, elements of game and various game terms. Students were briefly explained how to make a game. This ended with technical questions and showcasing work. Throughout the rest of the day, other teams and student chapters conducted their respective sessions.

Day 5:

An alumni session was conducted by Kratika Kaushal. She is currently working as a quantitative analyst in a private fund management company in Melbourne for over 2 years. She shared her college experience and importance of the student council.

The next session was by the speaker Ms. Harshada Patil. She is a POSH Consultant and External member for many leading companies. She said that workplace sexual harassment is a form of gender discrimination which violates a women's fundamental right to equality. Further she explained different scenarios and examples that came forward in her career. She also told the students about the internal complaints committee.

The FEs were then introduced to the Media Team of SIES GST. We first went through the basics of photography, explaining the most important rule of thirds, with the exposure triangle to explain the basic rules to follow when taking a good photo. The media team showed their various works including the TML movies. In the end a question and answer session was also held by the team

PRINCIPAL
S. I. E. S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarendra Saraswathy Vidyapuram
Sector-V, Nerul, Navi Mumbai-400706

where the first years would ask various questions regarding the team, or how to be a part of the media team.

The technical team conducted a session in which students were addressed by the technical heads to give them insight of what the technical team of SIESGST has achieved so far. Technical heads from various technical domains explained to students about their domains like app development, web development and machine learning.

The Sports Team of SIES GST started off by giving a powerpoint presentation regarding our teams. The students got to know about our main event, LAKSHYA. Introduction of our online event 2fit2quit was given as well. After the introduction of our Sports Team an inspirational session was held by our Sports Secretary Mrunal Sarang. We concluded the session by keeping a short Q&A session.

The students were introduced to SAE INDIA. They were introduced to the various competitions organized by SAE India such as baja, gkdc, supra and aero design. The team explained how the events are organized by SAE. College level events such as Road Rash, auto mania, racing and many more events were introduced. Technical knowledge and communication skills are equally essential for good engineers, so they were made known to the seminars and workshops held on college campuses.

The PROMETHEAN session's primary role was to make the students familiar with Design Work. The induction was initiated by why designing is important and how it would be helpful for them in the future. Further the applications such as designing logos, posters, etc. were explained in detail. The main aspect that was covered in this session was designing posters with the help of Canva and PowerPoint. As a fun element, a quiz was conducted using Google forms.

ISTE conducted a session, the main agenda of the event was to bring out innovative ideas from the young minds which could bring out some impact into the society in the near future. Various ideas were discussed and acknowledged. The first years then created posters in order to market their idea in the most creative fashion. They were told to do this task using Canvas which is an online platform to build creative posters and has a very intuitive user interface. Finally the audience was told to submit their work in a given drive link and they were introduced to the social media handles of ISTE.

Dr. Lakshmi K Varanasi, Ex Principal of ICLES Motilal Jhunjhunwala College, conducted a UHV session on "Time Management" from Oxford London. She highlighted students on effective planning techniques to achieve success in all endeavours.

Day 6:

The last day was kicked off by another yoga session by the NSS unit. A session was conducted by Ms. Jagruti Shenoy. She completed her MBA in HR from XLRI Jamshedpur. Currently she is working at Amazon since May 2020, as an HR Business Partner.

The NSS unit of SIES GST conducted a disaster management workshop conducted by Mr. Mohammad Faizan, who is the founder of Social Architect Foundation and Mr. Harshad Patil, secretary at Social Architect foundation., which included:

1. Explanation on the when, why and what of CPR, the technique by which CPR is given and the things to follow. This was then followed by volunteers practically doing pre-CPR actions.
2. Immediate reactions for Hand injury, Head injury, Leg injury and eye injury.
3. Mobilization techniques such as two-hand, three-hand and four-hand positions, making a stretcher with sticks and sheet, sticks and rope, etc.

About SIES Graduate School of Technology

SIES Graduate School of Technology, an integral part of the well-established South Indian Education Society, started in the year 2002, is located amidst the educational hub of Navi Mumbai. It is situated at Sri Chandrasekarandra Saraswathy Vidyapuram, Nerul, providing an ideal setting for academic pursuits. It is one of the premier institutes in Navi Mumbai imparting quality based Technical Education in the field of Computer Engineering, Information Technology, Electronics & Telecommunication Engineering, Electronics and Computer Science, Printing & Packaging Technology, and Mechanical Engineering. The institute is approved by All India Council for Technical Education New Delhi, Directorate of Technical Education Mumbai, affiliated to the University of Mumbai, accredited by NAAC and Tata Consultancy Service Limited.

Department of Computer Engineering

The Department of Computer Engineering came into existence in 2002, and at present operational with an intake of 120. It has dedicated, highly qualified faculty members and is equipped with excellent infrastructure and state of the art laboratories, to provide students with a holistic and pragmatic view of the latest trends in Computer Engineering and IT industry.

Vision of the Department

To be a Centre of Excellence in Computer Engineering to fulfill the rapidly growing need of the society

Mission of the Department

- M1: To Impart quality education to meet the professional challenges in the area of Computer Engineering.
- M2: To create an environment for research, innovation, professional and social development.
- M3: To nurture lifelong learning skills for achieving professional growth.
- M4: To strengthen the alumni and industrial interaction for overall development of students.

Course Objectives

- Learn about Blockchain concept and crypto-currencies.
- Understand the concept and importance of Blockchain technology in Business
- Use of various tools to implement the Blockchain.

Course Outcomes

Participants will be able to,

- To understand Blockchain and Bitcoin
- Implement the Blockchain using various tools.
- Apply the blockchain in business applications.

Course Contents

- Introduction to Blockchain Technology
- Concepts in the Blockchain and Bitcoin
- Cryptography requirement for blockchain
- Creating ethereum wallet and generating cryptocurrency
- Creating of SMART contract using solidity
- Creating Blockchain using Hyperledger Fabric
- Creating Blockchain application using Ganache framework.
- Applications and case study of blockchain Technology

Resource Persons

- **Revanth Kumar:** Community Builder, Ex-Pegasystems & E, Hyderabad.
- **Mr. Prasad Ghag:** Tata Consultancy Services

Event Report

ISTE –AICTE Approved one week STTP on BlockChain Technology

(January 04 to January 09- 2021)

Event Information

Event Type: Short Term Training Program

Event Title: Blockchain Technology

Resource Persons: Mr. Revanth Kumar(Community Builder, Ex-Pegasystems & E, Hyderabad), Mr. Prasad Bhag(Tata Consultancy Services), Dr.Rizwana Shaikh, Prof.Masooda Modak.

Event Date: 04/01/2021 to 09/01/2021

Organized for: Faculty from Engineering / MCA College, M.E./M. Tech students, Research Scholars.

Organized by: Computer Engineering, SIES GST

Target Audience (Branch & Nos.): Faculties of Engineering Colleges : 25 faculties)

Attachments: 1. Photographs (JPEG/PNG)

2. Attendance Report

Feedback Report

Event Description

Department of Computer Engineering of SIES GST organized an AICTE-ISTE approved STTP from 04/01/2021 to 09/01/2021

Dr. Aparna Bannore, Vice Principal, HOD CE has welcomed Chief Guest, Mr. Chintan Oza, Tech & Scaleup Specialist, Principal Dr. Atul Kemkar and all participants. She addressed the participants about overview of program. She explained the benefits of learning security and blockchain. Also various career opportunities available in the field of security. Principal Dr. Atul Kemkar has motivated participants for enthusiastically attending STTP. Prof. Kalyani Pampattiwar hosted the inaugural ceremony of STTP and introduced the Chief guest to everyone.

Around 25 participants from SIES GST and other colleges attended the STTP. Entire program was carried out in six days span. Eveready's session is divided into two halves morning and afternoon.

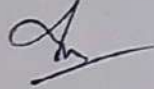

The Sessions started with covering basics of Security and need of Blockchain. Various tools were identified and studied along with the demonstration.

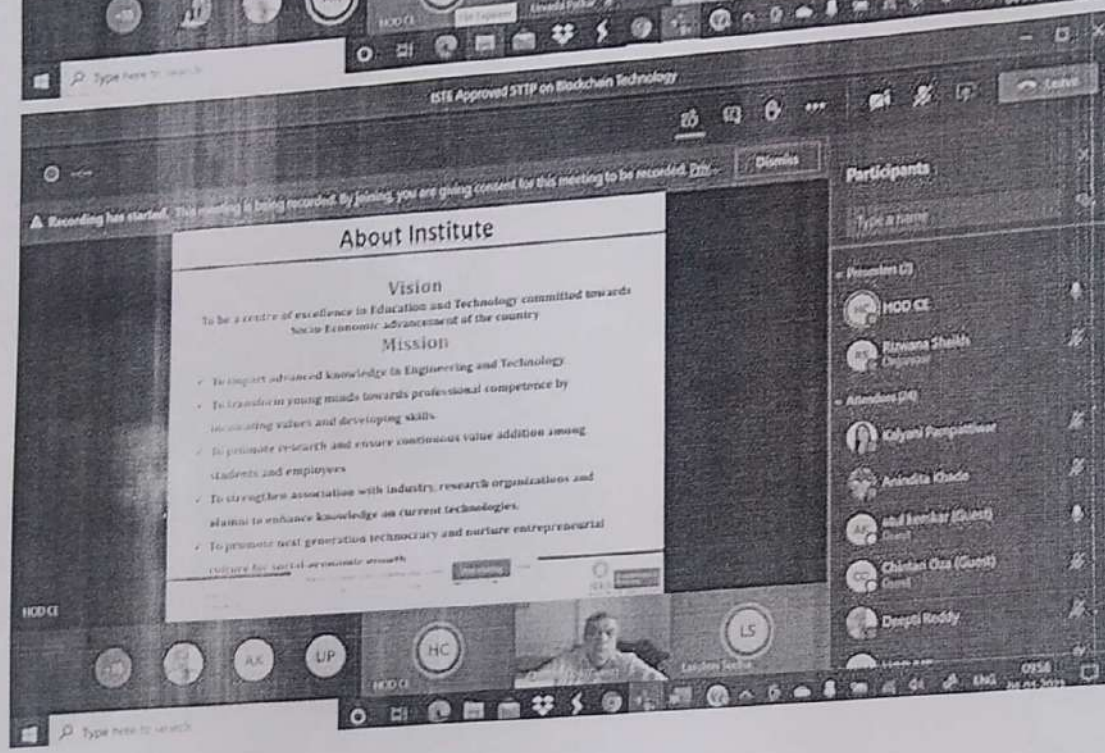

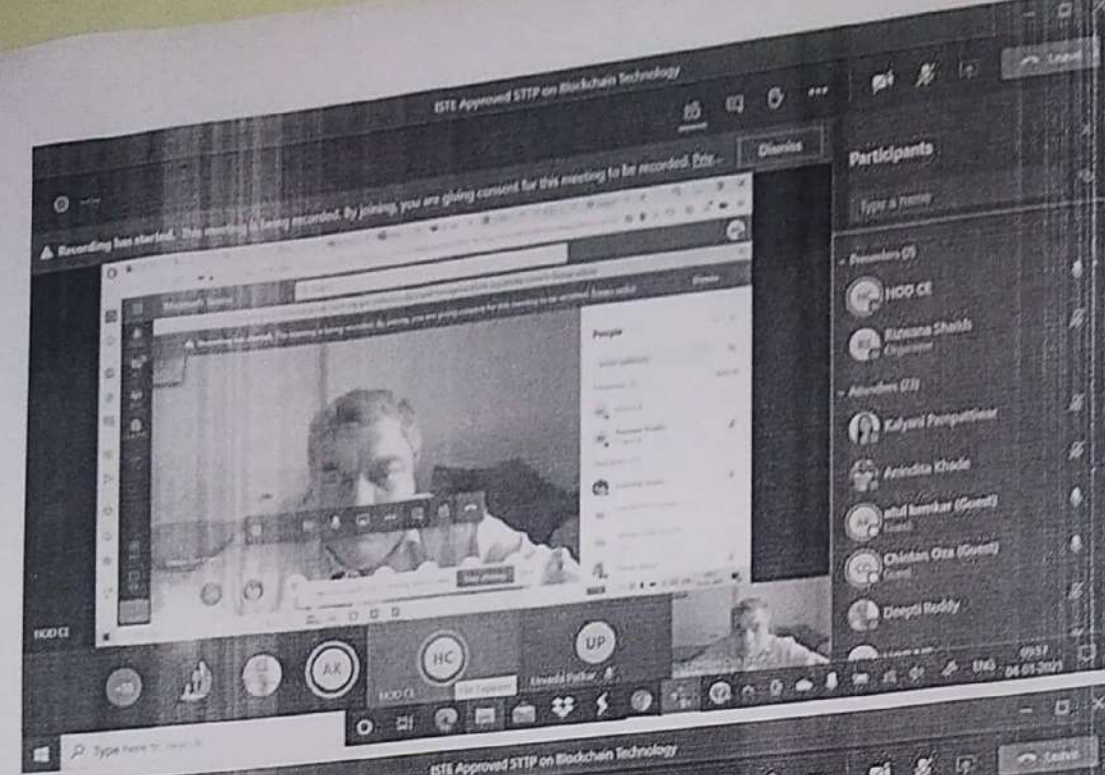

The first day session was conducted by Dr. Rizwana Shaikh. She has covered Introduction to Blockchain, Applications and advantages Bitcoin: Introduction Cryptocurrency and applications followed by afternoon session conducted by Prof. Masooda Modak on Smart Contracts, Key Properties of smart Contracts, Language for Smart Contracts-Solidity. Second day session was conducted by Mr. Revanth Kumar showing Implementation of Blockchain Technology with NodeJS. Day 3 session was continued by Mr. Revanth on Creation of Blockchain with NodeJS. Genesis block, creating Nodes to Mine the crypto currency. On Day 4, Mr. Revanth gave hyper ledger fabric introduction and its architecture and implementation. On day 5, Dr. Rizwana Shaikh demonstrated Creating Blockchain Application using Ganache framework in first half, and in second half Prof. Masooda Modak gave hands on session on Introduction to solidity, Remix IDE framework and Sample contract., Deploying Smart Contracts, using Metamask for transfer of ethers.. Day 6 was conducted Mr. Prasad Ghag on Application of Blockchain in IOT. He briefed the participants about

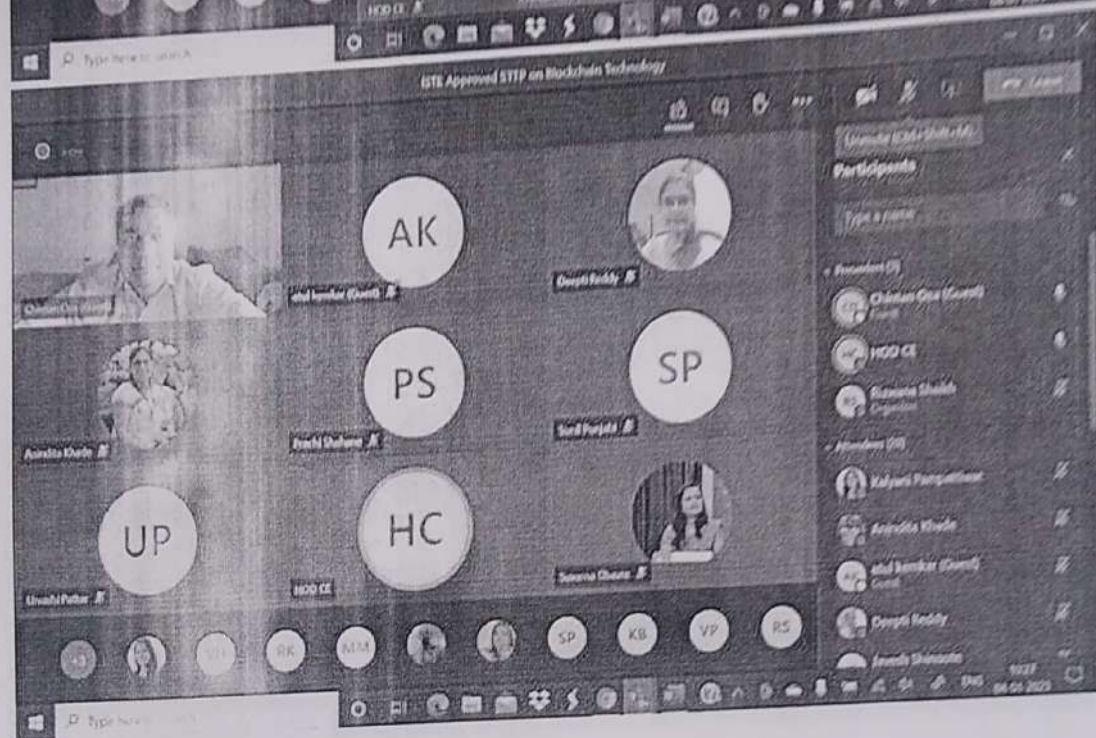

Corda platform. In valedictory note Prof. Kalyani Pampattiwar has welcomed Hon. Advisor Dr. P.V. Parmeswaran, Principal Dr. Atul Kemkar and all participants. Vote of thanks was presented by Vice Principal, HOD CE, Dr. Aparna Bannore. She has congratulated all the participants for attending the SDP with full enthusiasm.

"Sessions were very good and informative."

"Well done"

https://forms.office.com/e/1gndGdwKwPqGvN9i00J8KwR_wm4J6r6W7D6m4y9W7Atgme4J8Kzgrm70F6zDzCdz6kule78m7 2/2

Impact Analysis:

1. Faculties got exposure to upcoming applications of Blockchain technology.
2. They have learnt the concepts related to cutting edge technology.

Important Dates:

Registration Deadline: 5th January, 2021

Course Duration: 11/01/2021 to 16/01/2021
(10 am to 4.30 pm)

Who can apply:

Faculty members, Industry personnel, Research scholars/PG students.

Course Fee*:

Rs.1500/- for ISTE Members/PG Students/Ph.D
Scholars/SIES Faculty

Rs.2000/- for Non ISTE Members, SIES Alumni

Rs.3000/- for Industry Personnel

Mode of Payment: Demand Draft/Cheque/
NEFT/RTGS

Details of Demand Draft:

The Demand Draft should be in the favour of
“Principal, SIES Graduate School of Technology”
payable at Navi-Mumbai.

About SIES

The South Indian Education Society (SIES) established in 1932 at Matunga, is a pioneer in the field of education, in this metropolis. The Society has been serving the cause of education and has carved for itself a niche, as a provider of quality and value based education from Nursery to Doctoral level in a wide variety of fields.

About SIES Graduate School of Technology

SIES Graduate School of Technology, an integral part of this well-established Community, started in the year 2002 is located in the midst of an educational hub in Navi Mumbai imparting quality based technical education, offering four year Bachelor of Engineering courses in;

- Electronics and Telecommunication Engineering,
- Computer Engineering,
- Information Technology,
- Printing & Packaging Technology and
- Mechanical Engineering.

Department of Printing and Packaging Technology

Department of Printing & Packaging Technology runs on exclusive industry oriented engineering program on Printing & Packaging Technology established in 2006-07 affiliated to University of Mumbai which was first of its kind course in the whole of India with a sandwiched professional internship program in the final year. The department has received BEQET President's award 2013 from NCQM, Mumbai

The Course Objectives:

- To understand the types of adhesives, its method of production and application in the printing & Packaging Industry
- To understand the coatings, its types and application of coatings in Printing & Packaging Industry

Resource Persons:

Experienced resource persons from industry and reputed institutions.

The Course Contents

Day	Topics
Day 1	Introduction to Adhesives & Coatings, Theories of Adhesion
Day 2	Types of Adhesives, Adhesive Manufacturing Process
Day 3	Surface preparation Methods, PSA Tapes, Adhesive Production optimization
Day 4	Classification of Coatings, Production of Coatings
Day 5	Methods of Coatings, Laboratory Test Methods
Day 6	Application of Adhesives and Coatings in Printing & Packaging Industry

The Course Outcomes

Participants will be able to

- Apply the concepts of adhesion in selecting the adhesives while package design.
- Choose the relevant coatings for various printing & packaging jobs.
- Carry out the quality tests of adhesives and coatings

**SOUTH INDIAN EDUCATION SOCIETY'S
Graduate School of Technology, Navi Mumbai.
Department of Printing and Packaging Technology**

Faculty Development Program

on

**"Adhesives and Coatings for Printing and Packaging
Industry"**

11th January 21 to January 16th, 2021

With the rising emphasis on convenience packaging and the modern method of reducing/replacing inorganic packaging materials with paper-based or bio-degradable materials, the inorganic packaging material are being replaced with paper-based or bio-degradable materials. In recent years, the use of adhesives and coatings as enablers has grown in popularity.

This faculty development program is a modest attempt to educate faculty members about the numerous adhesives and coatings that are frequently utilized in the printing and packaging industries. This is particularly critical from the standpoint of labelling technology, because the Mumbai-based label manufacturing industry has long been a supporter of the department and, as a result, is a major stakeholder in the printing and packaging technology department's growth.

This type of session has always aided faculty in managing industry-based projects, and it will continue to do so in the future.

About Instructors:

This course will be taught by subject matter expert (SME) from industry working in this field of Adhesives, coatings and label manufacturing.

Course Objectives:

- To understand the types of adhesives, its method of production and application in the printing & Packaging Industry
- To understand the coatings, its types and application of coatings in Printing & Packaging Industry
- To understand the coatings, its types and application of coatings in Printing & Packaging Industry

Course Outcomes:

Participants will be able to

- Apply the concepts of adhesion in selecting the adhesives while package design.
- Choose the relevant coatings for various printing & packaging jobs.
- Carry out the quality tests of adhesives and coatings

Course Content:

Day	Contents	Hour
Day 1	Introduction to Adhesives & Coatings, Theories of Adhesion	8 hrs
Day 2	Types of Adhesives, Adhesive Manufacturing Process	8 hrs
Day 3	Surface preparation Methods, PSA Tapes, Adhesive Production optimiz"	8 hrs

ABOUT US

SIES Graduate School of Technology, an integral part of the well-established South Indian Education Society, started in the year 2002, is located amidst the educational hub of Navi Mumbai. It is situated in congenial environment over a 6-acre plot of land at Sri Chandrasekarandra Saraswathy Vidyapuram, Nerul, providing an ideal setting for academic pursuits. It is one of the premier institutes in Navi Mumbai imparting quality based Technical Education in the field of Computer Engineering, Information Technology, Electronics & Telecommunication Engineering, Printing & Packaging Technology, and Mechanical Engineering. The institute is approved by All India Council for Technical Education New Delhi, Directorate of Technical Education Mumbai, affiliated to the University of Mumbai, accredited by NAAC and Tata Consultancy Service Limited. The institute has excellent infrastructure and state of the art fully equipped and sophisticated laboratories.

COURSE OBJECTIVES:

The following can be the objectives:

- To gain knowledge in the current cellular technologies
- To acquire knowledge in quantum cryptography
- To enhance the knowledge on the antenna systems and technologies used in the upcoming wireless networks.
- To achieve insights on the applications of machine learning in wireless domain.
- To update knowledge on the recent wireless technologies.

TOPICS:

- 5G wireless networks.
- Emerging Technologies for Healthcare Sector
- ML for Decoding.
- Analysis of Machine Learning in Wireless Sensor Network
- Advance Antenna System for mobile communication.
- Machine learning algorithms for wireless sensor networks
- Quantum security and its use cases
- Issues and Challenges in the implementation of V2X Wireless Communication
- Construction of wireless embedded systems and deployment strategies - Case studies

Resource Persons :

- Dr. Sanjay Pawar, Principal, UMIT, SNTD
- Dr. Saurabh Mehta, Professor and Chief Academic Officer, VIT
- Dr. Sibiraj B, Pillai(IITB), Associate Professor
- Dr. Sushil Narang, Associate Professor, Chitkara University, Punjab
- Dr. Ashutosh Dubey, Department of computer science, University, Punjab
- Mr. Aiyappan Pillai, Founder, Congruent Services
- Mr. Kanak Kawadiwale, Founder & CEO at Arishti CyberTech, Pvt.Ltd.
- Dr. Venkatalakshmi, Vice Principal & MR Velammal Engineering College, Chennai
- Dr. A. Balaji Ganesh, Dean (Research), Velammal Engineering College, Chennai.
- Dr. Pradeep R, Associate Professor, Barton Hill Govt Engg College, Trivandrum
- Dr. Taskeen Nadkar, GM, Product and Project Management, Reliance Jio
- Dr. Sudha Gupta, Associate professor, KJSCE
- Dr. Shubhangi Kharche, Associate Professor, EXTC, SIES GST.
- Prof. Biju Balakrishnan, Assistant Professor, EXTC, SIES GST
- Prof. Mrinal Khadse, Assistant Professor, IT, SIES GST

Department of Electronics and Telecommunication Engineering and Department of Information Technology

ISTE Approved ONE WEEK STTP on “Recent Trends in Wireless
Technologies” (Jan 18-Jan 23, 2021)

Name of the Coordinators: Dr. Shubhangi Kharche and Prof. Mrinal Khadse

Academic Year: 2020-2021

Date: January 18-23,2021

Brief Description :The STTP was jointly organized by Department of Information Technology and Department of Electronics and Telecommunication, SIES Graduate School of Technology from Jan 18-23, 2021 Patrons were Shri. V. Shankar, Shri. Ramnarayan, Dr. P.V. Parameswaran. Conveners were Dr. Atul Kemkar, Dr. Preeti Hemnani, Dr. K.Lakshmisudha. Program Co-ordinators were Dr. Shubhangi Kharche and Prof. Mrinal Khadse. The Programme was inaugurated by Dr. Sanjay Pawar, Principal UMIT SNTD

Objectives of the program were

1. To gain knowledge in the current cellular technologies
2. To acquire knowledge in quantum cryptography
3. To enhance the knowledge on the antenna systems and technologies used in the upcoming wireless networks.
4. To achieve insights on the applications of machine learning in wireless domain.
5. To update knowledge on the recent wireless technologies

Contents of the program were

1. 5G wireless networks.
2. Emerging Technologies for Healthcare Sector
3. ML for Decoding.
4. Analysis of Machine Learning in Wireless Sensor Network
5. Advance Antenna System for mobile communication.
6. Machine learning algorithms for wireless sensor networks
7. Quantum security and its use cases
8. Issues and Challenges in the implementation of V2X Wireless Communication
9. Construction of wireless embedded systems and deployment strategies - Case studies

Resource Persons of the Program were

1. Dr. Sanjay Pawar, Principal, UMIT, SNTD
2. Dr. Saurabh Mehta, Professor and Chief Academic Officer, VIT
3. Dr. Sibiraj B, Pillai (IITB), Associate Professor
4. Dr. Sushil Narang, Associate Professor, Chitkara University, Punjab
5. Dr. Ashutosh Dubey, Department of computer science, University, Punjab

TECHNOPRENEUR

Technopreneur is a national level event by IEEE in collaboration with EDC. In this event, young engineers solve real world problems by using their entrepreneurial as well as technical skills. In this event the participants get to solve real world problems by completing a series of fun tasks. By the end of the event one would have solved a real world problem while completing a series of tasks.

Sri Chandrasekarendra Saraswathy Vidyapuram
Sector-V, Nerul, Navi Mumbai-400706

IEEE Student branch of SIES, Graduate School of Technology organized the 9th edition of TECHOPEDIA. Techopedia 9.0 was conducted virtually for the first time due to the lockdown situation and was a weeklong fest starting from the 24th of January till the 30th of January.

Techopedia is a national level technical festival organized under IEEE Student chapter of SIES Graduate School of Technology. In this year's edition 4 events were conducted, namely Inquisitive (National Quiz Competition), Squabble (National Debate Competition), a flagship event TechForge (Virtual Puzzle Solving competition) and a collaborative event Technopreneur (technical business model presentation competition) in collaboration with EDC SIESGST. The theme for this year's festival was "The Realm of Ethical AI".

The inauguration ceremony started at 6:00 pm on 24th of January 2021. The platform used was Microsoft Teams and the ceremony was attended by over 125 individuals including SIESGST faculties, participants and other students as well.

Dignitaries present for the event were:

- | | |
|-----------------------------|-------------------------------------|
| ➤ Dr. Sooryanarayana Doolla | Chair, IEEE Bombay Section |
| ➤ Dr. Satyanarayana | Vice chair, IEEE Bombay Section |

| ➤ Dr. Atul Kemkar | Principal, SIESGST |
| ➤ Dr. Preeti Hemnani | Head of EXTC Department, SIESGST |
| ➤ Prof. Biju Balakrishnan | Branch Counselor, IEEE SIESGST |

The inauguration ceremony began with a small prayer presented by Ms. Aditi Rao followed by the raising of the curtains to present the events of Techopedia 9.0. Mr. Sricharraan Ramaswamy, Chairperson, IEEE SIESGST gave a speech highlighting all the contributions, activities, and awards the chapter has been able to make possible in the past year. All the dignitaries gave a small speech applauding the Student Branch for keeping active even through the lockdown and were presented with a Token of Gratitude for taking out time and gracing the event with their presence. The ceremony concluded at 7:00 PM with an appreciation speech by Ms. Athulya Anand and the national anthem.

TECHFORAGE:

Techforage was a competition which presented itself as a virtual cryptic hunt. The event was organized in order to help students develop their mental abilities through crosswords, puzzles, brain teasers and more. The event was organized for the first time and was the flagship event in Techopedia 9.0. Participants could register for the event in teams of two and the registration started in late December 2020.

150 teams had registered for the event and were all able to participate in the 1st round conducted on the 27th of January, 2021, which consisted of two stages wiz. Mystery word game and Resistor Mania. This round began at 10:30 AM and continued till 3:30 PM. 44 teams qualified for round 2, which was conducted on the 28th of January, 2021 between the hours of 4:00 and 7:30 PM. Teams were given phrases in morse code to be decoded before being able to proceed to the Hangman stage that consisted of Brainteasers. Of the 44 teams from round 2, 15 were given the opportunity to participate in the final round. In the final round, conducted on the 30th of January, 2021, between the hours of 2:00PM and 5:00PM, participants were given a series of pdfs, filled with puzzles, coded messages, crosswords, and many such riddles, each pdf accessible with the answer from the previous. All rounds were conducted on the Discord platform and the teams that were able to tough it out and decode all the riddles, puzzles, questions and PDFs were declared winners. Participants received certificates and the winners and runners up received cash prizes.

It is a National Level Debate competition and a platform to showcase your oratory skills with technical perspective. The event began on the 25th of January, 2021 with round 1. Close to 120 teams had registered for the event and over 80 teams participated in round 1. In round 1, 4 teams debated in a round robin method after voting on a preferred domain out of two. The round started at approximately 12:30 PM and lasted till 4:00 PM. The judges for this round were Ms. Poorvaja KVK, Mr. Siddhant Meshram, Mr. Sankul Pandey, Ms. Diksha Adke, Mr. Harsh Ramesh, Ms. Simran Sharma, Ms. VR Megha and Mr. Cibin Chandrasekharan. Out of the teams participating in round 1, 36 teams qualified for round 2. Round 2 was conducted on the 28th of January, 2021, from 11:00 AM to 2:30 PM. It followed a Team A v/s Team B system, where topic of team A was a surprise for Team B and vice versa. This round of debate saw a very refreshing speed of debate as the teams battled out over the two topics with topics being switched intermediately. Each debate was 20 minutes long with 1 added minute for conclusive statements. The judges for this round were IEEE SIESGST alumni, Ms. Aditi Kulkarni, Mr. Adityanand, Ms. Diksha Thakur, and Mr. Sahaj Shukla. Out of the 36 teams, 10 teams qualified for the final round. In the final round, conducted on the 29th of January, 2021, between the hours of 3:30 PM and 7:00 PM, two debating teams were shown a video clip, with 5 such separate video clips. The topic for the debate was to be based on this clip. Teams were given a few minutes for discussion before the debating would begin. The team winning a mini game before the debate would decide the topic from the video clip, or could decide to go for or against the topic their opponents chose. Each debate in this enthralling round was close to 20 minutes long as the teams put forth strongly worded and crucial points.

The judges, Dr. Preeti Hemnani (HOD EXTC), Prof. Sumitra Padmanabhan (SIESGST Student Council In-charge) and Dr. Sarika Chauhan (Chair, SAC Bombay Section), had a tough time in deciding the winners of the heated debates. All participants received certificates and winners and runners up received cash prizes.

It is a National level quiz competition, conducted every year by IEEE SIES GST under Techopedia. In this edition of Techopedia Inquisitive saw the maximum registrants i.e., close to 350 individuals. This boosted the event to a whole other level. The event was conducted in a similar fashion of 3 rounds conducted through the Microsoft teams platform and Quizizz platform.

In the first round, conducted on the 25th of January, 2021, from 5:00 PM to 6:30 PM participants took part in a general quiz with questions including general knowledge to junior collegiate level questions. This round was time based and participants had only a limited time for each question. After round 1 the top 30% of the entrants qualified for the second round. In the second round, conducted on the 26th of January, 2021, from 4:00 PM to 5:30 PM participants were given a crossword and upon completing said crossword, were to pick letters from the highlighted blocks and form a meaningful word. This word would be the final answer and the top 8 participants completing these in the least amount of time would qualify for the final rounds. The final rounds, conducted on the 29th of January, 2021, were split into two stages. In the first stage, between 11:00 AM and 1:00 PM, the 8 teams played a quick shorter version of monopoly, with interesting technical questions where 4 teams with the lower scores were eliminated. In the second stage, held after 1:30 PM participants played another game similar to Jeopardy. In this, blocks of questions were given, each bringing with themselves a question. Depending on the answer to the question number of points equal to the block were added or deducted from the participants score. The player with the maximum score at the end of the round was declared the winner. Participants received certificates and winner and runner up received cash prizes.

Sector-V, Nerul, Navi Mumbai-400706

competition which consists of three rounds of activities, involved and demonstrated to participants the different parts of developing a company. The event began with a bang on the 24th as participants performed an online bidding on the IEEE SIESGST platform, developed by the technical volunteers of the event, for selecting their preferred domain out of the four offered. Among the 124 registered participants the domains were split equally depending on their bids. Depending on their domains, participants had to undergo two stages in the first round, held on the 26th of January, 2021. The first stage was a selling round where the participants were asked to sell a given product and in the second stage, teams had to offer solutions to problem statements depending on their domain. 34 teams went forth into the second round, which was conducted on the 27th of January, 2021. In this round teams would answer a minor quiz and give solutions to problems in a company to win an extra 5 minutes over the initial 10 minutes. This time period was for the teams to draw up a logo for their prospective company, depending upon their problem statement from round 1 and their solution to it. Depending upon their answers to the question, quiz and logo, 8 teams qualified for the final round. In the final round, conducted on the 30th of January, 2021, teams had to present their solution to the initial problem statement from round 1, with their logo from round 2, and a PowerPoint presentation they were given 3 days to prepare. This round judged the teams on the basis of feasibility, implementation, valid reasoning for loopholes, and the uniqueness when compared to existing solutions. One team from each domain viz. food, agriculture, social and health care, were declared winners. All participants received certificates and winners received cash prizes.

Techopedia 9.0 was a grand success. The first ever virtual Techopedia saw over 500 participants and was unlike any other. The team wholeheartedly worked 6 straight months toward making the weeklong technical festival a huge part of the year. The festival was possible with the help of our sponsors. IEEE Bombay Section was the Technical sponsor for the fest, Outscal, a professionally registered company with the vision of building next generation technology were the event sponsors and the certificate sponsors for the festival were NetCredential. The festival ended on the 31st of January, 2021, with the closing ceremony. The winners of all four events were announced and the participants were given a few minutes to express their experience of the event. Certificates for the winners and runners up of each event were presented before moving on to the vote of thanks from Mr. Shubham Mishra, Vice-Chairperson, IEEE SIESGST. The dignitaries gave closing speeches highlighting their appreciation for the work the organizing team had put in. Prof. Biju Balakrishnan, Branch counselor, IEEE SIESGST gave a few words and showed us his support and encouraged us to perform our best as always. Techopedia 9.0 saw a great response from the students of our college and from other colleges all over the city. The feedback that we have received from the participants was very much positive and appreciative.

Event was well managed, clear instructed with Really Good Topics for Debate. Kudos to all of You 😊

The management was very good and enjoyed the whole event very much.

Nothing

The instructions were clear and crisp and the event was organised well.

Quizzizz UI is quite amazing. Will use it from now on. 🙌

Time limit for discussion should extend by a minute or so

None, the event was interesting.

Background music from start would have been fun

Manish is an absolute legend.

Any other comments/suggestions that you feel would have made the events more interesting?

83 responses

None. Great event. Only that the judge had a lot of net connectivity issues.

No comment

Nope, it was amazing!

Superb! Well organised, kudos to the team

It was quick as a snap.

Had a lot of fun. The surprise factor startled us a little bit... But it definitely made it more fun.

Bawaal cheez !!! Loved it!!

Want to participate events like these more

Very good session

Wonderful event

Offline would be better

Noice

Very awesome...enjoyed a alot..thanks for the event

It was so awesome

It was an awesome event 😊

It would be fun if it would be offline

No remarks it went smootly

The event was great great, wish it lasted longer.
Could have got free attendance along with fun in the event

Any other comments/suggestions that you feel would have made the events more interesting?

83 responses

CANT THINK OF ANY....THIS WAS WAY TOO THRILLING

Its good

More time should have been given to understand the questions. Everything else was good...the rounds were interesting

It was we'll organised. Kuddos!!

Good.

Good

nope , u guys nailed it

It was a great event, nicely organized by the hosts

Already good

Event Outcome: The motive of this Tech Fest was to develop various skills of students in Co-Curricular activities and to expose them to the current trends in the technical and professional fields. The event involved the student members of IEEE SIESGST as volunteers for the execution. This instilled confidence in them and they would further be interested in taking part in the executive committee of IEEE SIESGST. Besides this the festival helped in the development of interpersonal skills of the participants, eagerness of students to take part in more IEEE events, boost in the confidence of leadership skills in the volunteers and helped the student branch overcome issues of member engagement and development. The festival encourages the executive committee of IEEE SIESGST to continue its work in conducting such events and slowly and steadily grow the student chapter, milestone after milestone.

Scientists study the world as it is; engineer's create the world that has never been.

TECHOPEDIA 9.0 was one such virtual world created by our very own IEEE team!

ABOUT US

SIES Graduate School of Technology, an integral part of the well-established South Indian Education Society, started in the year 2002, is located amidst the educational hub of Navi Mumbai. It is situated in congenial environment over a 6-acre plot of land at Sri Chandrasekarandra Saraswathy Vidyapuram, Nerul, providing an ideal setting for academic pursuits. It is one of the premier institutes in Navi Mumbai imparting quality based Technical Education in the field of Computer Engineering, Information Technology, Electronics & Telecommunication Engineering, Printing & Packaging Technology, and Mechanical Engineering. The institute is approved by All India Council for Technical Education New Delhi, Directorate of Technical Education Mumbai, affiliated to the University of Mumbai, accredited by NAAC and Tata Consultancy Service Limited. The institute has excellent infrastructure and state of the art fully equipped and sophisticated laboratories.

COURSE OBJECTIVES:

The following can be the objectives:

- To gain knowledge in the current cellular technologies
- To acquire knowledge in quantum cryptography
- To enhance the knowledge on the antenna systems and technologies used in the upcoming wireless networks.
- To achieve insights on the applications of machine learning in wireless domain.
- To update knowledge on the recent wireless technologies.

TOPICS:

- 5G wireless networks.
- Emerging Technologies for Healthcare Sector
- ML for Decoding.
- Analysis of Machine Learning in Wireless Sensor Network
- Advance Antenna System for mobile communication.
- Machine learning algorithms for wireless sensor networks
- Quantum security and its use cases
- Issues and Challenges in the implementation of V2X Wireless Communication
- Construction of wireless embedded systems and deployment strategies - Case studies

ABOUT US

SIES Graduate School of Technology, an integral part of the well-established South Indian Education Society, started in the year 2002, is located amidst the educational hub of Navi Mumbai. It is situated in congenial environment over a 6-acre plot of land at Sri Chandrasekarandra Saraswathy Vidyapuram, Nerul, providing an ideal setting for academic pursuits. It is one of the premier institutes in Navi Mumbai imparting quality based Technical Education in the field of Computer Engineering, Information Technology, Electronics & Telecommunication Engineering, Printing & Packaging Technology, and Mechanical Engineering. The institute is approved by All India Council for Technical Education New Delhi, Directorate of Technical Education Mumbai, affiliated to the University of Mumbai, accredited by NAAC and Tata Consultancy Service Limited. The institute has excellent infrastructure and state of the art fully equipped and sophisticated laboratories.

COURSE OBJECTIVES:

The following can be the objectives:

- To gain knowledge in the current cellular technologies
- To acquire knowledge in quantum cryptography
- To enhance the knowledge on the antenna systems and technologies used in the upcoming wireless networks.
- To achieve insights on the applications of machine learning in wireless domain.
- To update knowledge on the recent wireless technologies.

TOPICS:

- 5G wireless networks.
- Emerging Technologies for Healthcare Sector
- ML for Decoding.
- Analysis of Machine Learning in Wireless Sensor Network
- Advance Antenna System for mobile communication.
- Machine learning algorithms for wireless sensor networks
- Quantum security and its use cases
- Issues and Challenges in the implementation of V2X Wireless Communication
- Construction of wireless embedded systems and deployment strategies - Case studies

Resource Persons :

- Dr. Sanjay Pawar, Principal, UMIT, SINDT
- Dr. Saurabh Mehta, Professor and Chief Academic Officer, VIT
- Dr. Sibiraj B, Pillai(IITB), Associate Professor
- Dr. Sushil Narang, Associate Professor, Chitkara University, Punjab

4. bugsquash winner list

Event Description

As a part of our technical extravaganza, BugSquash is SIESGST's very own Project Building Competition where all GSTians are given an opportunity to come up with ingenious problem solving ideas. The 1st edition of BugSquash was from '22nd January 2021 to 25th January 2021'. For the first time ever, a 72 hour event..

After realising the need to accelerate the pace of technical creativity and to find solutions to the problems we would face once the college reopens after the lockdown; we came up with the idea of this Project Building Competition in which participants will be given 4 problem statements. Along with cash prize, the solutions of the winners will be implemented in the college in collaboration with the Technical team.

Problem statement were released on 21st January 2021 at 12:00 AM

Problems Statements for BugSquash

- Attendance system for faculty using facial recognition
- Portal for power audit
- Mask detection
- Your own Innovative Idea

The inauguration started at 11:00 am on 22nd January on Microsoft Teams . Participants were told the various rules and regulations of the competition and the judging criteria followed by brief description of each problem statement. The competition commenced at 12 noon on 22nd January, 2021 and concluded at 25th January, 2021. We had the presentations from 3pm on 25th January. The projects were judged on the basis of

Project Presentation

One of the major problem in CANTERIN

- Huge line at the counter as well as collection counter.
- Just to get the ticket for the food is a fight.
- Then the fight continues at the trolley point.
- This whole process leads to havoc and huge queue, thus not getting the food at time leading to gubing the food as it is to attend the lecture.

Future Scope

1. Can be used in Hospitals, Malls, Colleges. Basically every place where crowd gathers
2. Factories where masks are compulsory for workers.

Innovative ideas being put forward by the contestants

Online SDP for Direct Second year students

Feb – March: 2021

Canvas is a Learning Management Platform. With its highly integrated learning products, you can build a digital learning environment to meet the unique challenges faced by students.

The course named 'Engineering Maths for DSE Students' was created on this platform for the direct second year students who got admission around one month later than the regular second year students. This is common observation that diploma student faces difficulties in understanding the degree mathematics.

This is self-learning management. Student has to register for this course by email ID. Two modules are integrated in this course followed by a series of eight video lectures. After every lecture, students have to go through a graded activity and all such grades are cumulated in the grade report. The graded quizzes can be given MCQs, True / False, Fill in the blanks, numerical, matching etc.

Due to self-learning management, students can complete this course at their pace, anywhere, anytime. They can replay videos multiple times for better understanding. Teacher can allow them for multiple attempts for the graded activity.

This LMS system helped students to learn with their grasping level and showed radical improvement in the grades.

Outcomes can be set up for the course as measured by pedagogical goals or desired objectives. It helps student learn skills and activities, rather than just focusing on grades as a measure of their success. It assesses student progress through calculation methods, and measure progress directly in the Learning Mastery Gradebook.

Event Description

WiE IEEE SIES GST celebrated the 6th International Day of Women and Girls in Science by conducting the webinar on the topic "Gender Equality". The host for the day Sakshi Shetty, WiE Representative, introduced the speakers and attendees for the session. The esteemed speakers invited for the webinar:

1. Dr. Sarika Chouhan
Chair, SAC & EXECOM Member IEEE Bombay Section & CAO, VSIT.
2. Ms Swaima Ahmad
An Entrepreneur, a Social Activist and a TedX Speaker.
3. Dr. Nidhi Thanawala
A Psychology Professor, Therapist and Speaker.

Each of them is pre-eminent and experienced in their respective fields. All the speakers put-forth their ideas and scrutiny surrounding the topic of Equality. They spoke about the challenges a woman faces being a part of a professional environment and they shared their treasured experiences about their journey so far. The session ended by educating each attendee on the appropriate motive behind the topic of Gender Equality. Each speaker was presented by a token of appreciation by IEEE SIES GST.

Feedback from attendees:

PRINCIPAL
S.I.E.S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarendra Saraswathy Vidyapuram
Sector-V, Nerul, Navi Mumbai-400706

You can take polls in the chat section related to the topic in conversation/question.
Eg. If we are talking about gender inequality in school/colleges
The poll could go like..have you faced this issue yourself (yes/no) Live poll in the chat.
Haa the audience needs to be attentive in this case.

All the three speakers were amazing and really very interactive.

They were really apt at conveying their ideas through the webinar and the way they spoke so eloquently, it reeked experience.

They were really good and all over webinar was awesome.

speakers were best :)

Event Description

The seventh iteration of Model United Nations 2021 was conducted on 13th March & 14th March 2021. It was a two-day international relations conference for students conducted online on Microsoft Teams platform. SIES GST MUN has been getting bigger and better every year. This year, we received a letter of encouragement from the Secretary General of the United Nations acknowledging our attempt to address the challenges of the current times and to build a healthier, more equitable and sustainable future for all. The theme for the SaatvaGSTMUN was 'Brighter Tomorrow'. There were three committees, SOCHUM (Social, Cultural and Humanitarian Committee), AI (Artificial Intelligence) for Good Summit and MoE (Ministry of Education) highlighting on the agendas:

1. SOCHUM – To discuss upon the social, cultural and humanitarian issues involved in treatment of prisoners of War.
2. AI for Good Summit - Advancing Human Rights and Development through Artificial Intelligence.
3. MoE - Discussion over the National Education Policy 2020: with special emphasis on creation of a legislative framework.

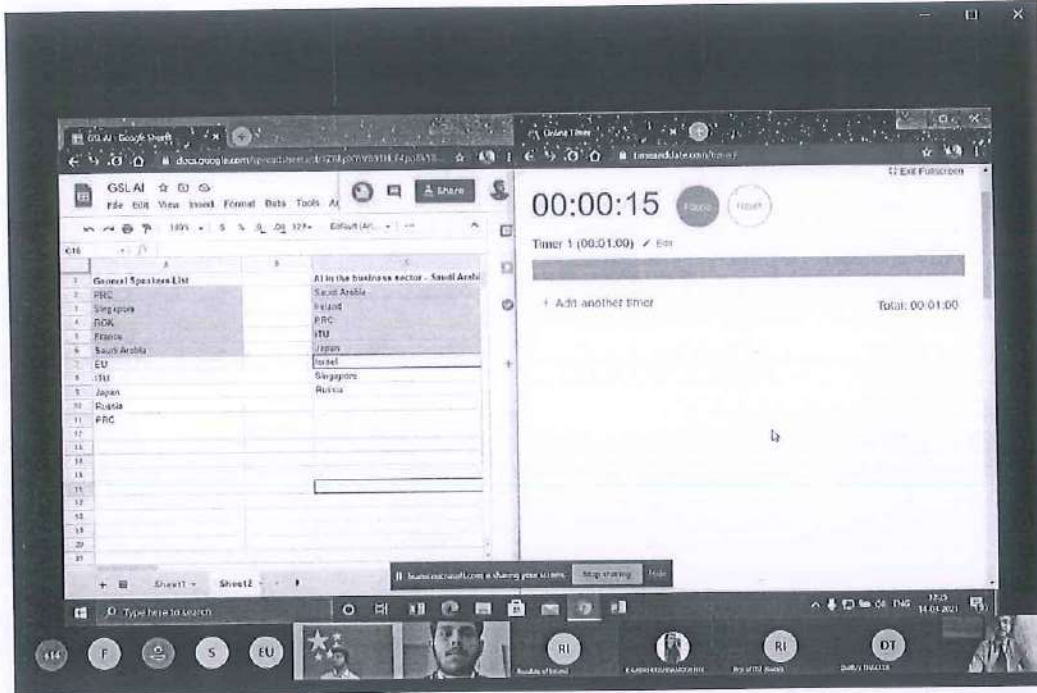

With these agendas, SOCHUM had 22 delegates, AI for Good Summit had 28 delegates and MoE had 21 delegates. SOCHUM committee was chaired by Mr. Vignesh Narayanan and vice-chaired by Ms. Nipa Dharod. AI for Good Summit was chaired by Mr. Dhruv Thakker. MoE was chaired by Ms. Drasti Jain and vice-chaired by Mr. Aditya Trivedi. All the three committees saw an enthusiastic participation of the delegates.

The SOCHUM committee saw Biash Sharma as the Best Delegate while Bianca Chettiar and Adarsh Singh bagged the high commendation award. Whereas in the AI for Good Summit committee, Manav Singh received the Best Delegate award while Shabarish Ramaswamy bagged the high commendation award. In the MoE committee, Siddharth Sridar and Domil Johnson shared the Best Delegate award while the High Commendation Award was shared by Shinit Shetty and Gaurang Dandwate.

UNITED NATIONS  NATIONS UNIES
THE SECRETARY-GENERAL
MESSAGE TO MODEL UNITED NATIONS CONFERENCES

Our world faces an unprecedented crisis that is causing widespread human suffering, upending lives, devastating the global economy and risking reversals of hard-won progress towards the Sustainable Development Goals.

In these trying times, I welcome the holding of your Model UN activity. Your unwavering commitment to international cooperation is essential for tackling the COVID-19 pandemic – the biggest test our world has faced since the Second World War.

We can only defeat the coronavirus if we do so globally. We must recognize that the poorest countries and most vulnerable will be the hardest hit, and that decades of development gains could be reversed. Countries already suffering armed conflict now face further upheaval. And the pandemic is having a disproportionate impact on the world's women.

The United Nations is undertaking a wide-ranging response – calling for a global ceasefire and working to control the pandemic, save lives, mitigate the socio-economic impacts, fight stigma and recover better.

We are strongly committed to providing full support to all, guided by our shared values. The world needs your energy, and I draw great hope from seeing your generation mobilize to address the challenges of our time and to build a healthier, more equitable and sustainable future for all.

In that spirit of common cause, I wish you a successful Model UN

PRINCIPAL
 S. I. E. S. GRADUATE SCHOOL OF TECHNOLOGY
 Sri Chandrasekarendra Saraswathy Vidyapuram
 Sector-V, Nerul, Navi Mumbai-400705

Impact analysis:

The conference offered students the chance to discuss pressing global issues and challenged them to take on new perspectives; enabling them to become the world leaders of the future. It imbibed confidence in students and took away their apprehensions of speaking in front of a large audience.

Host a Career Talk on summer internships in SIES Graduate School of Technology

Internshala <university.relations@internshala.com>

Mon 22/02/2021 13:28

To: TPO GST <tpogst@sies.edu.in>

Dear Prof. Seema Khan ,

Greetings from Internshala!

With the onset of summer and the opening up of restrictions, companies would now be looking forward to hiring skilled interns. Therefore, it is important your students become better prepared for this internship season.

For this, we have launched an initiative - **Internshala Career Talk**, where we would assist you and other faculties of SIES Graduate School of Technology in hosting an internship awareness session on '**How to ace your summer internship**' for your students. This session will help them become aware of the importance of internships, how to find one, and how to make the most of their experience, well in advance.

How will this work?

1. Visit internshala.com/i/career_talk_cr5253 to select a tentative date when it is the most feasible for you to host the Career Talk. You may choose to conduct the event in any format - online (webinar) or offline (seminar)
2. We would provide you with a **toolkit** containing everything you would need to host the talk including a PPT and a write-up etc. (please have a look at the preview of what will the talk entail [here](#))
3. Prepare for the talk using the toolkit and deliver it to all your students (you can also assign any college faculty to conduct this event on your behalf)

Benefits of hosting the talk

- Every faculty member would get a certificate of recognition for successfully conducting the talk
- We will provide free access to one Internshala Training* (worth up to Rs. 4500) to the concerned faculty
- Every student attendee will be provided with a certificate of attendance

The last date to register for the Career Talk is **3rd March 2021**. Also, there are no charges involved to host this talk.

Please do not share this email with your students. The form can be filled by the college authorities only.

You would be happy to know that we are conducting our biggest campaign in March - The Grand Summer Internship Fair featuring 1700+ internships, therefore I would encourage you to conduct the Career Talk with your students at the earliest.

Please reply to this email if you have any questions.

*All trainings except IoT, Machine Learning Specialization, and Job Oriented Specialization in Digital Marketing

Many thanks,
Muskan Wadhwa

All the best for your Internshala Career Talk tomorrow

Internshala <university.relations@internshala.com>

Fri 19/03/2021 09:31

To: TPO GST <tpogst@sies.edu.in>

Dear Prof. Seema Khan,

Greetings from Internshala.

You have scheduled to host the Internshala Career Talk on '**How to ace your summer internship**' for tomorrow, and we wanted to wish you all the best for your talk.

Please refer to [these](#) detailed guidelines to help you host a seamless event -

Things to keep in mind -

- Please refer to this toolkit - <https://internshala.com/i/careertalk-toolkit> to help you prepare for the event. The toolkit contains everything you would need - a PowerPoint presentation, write-up, a poster, and the attendance sheet.
- Make the talk interactive (ask questions to keep the students engaged).
- Please make sure you click pictures or record a video of the presentation. After the event, please share the pictures/recordings with us at (university.relations@internshala.com) or on WhatsApp (+91 8929294027). This will help us process your Certificate of Appreciation and the free Internshala Training of your choice accordingly.
- Post the event, ensure that your students fill the attendance form (attached with the toolkit). Only the students who fill the form will be provided with attendance certificates.
- If you are planning to host the Career Talk in an offline format i.e at your college premises, we strongly recommend following all social distancing norms for everyone's safety.

Look forward to seeing a wonderful Career Talk being conducted in SIES Graduate School of Technology and hoping the students have great learning packed experience.

Also, if you wish to update the date of conducting the event, please visit <https://internshala.com/i/careertalk-email1> and mention the tentative date.

Feel free to reach out to me at 89292 94027 (Mon - Fri, 10:30 AM to 6:00 PM) in case you require any assistance.

Many thanks,
Muskan Wadhwa
Manager - University Relations

Re: Internshala Career Talk_SIES Graduate School of technology_20 March 2021

Internshala University Relations <university.relations@internshala.com>

Wed 31/03/2021 18:55

To: TPO GST <tpogst@sies.edu.in>

Dear Prof. Seema Khan,

Thank you for your email.

Congratulations on successfully conducting the talk! We will soon be processing the certificates and your free access to one Internshala training of your choice.

Please feel free to share this feat in your social network like LinkedIn/Facebook/Youtube.

We would really appreciate it if you could encourage our TPO fraternity to host this event with the same zeal as yours by sharing the event images or recording over our [LinkedIn Group](#) / Whatsapp group.

You may use the following content while posting it over any social media platform -
"I am happy to inform you that we conducted a Career Talk on 'How to ace your summer internship' powered by Internshala in our college. This event helped us motivate our students to pursue an internship during summers and improve our internship culture. #InternshalaCareerTalk"

Please feel free to reach out if you have any questions.

Regards,

Muskan Wadhwa

Event Description

The 5th iteration of SIESGST's official hackathon organized by Technical Team SIESGST took place on 20th and 21st March 2021.

This year our theme was, "India: into the future" and related to the sub theme of Crime, Agriculture, Economy, Healthcare and Defense.

This year out of 80+ registrations we had short listed 19 teams for the day hackathon. We had 11 team from SIES, 2 from Anjuman-I-Islam's Kalsekar Technical Campus and 1 each from Xavier Institute of Engineering, Lokmany Tilak College of Engineering ,St.Francis Institute of Technology, Dr D.Y. Patil Institute of Engineering, team 'we are together' and team 'innovative wizards'.

The inauguration ceremony was held on 20th March at 10 pm. The ceremony started with a panel discussion with our 5 panelists Dr. Aparna Tawte , Dr. Avanti Rane , our bytecamp mentor Mr. Artur Shaikhutdinov and our alumnis Ms. Shreya Reddy and Mr. Utkarsh Chauhan. The theme for panel discussion was our hackathon theme, India: Into the Future. We had a very insightful discussion on the topic by all our panelists.

Out of these 19 teams we had selected 10 teams for the final idea presentation with help of our mentors Mr. Harshit Singh and Mr. Artur Shaikhutdinov .

The top 10 selected team presented their idea after the end of 24 hrs in front of our Judges Mr. Kashyap Kompella , Mr. Apoorv Durga and Mr. Vivekanandn M.

PRINCIPAL

The top 3 teams selected by the judges were:

2nd Runner-up : Cash Prize of Rs 5,000

Team : Spras (lavanya samanta, Ritik karayat, ameyassh nagaranjan) from SIESGST

Idea : Deepfakes Detection (Crime)

1st Runner-up : Cash Prize of Rs 8,000

Team : Ciao Coders (shreyas jaiswal, ali altaf, ritvij iyer) from SIESGST

Idea : Autonomous hydroponic system using ML and Nuterient Film (Agriculture)

Winner : Cash Prize of Rs 12,000

Team : Enigma(shivam sinha, tejas dayal, piyush surkar) from St. Francis Institute of Technology

Idea : Indoor Navigation System (economy)

IEEE SIESGST PRESENTS EPSILON 2021

• What is Epsilon ?

Being the first of its kind, Epsilon is a three-day Academic Convention scheduled from the 2nd to the 4th of April where speakers and industry experts from our selected theme of 'Computing and Knowledge Engineering' will share their knowledge and expertise through a series of interactive seminars and workshops.

• What is the theme about ?

The theme revolves around the vast domain of Computing, with prime focus on Cloud Computing and Quantum Computing. Knowledge Engineering, being the further extension of our theme, will comprise contemporary overtones of topic like Machine Learning and Artificial Intelligence.

• Learning Outcomes:

Participants will learn the concepts behind these broad titles with our invited guest professionals as they guide them through the thoroughly planned webinars and hands-on workshops. Beginners from any background with no prior knowledge can attend the sessions. Peer to peer interaction will be boosted along with enriching and inculcating their technical knowledge and skills. All of the participants will be able to grasp in-depth understanding of the topics through the three-day course of our symposium.

#EPSILON2021

Track 1 : IEEE

Topic : ML Conference

About:- IEEE SIES GST since its inception in 2006 has strived on amplifying it's members intellectually and cultivating an environment suited for interpersonal involvement along with technology in each individual that relates with us. Our overall aim is to inculcate and refine the technical ability and perspective of the students in our college.

Date & Time	Topics	Subtopics to be covered
DAY 1: 2-04-21 Talk Session 10am- 12:00pm IST	AI and ML - The Ultimatum.	<ul style="list-style-type: none"> • Introducing the speaker • About machine learning and its history. • Discussing main topics in ML, like Supervised learning, unsupervised learning, neural network and how it is connected to AI.
DAY 2: 3-04-21 Hands-On Workshop 10am-12pm IST	Diabetes Classification.	<ul style="list-style-type: none"> • Getting started with the software of your preference • Learning with an answer key and Project-based learning will include: <ul style="list-style-type: none"> • What is a model? • Data Types • Data Preparation • Machine Learning • Model Deployment
DAY 3 : 4-04-21 Conclusive Seminar/Scope Discussion 10-11:30 am IST	Panel Discussion.	<ul style="list-style-type: none"> • Privacy of ML and War of Data • Future of AI

#EPSILON2021

Track 2 : CS

Topic : Cloud Computing

About:- The Computer Society of IEEE SIES GST was launched on 2nd March, 2021. One of the main aims of the chapter is to develop a strong support for the students and keenness in them to take part in competitive coding programs. The chapter will help students explore major areas of computing and information technology: hardware, software, security, networking and much more from scratch.

Date & Time	Topics	Subtopics to be covered
DAY 1: 2-04-21 Talk Session 12:30pm- 2:30pm IST	Cloud Computing: A Zenith Repository.	<ul style="list-style-type: none"> • What is Cloud Computing? • How does it work? • Benefits of Cloud Computing? • Cloud Computing Categories(public,private,community and hybrid networks) • Cloud Computing Services(IaaS,PaaS,SaaS) • Applications of Cloud Computing
DAY 2: 3-04-21 Hands-On Workshop 1pm-3pm IST	Cloud Platform - Firebase.	<ul style="list-style-type: none"> • What is Firebase? • Firebase Authentication • Firestore • Realtime Database • Storage • A small project demonstrating the same.
DAY 3 : 4-04-21 Conclusive Seminar/Scope Discussion 12pm-1:30 pm IST	Panel Discussion.	<ul style="list-style-type: none"> • Big Data and DevOps. • Discussion about various service models(AWS,GCP...) • Future scope and applications

#EPSILON2021

Track 3 : MTTs

Topic : Quantum Computing

About:- The Microwave Theory and Techniques Society was inaugurated in the year 2019 to promote the advancement of Microwave Theory and its applications like RF, microwave, millimetre-wave and terahertz technologies. Our field of interest mainly remains to be: Superconductivity and Superconducting devices, Quantum devices/qubits, Cryogenic Techniques.

Date & Time	Topics	Subtopics to be covered
DAY 1: 2-04-21 Talk Session 3:30pm- 5:30pm IST	Getting started with Quantum Computing.	<ul style="list-style-type: none"> • Introduction and history of quantum computing. • What are qubits ? • Qubits in quantum computing • Getting started with Qiskit • Qiskit-quantum circuit
DAY 2: 3-04-21 Hands-On Workshop 4-6pm IST	IBM Q Experience.	<ul style="list-style-type: none"> • Development of quantum programs and algorithms (Quantum Teleportation Algorithm). • Quantum Games, e.g. Quantum Random Number Generator.
DAY 3 : 4-04-21 Conclusive Seminar/Scope Discussion 3:30-5:30pm IST	Panel Discussion.	<ul style="list-style-type: none"> • Quantum Computing using Microwaves. • Innovations/ Applications using Quantum Computing. • Future scope of Quantum Computing.

#EPSILON2021

Rules & Regulations

1. Registration is compulsory to attend the event.
2. The last date for registration is 1st April, 2021.
3. After registration, it is mandatory to join the Discord server and the WhatsApp group.
4. Participants must maintain discipline and a proper code of conduct with the speakers.
5. Participants must ensure stable internet connection from their ends.
6. Participants must join the sessions on time.
7. Prerequisites (which will be provided through Discord/WhatsApp) for each event must be established for proper understanding.

Platform : Youtube / MS Teams.

Dates : 2nd - 4th April, 2021

For Further queries, please contact :-

1. Swapendu M. - 79773 30951
2. Nandita N. - 8898009081
3. Vatsal K. - 79777 28491

Department of Electronics and Telecommunication

EVENT REPORT

EPSILON 2021

Event Information

Event Type: Intercollegiate Symposium

Event title: IEEE SIESGST EPSILON 2021

Event Date: 2nd- 4th April 2021

YouTube Link: [EPSILON](#)

Target Audience: UG Students (Open for all)

Engagement: 5,000+ YouTube views on average, 120+ Quiz attempts on average

Attachments: 1. Photographs (in JPEG/PNG)

PRINCIPAL
S. I. E. S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarendra Saraswathy Vidyapuram
Sector-V, Nerul, Navi Mumbai-400706

Objective

- To stimulate the cognitive thinking of the participants.
- To promote a research-oriented outlook in the attendees.
- To present the attendees with a hands-on workshop experience.
- To guide the attendees into discovering their field of interest.
- To enrich and inculcate the attendees to develop a technical point of view.

Event Description

IEEE SIES GST with its sub-chapters MTT-S and Computer Society in feature conducted *EPSILON 2021~ a Symposium*, with exceptional success. Epsilon 2021 was a 3-Day long Academic Convention wherein the invited Industry Experts spoke about their expertise in the field of '**Computing and Knowledge Engineering**' which was the theme profusely covered in this Symposium. The event ran along three tracks namely,

- Track 1 - ML Conference under IEEE.
- Track 2 - Cloud Computing under Computer Society.
- Track 3 - Quantum Computing under MTT-S.

Day One - Talk Session

→ IEEE TRACK:

Under this track, the session was led by **Ms. Lois Anne Leal** who dove into the history, aetiology and the captivating applications of AI and ML in the first talk session named '*AI & ML: The Ultimatum*'.

→ COMPUTER SOCIETY TRACK:

Under this track, the session was led by **Ms. Evangeline Daniel** who navigated the attendees through the sea of primaries in Cloud Computing along with its applications and career options under the talk titled '*Cloud Computing: A Zenith Repository*'.

→ MTT-S TRACK:

Under this track, the session conducted by **Mr. Ramakrishna V** guided the viewers through the basics of Quantum Computing starting from Qubits under the talk named '*Getting started with Quantum Computing*'.

PRINCIPAL
S.I.E.S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarendra Saraswathy Vidyapuram
Sector-V, Nerul, Navi Mumbai-400706

Day Two - Hands-On Workshop

→ IEEE TRACK:

A workshop instructing the procedure of *Building a Machine Learning Application* which involved building a Diabetes Classification System, was administered by **Ms. Vinita Silaparasetty**.

→ COMPUTER SOCIETY TRACK:

Mr. Vrijraj Singh drew out the process followed while using **Google's Firebase Platform** by demonstrating the construction of a basic *Share Your Thoughts Web App* with fun examples and analogies.

→ MTT-S TRACK: **Mr. Rana Pratap Simh** led the workshop titled *Quantum Computing ft. QISKIT* by engaging the students in algorithms and real-life problems resembling the same using the platform **IBM-Q Experience**.

Day Three- Panel Discussion

→ IEEE TRACK:

This exchange of views was focused on the topic of *"Privacy of ML and War of Data"*. The panel included **Mr. Siddharth Sahani, Dr. Tapati Bandopadhyay, Mr. Aashish Pal and Mr. Abin Varghese** as moderator.

→ COMPUTER SOCIETY TRACK:

A comprehensive dialogue on *"Cloud Computing, Big Data, DevOps, Service Models and Future Scope"* was mediated by **Mr. Sanket Ghorpade** and ideas were deliberated by our panelists **Mr. Jatin Gupta, Mr. Rushabh Vasa, Mr. Nitin Krishna and Mr. Vikash Karuna**.

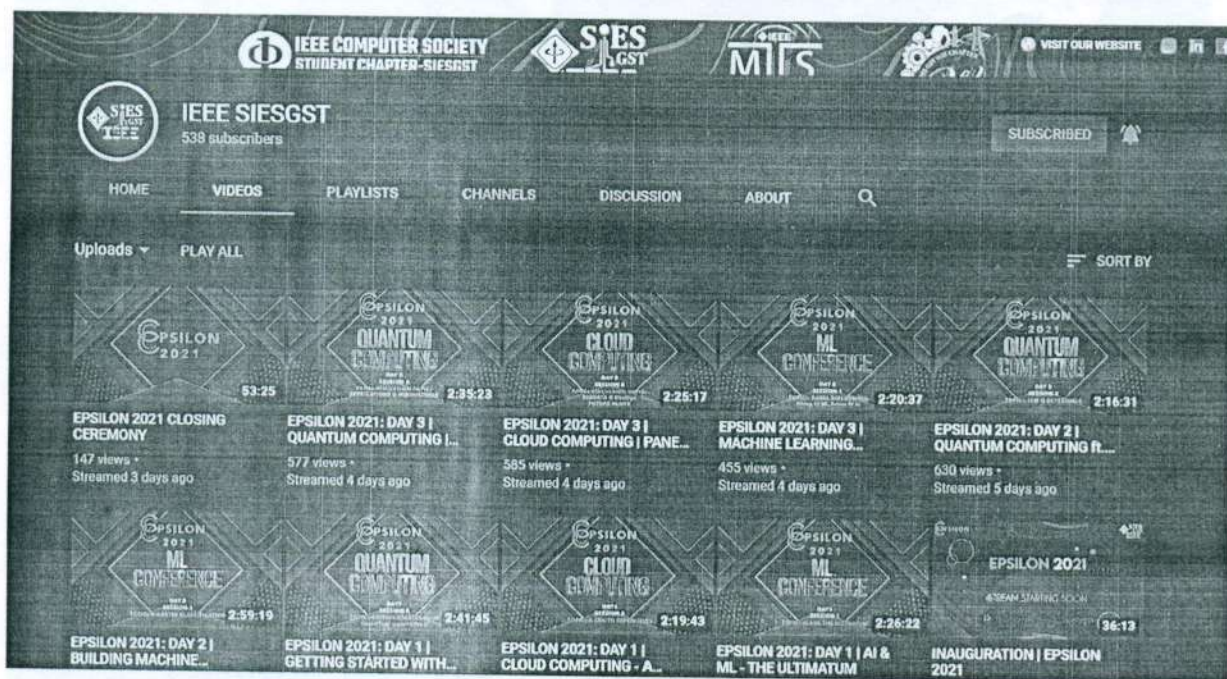

→ MTT-S TRACK:

An extensive colloquy on the idea of *"Quantum Computing using Microwaves"* and *"Future scope of Quantum Computing"* was conducted by the panel members **Prof. Arun Pati, Ms. Shalaka Verma, Ms. Kavitha Yogaraj, Mr. Eraraya Ricardo Muten, Mr. Shesha Raghunathan** and moderated by **Mr. Syed Farhan Ahmad**.

Impact Analysis:

IEEE SIESGST's initiative of **Epsilon 2021** proved to be very informative and engaging. From 2nd April to 4th April, we saw a range of speakers coming in from different disciplines having the same locus of imparting insight on their respective expertise. Throughout the course of **3-days**, we had **22 speakers** join us from various big giants like **Google, IBM, Microsoft**, etc. to share with us the affluence of proficiency they hold over our theme which covered Cloud Computing, Quantum Computing, AI and ML. The Epsilon 2021 team acquired a positive response from the participants regarding the smooth execution of the live streams and the peculiar essence of the content that was catered throughout the 3-days.

MHRD _IIC Activity

Activity Driven for	Students
Activity Driven by	EDCSIESGST
Name of the Activity	Business Model Canvas
Time and Duration	03/04/2021. From: 12PM -1PM
Objective	The main aim of this webinar was to help students organize their Entrepreneurial thoughts and frame them.
Brief in terms of learning/ skills/ knowledge obtained	A Business Model Canvas is a business tool that is used to visualize all the building blocks when you want to start a business , including customers, route to market, value proposition and finance. Ms Shalmali Jadhav gave valuable insights on the topic and taught the students how to complete the chart with respect to their business idea. She also shared her experiences which made it easier for the students to understand the concept easily. It was made sure that all the activities benefit every student present in the webinar. This session included a detailed explanation of the components of BMC with a suitable example of every component. It was an interactive session with 67 young minds.
Outcome	<ul style="list-style-type: none"> • Ability to substantially ideate, describe, evaluate and discuss a business model using the Business Model Canvas Business-Model-Canvas-Annotated-Small. • Hands-on understanding of how to user personas and problem scenarios to articulate the Offer's key drivers. • Hands-on understanding of how to use the AIDA(OR) framework and storyboards to evaluate the effectiveness of Customer Relationships and Channels. • Understanding of business type and how to evaluate Key Activities,

	Resources, and Partnerships in this context

CRT PROPOSAL 2021-2022

Vinay Raikar <vinay@campuscredential.co.in>

Fri 18-12-2020 11:41

To: Seema Khan <seemak@sies.edu.in>

Hi Maam,**Greetings from Campus Credential !!**

We would like to thank you for this opportunity and consideration.
As per our discussion for conducting Placement training Workshop for engineering Students

We provide complete training for students to help them acquire all the skill sets needed to crack the company selection rounds and all Aptitude exams.

CRT includes comprehensive training on the following:**Aptitude Test****Quantitative Ability****Verbal Ability****Logical Reasoning.****Group Discussion****Personal Interview****Resume writing.****Technical Training (C, C++, Java Programming, Data Structures, Algorithms, Database Management System & Python)**

Our sessions have been structured with industry inputs and are regularly updated to ensure that our students are at the forefront during the placement season. Due to the regular updates, the course structure is flexible enough to incorporate requirements and changes from your end as well.

Kindly let me know your requirements so that we can design a course structure based on it.

For any further assistance, you can reach me via any of the below-mentioned contact details.

Please find attached syllabus for Technical & Aptitude.

We look forward to an excellent placement season for your students

Regards,

Vinay Raikarvinay@campuscredential.co.in / 9930202329**Campus Credential**<http://www.campuscredentials.com>www.facebook.com/campuscredential/

Training & Placement Cell **Event Report**

Campus Recruitment Training (11 April to 14 May 2021)

Event Information
Event Type: Student Development Program (SDP)
Event title: Campus recruitment Training
Resource Person: Experts from Campus Credential
Event date: 11 April 2021 onward
Organized for: Students
Organized by: Training & Placement Cell
Target audience (branch & nos.): BE – EXTC, CE, IT, ME – 2022, 55
Attachments: 1. Aptitude Syllabus 2. Faculty Profile

PRINCIPAL
S.I.E.S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarendra Saraswathi Vidyapuram
Sector-V, Nerul, Navi Mumbai-400706

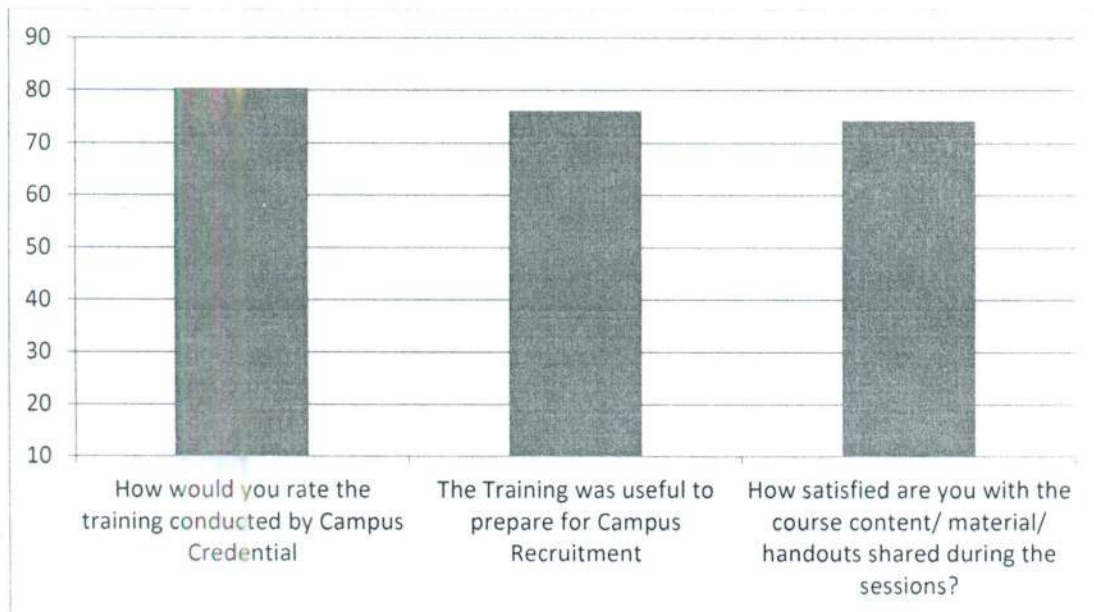

Event Description

Training & Placement Cell in collaboration with Campus Credential organized Campus recruitment Training for the pre-final year students (all branches).

55 students from EXTC, CE & IT registered for the training program comprising of Aptitude Test, life skills, Group Discussion and personal interview training.

The online training was conducted by the experts from Campus Credential through live sessions and videos on the module. The sessions helped the registered students understand the pre-requisites and required skill sets for Campus Recruitment. Students received guidance and went through the mock Group discussion and PI for Campus Recruitment. The training was crucial and preparation for the campus hiring process for BE 2021-22.

Techxter 10.0, a National Level Technical Paper Presentation, was organized by the IETE Students' Forum on April 17, 2021. This year, Techxter had its 10th iteration, and had adopted the theme "Emerging Technologies". This event was open to students of all branches of engineering, polytechnic, and other technical courses. We received over 47 papers from colleges across India such as DMI Engineering College, Tamilnadu, Alva's Institute of Engineering and Technology (AIET), Karnataka etc. from various departments such as Information Technology, Computer Engineering, Mechanical Engineering, Printing and Packaging Technology, Biotechnology, Electronics and Telecommunication Engineering etc. Out of all the received abstracts, 14 were selected for the one-day Paper Presentation Competition which includes 6 teams participating from outside Mumbai. The participants presented papers on various issues and each team proved to be better than the other making the competition tough. The event was judged by the very experienced senior faculty members of various colleges and by an industry expert. The judges were impressed by the presentations of the teams and found it very difficult to decide the winners. The diverse panel of judges ensured a fair, unbiased representation of the various branches of engineering.

INAUGURATION CEREMONY:

The event began with the inauguration ceremony online on Microsoft Teams Platform. Ms. Arfah Upade delivered the welcome speech, which was followed by the prayer song by Mr. Anirudh Belwadi. The Chief Guest for the day was Mr. Gaurav Jain Co-founder at X Billion Skills Lab and the Guest of Honor was Dr. Mukesh Patil, Chairman, IETE Navi Mumbai Center. Along with him, Atul Kemkar, Principal (SIES Graduate School of Technology), Dr. K. Lakshmisudha, Head of Department (Information Technology) and Mr. Vikrant Deshmukh, Chairperson (IETE Students' Forum, SIES Graduate School of Technology) were present in the meeting. The dignitaries were felicitated and the souvenir for Techxter 10.0 was unveiled with great pomp. This was followed by speeches from the dignitaries present on the dais. The inauguration ceremony was concluded by the vote of thanks by Ms. Pooja Shetty, Vice-Chairperson (IETE Students' Forum, SIES Graduate School of Technology) and the national anthem.

PAPER PRESENTATION:

The conclusion of the inauguration ceremony kicked off the paper presentation competition at the different Teams links. The members of the judging panel for the day was Dr. Rachana Patil (Associate Professor, Department of Computer Engineering, Pimpri Chinchwad college of Engineering, Pune), Mr. Ashish Urkude (Expert Implementation Consultant, Professional Services Field Ops, Asia), Mr. Awab Fakhri, Mr.

Alister Dsilva (In Charge Of Prayas Education Program).

The paper presentation was conducted in two different Tracks in the Microsoft Teams, each holding papers of separate branches. Track 1 had papers related to IT and Computer Engineering and Track 2 had papers related to Biotechnology, Mechanical and Electronics Engineering.

The participants proceeded to present their papers at their respective links. After 4 long hours of idea sharing and paper presentation, the judges had their result of winners and runners up. The judges shared their respective feedback after the Paper Presentation Competition.

VALEDICTORY FUNCTION:

The felicitation ceremony was graced by Dr. P. V. Parameshwaran, Hon. Advisor, SIES Graduate School of Technology, Dr. Atul Kemkar, Principal (SIES Graduate School of Technology), Dr. K. Lakshmisudha, Head of Department (Information Technology) and Prof. Leena Ladge, ISF Faculty Coordinator. All the present dignitaries shared their thoughts regarding the proceedings of the event and the innovation shown by the students while presenting their papers. The event was concluded by Ms. Geeta Seshapalli with her vote of thanks to all the participants, dignitaries, faculties and the IETE Extended Team for their support and motivation towards the event.

INFORMATION ABOUT THE GUESTS AND JUDGES:

Our Chief Guest Gaurav Jain Co-Founder and Chief Product Architect, X Billion Skills Lab. A Computer Science graduate and former Derivatives trader who joined the Indian Civil Services in 2015 and was also awarded the highest zonal level recognition in Indian Railways for excellent and meritorious service in 2018. Conceptualized and implemented multiple IT reforms impacting nearly 1 lakh employees and has represented Western Railway at National fora. He, later on, joined X Billion Skills Lab as he strongly believes that those fortunate enough to have received good education should continuously push themselves and take risks to solve the toughest of social problems.

Our Guest of Honour, Dr. Mukesh D. Patil had received a B.E degree in Instrumentation Engineering from North Maharashtra University in 1995, M. Tech. in Systems and Control Engineering from Indian Institute of Technology (IIT) Bombay in Dec. 2002, and Ph.D. from Indian Institute of Technology (IIT) Bombay in 2013. He joined RAIT in January 2005 as Assistant Professor in Instrumentation. Presently, he is appointed as Principal from June 2019. He has published about 110 papers in International and National Journals and Conferences. He is a member of professional technical societies as a Life Member of ISTE, Fellow member of IETE, and Senior Member of IEEE. He was Vice-Chairman of IETE Navi Mumbai Center from 2018-2020 and currently Chairman of IETE Navi Mumbai Center for 2020-2022.

Our first Judge Mr. Ashish Shankarrao Urkude is an Expert Implementation Consultant for Allscripts Healthcare Solutions, a publicly-traded company that provides electronic health record technology and other health information technology. He has 9+ years of experience, which includes Healthcare IT experience with the US healthcare industry. He has a Bachelors in Information Technology and is a Certified Scrum Master with expertise in ACR Select, Clinical Documentation, Enterprise Scheduling, KBMA application, SQL knowledge, SCM Configuration, etc.

Our second judge, Dr. Rachana Yogesh Patil. She is an Associate Professor with the Department of Computer Engineering for the Pimpri Chinchwad college of Engineering, Pune and has over 16 years of teaching experience. She has published 30+ research papers in various International Journals and Conferences. Ma'am has been invited as a speaker, to various talks and webinars in many international conferences and has also served as session chair and reviewer. She is also an Ec-Council Certified Ethical Hacker.

Our third judge, Alister Dsilva is an entrepreneur with experience in the Industrial Automation and Robotics Industry. Since the inception of his career, he has worked with top brands in Motion control engineering and have been involved in core Motion engineering development projects. He is currently the Director Absolute Motion Pvt Ltd. Heading the Prayas Education program where Absolute Motion provides industry relevant training in Industrial Automation, IIOT, and Basic Robotics.

Our final judge, Prof. Awab Fakhri Educator @ AIKTC | Edupreneur | Patent Analyst | Researcher To date he has filed up to 16 Design Patents and Utility Patent under the Government of India, 7 has been granted, 5 has been published and others are in Process. 3 Australian Patent and One US Patent is in process. Recently he is been nominated and appointed as Advisory Council Member in the IPR Cell of Maulana Azad University, Jodhpur. He is an Edupreneur from the Government of Maharashtra as Best Startup Idea by the gracious hands of Chief Minister of Maharashtra. He has won 23 International and National Awards, published 21 Research Paper in IEEE Xplore, Springer, Elsevier, Scopus Indexed Journals, and International Conference. He has been Session Chair / Invited Speaker / Organizing Committee Member for International Conference at Singapore, Philippines, Malaysia, Beijing, Taiwan, and other reputed institutes of India. He is a Member of 18 International Professional Organizations. Reviewer for 9 International Journals. He has been awarded 2 Mumbai University Funded Research Projects. He is a Gold Medalist at Avishkar Research Competition at Local Region & District Level under Ph.D. Category, awarded by Vice-Chancellor of

Photographs:

Proposed system/solution

- Thing Translator is an User Interface which helps it's users to interact with the system. The user selects one of the options from to click an image or enter the text manually. If the user clicks an image of an object then they will be provided with the objects identity and description in desired language. If the end user decides on clicking an image with some text then the application will extract text from an image and provide it in any desired language to understand it better.
- Based on the various parameters, we have three programs, one for identifying the object in an image which will take into consideration factors such as size, shape, color, dimensions etc. of an object and provide with its identity and description in any desired language. The second program will extract the text from an image or take manually entered text as an input to convert into desired language. The third program is the format of the output. It can be text format or sound format, which will help end users with correct pronunciations and accents. Based on the above, the model will perform the tasks as per end users requirements.

PRINCIPAL
S.I.E.S. GRADUATE SCHOOL
Sri Chandrasekarendra

Use Cases

- Prevention of Cancer
- Inhering Cancer type gene profiles
- Enhancing Research
- Exclude the biological relevance of cancer marker genes

THE IIT BOMBAY | IITB

Proposed system/solution

The proposed System should be able to accomplish the following:

- Successful transfer of motion from source object to target computerized model.
- Successful reconstruction of final computerized model via a novel holographic technology based approach.

Fields of Application:

- | | |
|---|---|
| <input type="checkbox"/> Medicine | <input type="checkbox"/> Recreational Spaces |
| <input type="checkbox"/> Gaming, Cinema, Animation etc. | <input type="checkbox"/> Study and Comparison of Human Behaviour |
| <input type="checkbox"/> Space Research | <input type="checkbox"/> Motion Transfer between unrelated entities |
| <input type="checkbox"/> General Research | <input type="checkbox"/> Advertisement |

Conclusion

While working on this project we referred many papers and got to know that there are many existing system proposed to maintain the garbage level and garbage monitoring system but very less system had this concept of automatic separation of waste by identifying it. So we proposed this system of automatic separation to eliminate the manual separation of waste.

We have used sensors so that we can have near to accurate detection and separation of wastes. Also we have scope to increase this project to add the existing monitoring system too. So that our smart Dustbin will be totally ready to be used in the upcoming plans of smart cities.

People will no longer have to manually separate the wastes and the closed bins will also prevent air contamination of harmful substances. Also the problem of raising harmful waste especially hospital wastes will reduce to a great extent ensuring a healthy society

Impact Analysis:

Since the theme for Techxter 10.0 was "Emerging Technologies", the scope for students to innovate was vast. Papers such as Watt First, Cancer Detection based on genome profiles, Motion Transfer for real time hologram etc., gained the attention of the judges as they are really trending in today's world. Through Techxter, the participants were provided an excellent opportunity to innovate and come up with new ideas in adopting them.

PROMETHEAN 2021 Introductory Session - Date, Time, Links - Organised for FEs only

Promethean siesgst <promethean@siesgst.ac.in>

Sun 18-04-2021 17:49

To: HOD FE <hodfe@sies.edu.in>

Greetings from the PROMETHEAN Team,

We are glad to announce that PROMETHEAN 2021 is on its way! 😊

PROMETHEAN is an Annual Poster and PPT Presentation Competition, held exclusively for our new GSTian's, our First Years, with the motto of "**An Engineer's Solution to Environmental Problems**".

PROMETHEAN is a platform for our FE's to express how they would make our planet a better place by providing solutions AS AN ENGINEER.

This is to inform the FEs that we are holding a session for them, on 19 April 2021, Monday, where we will explain about PROMETHEAN, the rounds, rules, and regulations, dates, etc.

We request all FEs to be present for this session as PROMETHEAN is a compulsory event for all FEs.

The meet link for the particular Division of FEs has been given below. Please only join your division's link for convenience.

Date: 19 April 2021, Monday

Time: 12:50 pm

Division A:

<https://rb.gy/slxuov>

Division B:

<https://rb.gy/kaxjei>

Division C:

<https://rb.gy/tr9ypd>

Division D:

<https://rb.gy/eh8vjh>

Division E:

<https://rb.gy/1jzxa8>

Division F:

<https://rb.gy/fp9i75>

Hoping to see you all at 12:50 pm tomorrow. 😊

Thanks & Regards,
PROMETHEAN Team

Hello Respected Faculty Members of SIESGST,

We would like to take you through a brief of all the events that will be conducted during PROMETHEAN Round 2. We do hope you can arrange your schedule as per your requirements and help us make this event a success.

Schedule for Round 2, 26 June 2021:

Time	Description
9.30 am - 10.45 am	Inauguration Ceremony
11 am - 1.30 pm	Poster Presentations
1.30 pm - 2.30 pm	Break
2.30 pm - 5.00 pm	Poster Presentations (continued)
5.30 pm - 6.30 pm	Valedictory Ceremony

Also, here is the meeting link to join this event-

PROMETHEAN '21 Round 2

(June 26, 2021)

Event Information

Event Type: Poster Presentation Competition

Event title: Engineering Solutions to Environmental Problems

Event date: From: 6th June, 2021 To: 26th June, 2021

Organized for: FE Students

Organized by: SE Students under the guidance of Dr. Manasi Karkare

No. of participants: A total of 22 teams (96 students) selected in Round 1 of Promethean 2021 were to compete in Round 2 of Promethean 2021.

Attachments: 1. Photographs

2. Feedback Stats

Sector-V, Nerul, Navi Mumbai-400706

Event Description

Promethean 2021 Round 2 was a poster presentation competition organized to provide a platform for our budding engineers, the FEs, to come up with modern-day, innovative and effective solutions to existing environmental problems. Round 2 comprised 2 workshops and the main event, as discussed below:

Promethean Workshop 1 and Topic Appending Process: 6th-12th June, 2021.

The Topic Appending process was carried out on 6th June, 2021. FEs were asked to select the topic of their choice from a provided list, under which they were allowed to make their posters. Five SE mentors were assigned to the FEs, who would guide the groups under that topic throughout the event.

Workshop 1 was conducted on 12th June, 2021. FEs were given detailed information about the event. Important points like the flow of the event, procedure and regulations of the competition, Poster Design and Structure, Poster Content and Time limit were discussed. Every 2 days FEs were required to give updates on their Posters to the SE mentors.

Promethean Workshop 2: 23rd June, 2021.

This workshop was conducted to review and evaluate the posters of the FEs. It was aimed to identify room for improvement in terms of the content, design, structuring and layout of the posters. Mentors in charge suggested such enhancements along with tips on presenting in front of judges e.g., Erect Posture, Clarity in Speech, Articulation, Gesticulation, Confidence etc. Once a team's final poster was ready, they were asked to submit it to the mentors.

Round 2: 26th June, 2021.

Round 2 of Promethean was a Poster Presentation competition. The day started with an inauguration ceremony followed by the main event where FEs would present the topics they had selected to the Judges on the college's official online meeting platform, MS Teams. Dr Chitra Ramanan (Chairperson, PGDM Pharmaceutical Management, SIES College of Management Studies) and Dr Seema Mishra (Director, Associate Professor, SIES Indian Institute of Environment Management) were invited to judge the 2nd iteration of the event. All participants were given meeting links to join and an order in which they would present their posters. They would be displaying their posters to the judges. SE mentors and TEs were present to host, conduct and coordinate the event. The criteria for judgement included- Design and Aesthetics, Presentation and Explanation by Group Members, Innovation, Scope & Implementation of solution, Self-learning and Compliance of the time and/or slide limits. The Judges were invited for a Q&A session after each group's presentation, wherein they questioned the feasibility and content of the solutions the students had to offer. The event concluded with the Valedictory Ceremony, Vote of thanks and

2. Feedback Analysis:

Feedback of parents was taken on the following points.

1. The college provides opportunity for all round development of a student
 2. Education here is value based and career oriented.
 3. Teaching-Learning is satisfactory.
 4. The attitude of Faculty and Staff is fair and caring.
 5. Laboratory facilities and other infrastructural facilities are satisfactory.
- 100 % parents agreed to point 1 to 5 by giving strongly agree response.

Event Description

The IETE Students' Forum of SIES Graduate School of Technology & Entrepreneurship Development Cell of SIESGST organized a Boot Camp on Data Fueling the Future of Mankind. The event was organized under the guidance and supervision of Prof. Leena Ladge, ISF Co-ordinator and Dr. Kaustabh Chavan, EDC Faculty In-charge. In its third iteration, this boot camp was aimed at providing students with new insights and career opportunities after their Engineering. This boot camp was attended by 280 students from BE, across all years of engineering.

The students attended the meeting at 10:55 AM. The boot camp began with an introductory session by Prof. Utsav Shroff. This session included career guidance and a peek into the various courses offered at ISDI and ISME, Mumbai. The introductory session was followed by the session on Data Fueling by Prof. Aditya Kashyap. In this session, he introduced the students to the concept of Data Analytics and how it works. In this session, he asked us various general and logical questions, where students participated with great zeal. Through this, he emphasized the importance of Data Analytics and the amount of data that is being generated. He began by explaining the concept of Data and its importance. He highlighted and spoke on key points such as the applications of Data Analytics using real-world case studies. The rest of the bootcamp was focused on specific feature sources, and for each progressed through a short introductory knowledge followed by some real-life examples, starting with standard and well-behaved cases, and ending with real-world and realistically problematic case studies. The boot camp concluded with a short speech by Dr. Indu Shahani, she motivated all our students and helped us by providing insightful research of this seminar. After that there was a Q/A session where students cleared their doubts.

4. Impact Analysis:

The boot camp was very useful for the Final Year students as it taught them various life skills like marketing, innovating in a unique way and other skills which are very important for them. Throughout the seminar, the students were keenly interested and curious to know more about basic life skills and Data Analytics concepts. Described the process of analyzing data and how to manage that process also the iterative nature of data analysis and the role of stating a sharp question, exploratory data analysis, inference, formal statistical modeling, interpretation, and communication. In addition, it was also focused on courses that would help to get rapid speed on the process of data analysis and how it can be managed to make this as convenient as possible. The bootcamp was reviewed positively by the speakers and the students.

Event Description

The event was organized by the Department of Humanities and Applied Sciences for all Faculty Members across all departments and was conducted by Mr Gaurav Ghelani, Academic Relationship Manager, Tata Consultancy Services.

The Faculty Development program aimed to familiarize the Faculty members with the Organizational teams and introduce various aspects of Team Synergy. Mr Gaurav Ghelani presented an interactive talk where he engaged all Faculty members in an insightful discussion on the traits of a successful and collaborative teams.

The event started with a simple activity to make all participants understand the varied perceptions among the members of a same team. Mr Gaurav explained thoroughly the norms of a successful team through various activities throughout the 90 minutes of the program. He presented the concept of team and the importance of effective communication in a team work, through the interesting anecdotes and examples.

It was an enjoyable, informative and useful session for the faculty members to understand the Team, its functions and various aspects of Team-work. Every Participant had an opportunity to participate in the activities and discussion to understand the successful collaborative efforts to achieve the organizational goals. It was an interactive session where every member shared inputs and learnt about the successful team collaboration.

Screenshot of FDP

The screenshot shows a Microsoft Teams interface. The main window displays a video stream titled "FDP on 'Team Synergy'" with a timestamp of "2020-08-27 09:50 UTC". The stream is hosted by Manasi Karkare. To the right, a transcript is visible, showing the following text:

- 00:02 Speak. Oh, OK.
- 00:06 I think yeah, thank you so much.
- 00:09 Saying that, we we did this because we need to spend time
- 00:13 with ourselves knowing who we are, why is it required? Why do
- 00:17 we need to know movie? Yeah, that is I think what she said
- 00:22 is also right. I personally feel that if you can understand
- 00:26 yourself very well and if we can represent

The interface also shows navigation options like Home, Discover, My content, Create, and Search. The system tray at the bottom indicates the time as 04:13 PM on 06-09-2020.

Subject: Fw: Invitation for Ideation

Respected Sir/Madam,

The IETE Students' Forum of SIES Graduate School of Technology would like to invite you to Ideation '20, an ideathon organised in collaboration with the Entrepreneurship Development Cell of SIES, and in association with NGO- Blue Ribbon Movement. This event would help every participant break free from his/her shell, and gain confidence and knowledge through research, all while solving social issues.

We would be honoured if you would grace us with your presence during the inauguration ceremony for Ideation '20. Your presence would be highly appreciated and would be a source of motivation for everyone present.

Event details:

Venue: Google Meet
Link: <https://meet.google.com/vmu-bhkn-mqy>
Date: 30th December, 2020.
Time : 9:30 am.

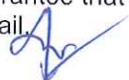

Thanks and Regards,

Dr. Lakshmi Sudha, HOD, Dept of IT
Dr. Kausthubh Chauhan, EDC Faculty Coordinator
Prof. Leena V Ladge, Faculty Coordinator
Mr. Vikrant Deshmukh, ISF Chairperson
Mr. Srinivas Somal, EDC- Chairperson

SIES Graduate School of Technology,
Nerul, Navi Mumbai.

Event Description

Ideation, an ideathon, was a collaborative event which was organized by the combined efforts of IETE Students' Forum and EDC of SIES Graduate School of Technology. The aim of the competition was to provide a medium for the enthusiasts to generate creative and technically productive ideas to real life problems faced by people in the society.

Ideation's prime motto was to give back to society and help solve most of the commonly faced issues with the help of technical ideas, which can then be taken up as first hand projects. The event began with the Inauguration ceremony, in the presence of HOD IT Dr. K Lakshmisudha, ISF Coordinator Prof Leena Ladge , EDC Faculty Incharge Dr. Kaustubh Chavan and Student Council Incharge Prof. Sumitra Iyer, faculty members and students. The event flagged off followed by the Ideation description given by our hosts Arfah Upade and Dharani Arikrishnan.

Ideation'20 was organized in collaboration NGO, Blue Ribbon Movement. The problem statements were given by our NGO partners which are community issues such as waste management, water management, road safety, child abduction and robbery, issues faced by the differently abled etc. The solutions were supposed to fill the gaps that our NGO partners face to implement such ideas.

SIES Graduate School of Technology, SIES Road, SIES

Ideation was conducted under the activities of **Institution's Innovation Council (IIC) Ministry of HRD Initiative** which was launched with a purpose of systematically fostering the culture of Innovation in all Higher Education Institutions (HEIs) across the country.

This was followed by the problem statement selection where teams have to select the problem statement of their choice and brainstorming session by the participants. We also had Alumni mentors who were present to help and guide the participants in all possible ways and to solve their queries.

After one elaborate session of brainstorming, the final presentation of their ideas and solutions were conducted and by evening, the results were announced in the presence of our esteemed judges. After the announcements of results ISF Coordinator Prof Leena Ladge and HOD IT Dr. K Lakshmisudha shared their valuable thoughts and their experience about the event. The event concluded with vote of thanks given by our hosts.

The details of problem statements selected by teams are given as below.

PROBLEM STATEMENT NO.	PROBLEM STATEMENT	TEAM LEADER'S NAME	COLLEGE
1	Road Related Accidents and Other Problems.	Dinesh Nadar	SIES Graduate School of Technology
2	Lack of cleanliness and hygiene in slums.	Aniruddha Patil	SIES Graduate School of Technology
3	Lack of learning alternatives for differently-abled people.	Ayush Parab	SIES Graduate School of Technology
4	Problems faced by differently-abled people.	Pournima Thakare	SIES Graduate School of Technology
5	Improper food waste management.	Priyanka Jaybhaye	Datta Meghe College of Engineering

4. Impact Analysis:

Ideation '20 was being conducted for the third time in our college after positive responses from the participants and the NGO partners. The participants presented various innovative and creative solutions to the real-life problems in the society. They felt the event very useful and innovative. The NGOs also explored the different ways in which a social problem could be solved. The organizers, participants and the judges were overall contented with the functioning of the event.
