Event Description

The WIE affinity group under IEEE SIESGST Student Chapter in collaboration with the Women's Development Cell at SIESGST celebrated Women's Day on 9th March 2020. On this occasion, a panel discussion on "**Challenges faced by women in today's Social, Cultural and Work Setting**" was arranged. Dr. Anu Binny (HR Technology Practitioner), Mrs. Neha Pasoria (Lawyer), Mrs. Rachna Sabu (Psychologist & Special Educator), Dr. Manisha S Abhyankar (HOD, Computer Science, KBP College) and Dr. Pooja Vyas Bansal (Obstetrics and Gynecology) were the panelists for the day from various fields.

The event commenced at 4:30pm. The Principal of SIESGST, Dr. Atul Kemkar gave a short speech followed by Dr. Preeti Hemnani, WIE affinity group advisor to show their vote of confidence in the IEEE students body. Dean FE and Women's Development Cell (WDC) in-charge, Dr. Mansi Karkare gave a speech to enlighten students about women safety issues and steps taken to prevent and to provide safety at SIESGST. The panel discussion started at 5:00pm. The panel took a moment to address the topic and give their initial views in perspective of their respective fields. The panel was guided through the discussion by Mr. Harsh Agarwal, technical mentor for IEEE SIESGST Student council, with the use of questions about current difficulties faced by women in their profession and ways to overcome these norms. The panel was vast in nature and hence was able to share their view about the topic more thoroughly by being able to mention both sides of different situations. The panel discussion ended at 6:30pm. Toward the end, the audience which includes the students and faculty were able to ask their questions to the experienced panelists, all the panelists enthusiastically answered the questions asked by them. Everyone participated actively in the panel discussion and made it a huge success.

After the discussion the audience members were able to indulge with the panel members and also congratulate them on their years of experience and also on a wonderfully done panel discussion.

Impact analysis:

The panel having members from various fields of life was able to touch on all kinds of issues as well as solutions for the same. The audience was able to interact with the panel and gain a knowledgeable viewpoint in different walks of the topic in discussion: 'The challenges faced by women in different settings'

This helped the audience gain perspective for future references.

SECTOR 5, NERUL, NAVI MUMBAI - 400 706.

Event Description

On 26th February 2020, the IEEE SIESGST student council under the WIE affinity group conducted STEM lectures for students in the 6th standard as a mean to inculcate a sense of curiosity and eagerness to learn and discover more about the fields.

The lectures were conducted for students at Shiravane Vidyalaya and Junior college situated in Nerul with prior coordination with the principal and other faculty members at the school. The students of 6th, 7th and 8th were taught Mathematics, Science and Technology respectively and all three classrooms were given an overview of the multiple fields of study under the engineering part of the session. The student body for IEEE assembled at 10:00 am at SIESGST before heading to the school. The lecture began at 11:00 am and was conducted for 90 minutes and concluded at 12:30 pm. The IEEE student council conducted an interactive session in a class with a strength of 60 students where in the students of 6th std. responded to the session positively showing their eagerness to learn more about the subjects.

6th std. students were taught mathematics in which the students were introduced to different techniques of analysis for multiplication, division as well as basic math. Divisibility tests, quick multiplication techniques of multiple types were some of the topics covered. In science, for the 7th std. students, they were introduced to different scientific concepts and given an overview of the subject. The laws of motion, magnetism, and gravity were some of the topics covered during the session. The IEEE student body conducted said lectures with the use of PowerPoint Presentations and videos for better understanding of the concepts. Under technology, the students of 8th std. were introduced to different advancements in technology and its day to day applications and given an overview of the subject. Students were made to interact with each other in discussing the different technologies that were used on a day to day basis. They were also given the opportunity to discuss topics such as robots, computers, rockets and other such advancements in the field of technology. The IEEE student body used the robots built by them in the robotics workshop conducted, as a means to hold an interactive lecture and involve the students in the

field through inculcating curiosity. At the end of each session the IEEE student body students took a few moments to introduce the different fields of engineering to the students as a basic career guidance session.

After the STEM lecture concluded the students showed their appreciation verbally. The lectures were conducted successfully.

Impact analysis:

The students are in 6th,7th and 8th std. gained a lot of knowledge as a helping hand for them in their future studies. They learned about the various types of fields of study and now have an upper hand in being able to analyze their abilities while deciding on a course of study.

Shivaji Jayanti Celebration - 19/02/2020

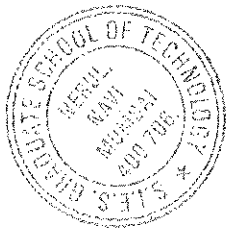

On this auspicious day, in the year 1630, a woman became a mother to a child who would go on to become one of the Greatest warriors of our beloved Motherland. The NSS unit of SIES GST celebrated Shivaji Jayanti with utmost enthusiasm and pride. The volunteers left no stones unturned in remembering his principles and values.

The program started with the traditional Diya lighting ceremony, in front of the portrait of Shivaji Maharaj, by our esteemed Program Officer- Mr. Mahesh Birajdar, Faculty- Dr. Vijaya Patil, Girls coordinator and NSS representative of our college. This was followed by speech by our Program officer, where he also interacted with the volunteers on the values that the life of Shivaji Maharaj taught us. A song was sang by a group of volunteers in The Chatrapati's remembrance. Two of our volunteers briefed the unit about the principles and the values that Chatrapati Shivaji Maharaj followed and shared their views on the same. The Volunteers highlighted the qualities of Shivaji Maharaj, both in administration and personal life. Some of his qualities that was put light on were: No discrimination, Respect for women, Bravery, A true leader, Fearless warrior and great administrator. Succeeding this was hailing of the greatness of Shivaji Maharaj which gave everyone goosebumps. The event was concluded by serving snacks to all of us. On this auspicious occasion, The volunteers also participated in a social drive wherein they helped strangers in their daily chores.

Random act of kindness - 19/02/2020

It's the smallest things that make the biggest differences. A small kind gesture easily turns out to be a significant memory for the benefactor that inspires him to continue the chain and cause an endless ripple. With the belief that even smallest act of kindness could enrich a stranger's life, the NSS unit of SIESGST conducted a social drive wherein the volunteers readily helped various strangers complete their day-to-day work.

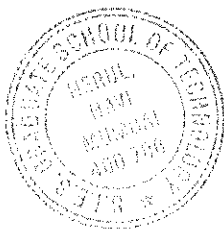

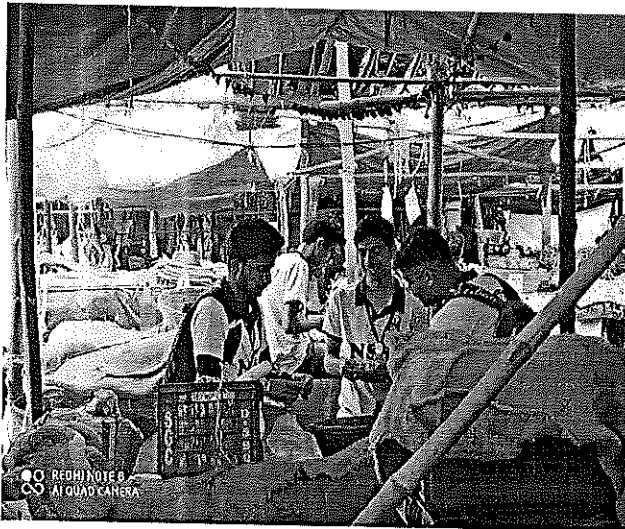

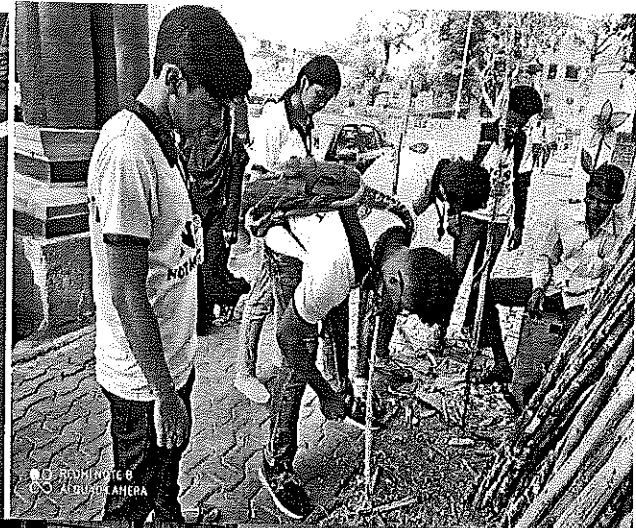

The volunteers covered various locations in Nerul, Navi Mumbai during this activity and made sure to give an extra set of hands to each individual who needed them. At first, most of the people whom they approached were hesitant to accept help from strangers but as the volunteers started communicating with them, they slowly built their trust. They helped in unloading Logs, arranging vegetables and fruits in the market, cleaning and cooking in the Gurudwara, carrying vegetable crates and much more. After about 2 hours, the volunteers re-assembled in college to share their experiences.

This turned out to be a very humbling experience for the volunteers as the kindness shown by them was amplified to a level that they were overwhelmed by the feedback. This activity truly helped the volunteers in imbibing philanthropic values that will guide them throughout their life.

Anveshana Report

UDGAM, in collaboration with Agastya foundation, undertook a project ANVESHANA, which was a Science & Engineering competition conducted by Agastya Int. Foundation, further culminated in a fair where the students exhibited their projects/models. This competition primarily involved undergraduate Engineering students and underprivileged school-going students where the students together followed philosophies and practiced hands-on learning, research orientation and making models based on Engineering-Science concepts. The engineering students mentored these students in the creation of models while inducing knowledge and confidence in them.

Engineering colleges participated as teams with 2 members. The teams then selected 2 students from nearby underprivileged schools (Govt. and Govt. aided schools) to mentor them to design and build models or projects around an identified social problem. The school students thus received exposure to the entire planning, designing and building process of the models and in turn will get educated in the scientific and engineering concepts behind the models in Anveshana.

Teams from various branches in SIES GST participated in the competition. Starting from December upto February, students made regular visits to the school located near the college to teach the school kids. They explained all the basic concepts pertaining to their projects to them. Four teams from our college were in the top 25 and one of them bagged the consolation prize. Overall it was a great experience for both the school kids as well as the engineering students.

ISR Beacon Annual Report – 2019-2020

SIES Graduate school of Technology stand with its vision of social empowerment and equality committing to the task of inclusive social upliftment and equality. The management has adopted “Project Beacon “as our Institute level social responsibility (ISR) . Project beacon incorporates for the targeted youth a set of training programme that are recognized by, and relevant to the requirement of industries and service providers. The courses like sewing tailoring, AC Mechanic, Electrician, computer operator, web designing, screen printing and welding. Project beacon is small step to give meaning and purpose to someone’s life. The main objective is to provide an opportunity to untrained/unemployed/school drop outs youth through skill based education. The courses are giving more focus on practical hands-on training with minimum required theoretical background. They are also undergo a compulsory foundation course comprising of basic communication and computer skills along with an exposure to various allied fields. SIES GST is committed to initiate and sustain the project to the best of its capabilities. 15 NSS volunteers helped to get admissions and functioning of classes.

The following is the details of different courses.

Special Camp – 03/01/2020 to 09/01/2020

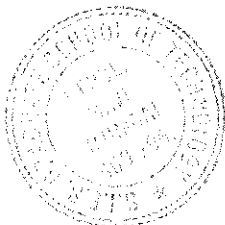

The NSS Volunteers of SIES GST held a 7 day special camp at a village named Warap in Pen taluka where they contributed towards the village's development by constructing proper drainage system for village common taps hence preventing stagnation of water on the streets, making soak pits and constructing 2 dams which will help the village cope with water shortage during dry seasons.

Along with this, the volunteers also contributed in cleaning up the streets of the village, cleaning up the shamshan, painting the school and gram panchayat office walls and general beautification of the village.

The volunteers also performed street plays in the village square to raise awareness about topics like:

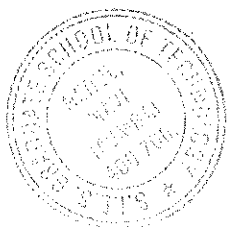

1. Plastic waste management
2. Water conservation
3. Cellphone addiction and disadvantages
4. Importance of farming
5. Cleanliness and Hygiene

REPORT OF PROMETHEAN 2020: AN ENGINEER'S SOLUTION

Second year students of **SIES Graduate School of Technology** organized an event called **Promethean: An engineer's solution** for the First year students. This event was held in two Rounds, the First round being held on 3rd January, 2020 while the Second round being held on 31st January, 2020.

With numerous environmental problems faced globally and Climate change being the matter in hand, Students play a crucial role in bringing a change. This was the main intention behind organizing Promethean. Promethean is a Poster presentation competition where the students were exposed to environmental problems of today and they had to come up with engineering ideas of their own. Workshops were held prior to every round by the Promethean volunteers to guide the First year students with the presentation of their ideas.

The timeline of Promethean was as such:

1. **Promethean Workshop 1**–December 20, 2019
2. **Promethean Workshop 2**– January 2, 2020
3. **Round 1**– January 3, 2020
4. **Promethean Workshop 3**– January 11, 2020
5. **Round 2**- January 31, 2020

PROMETHEAN WORKSHOPS

1. Promethean Workshop 1– 20 December, 2019

The F.E. Students were explained the procedure of registration, Topic selection, PPT Designing and Round 1 of Promethean. Two volunteers were assigned for every division, and these volunteers would be the mentors for that class throughout the length of the event. The contents of the slides, time limit was also explained to the students.

2. Promethean Workshop 2– 2 January, 2020

This workshop was aimed at reviewing the PPT made by the F.E Students by their mentor volunteers. The students were given suggestions on how they can improve their PPTs content-wise and look-wise. There will be no common topics in a division, hence, all the teams from a division made their PPTs on different topics. The Students were also given suggestions on how they can present their PPT well before the faculty, like their posture, gestures, voice and clarity. Once a team's PPT was ready, they were asked to mail it to the Promethean team.

PROMETHEAN ROUND 1

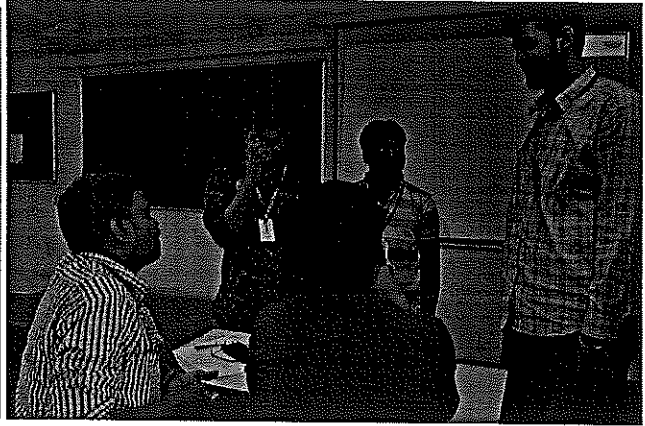

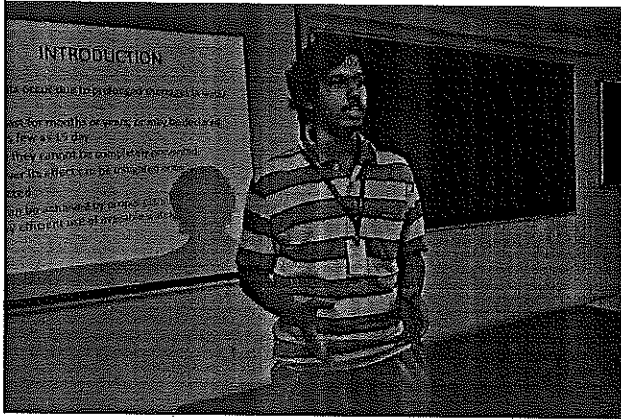

Round 1 was a PPT Presentation. The students had selected their respective topics and prepared a PPT, refined and ready to be shown to the faculty and their classmates. The criteria for judgement included: Relevance, feasibility and novelty of the solution, Slide design, conclusion within time and slide limit and knowledge of the solution.

The faculty asked apt questions to the students regarding their topics; Three-four teams from each division who prepared well and excelled in all the above criteria were undoubtedly selected for the Second Round.

PROMETHEAN ROUND 2

1. Promethean Workshop 3– 11 January 2020

The selected students were given details of Round 2, which was Poster Presentation. The things conducted in the workshop were: Details of Poster size and material to be printed on, Content and layout of the poster, Details of Topic selection procedure and Poster designing apps and websites.

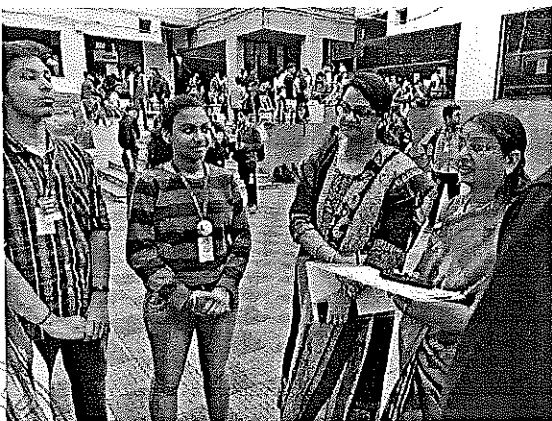

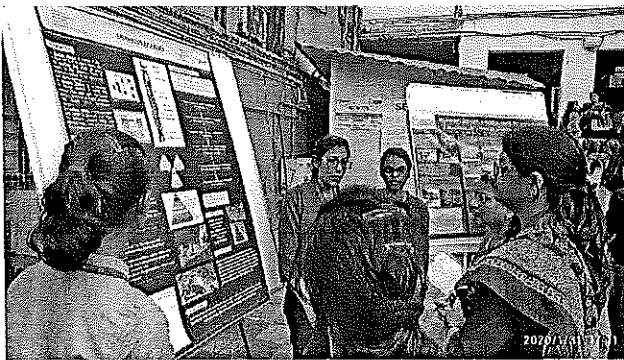

2. Round 2- 31 January 2020

The event started with introduction of our judges to the Participants- Dr. Seema Mishra and Chitra Ramanan madam, followed by an introductory speech by Dr. Manasi Karkare madam, who then opened Round 2.

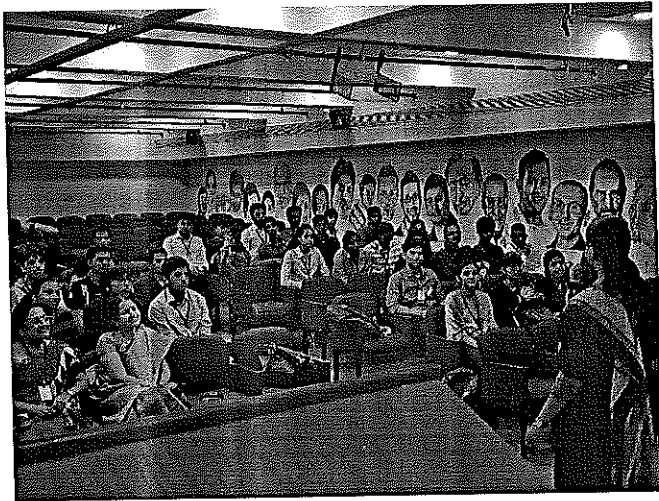

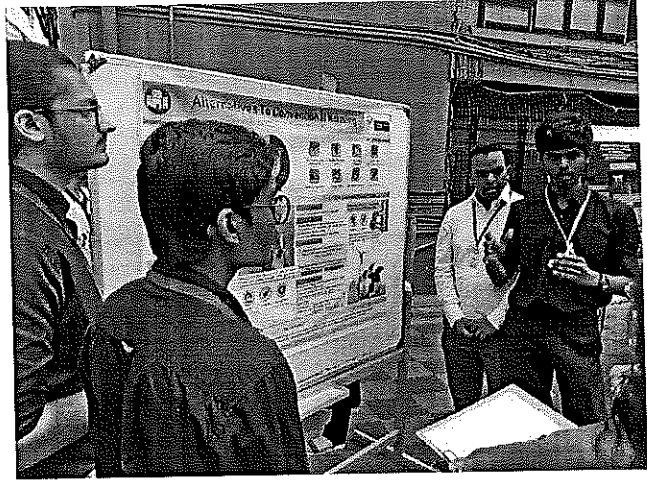

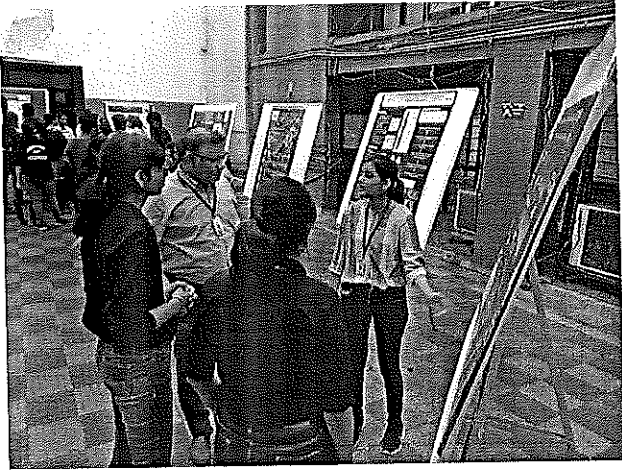

The students explained their solutions through their poster to the judges in detail. The judges questioned the students, where their preparedness was tested.

After an hour of detailed judgship, all the participants were done presenting the posters. The students were tested on their presentation, oratory, responsive, creative skills and knowledge of the problem and their solutions.

Four teams proved to be exceptional and clinched the winners tag. All Participants Were given the Participation certificates by the honored guests. A word of motivation by Dr. Seema Mishra ma'am and Dr. Manasi Karkare ma'am instilled confidence in the participants for their future endeavors. A vote of thanks concluded the Promethean 2020 event.

The motive and goals of Promethean 2020 were as follows:

- 1) To instill in students, awareness regarding Environment Problems and make them think on Engineering Solutions to overcome the problems.
- 2) To overcome stage fear and boost self-confidence.
- 3) To learn time and resource management.
- 4) To develop team bonding and working as a team.
- 5) To uplift unique ideas of every individual
- 6) To improve overall personality and embarking social responsibility.

According to a feedback conducted by the Promethean team, we got to know that above 80% students found a change in their self-confidence and overall personality, indicating the success of Promethean.

BLOOD DONATION CAMP – 31/01/2020

The NSS Unit of SIES Graduate School of Technology has conducted Blood Donation Camp on 31st January, 2020 in college campus. The Blood Donation Drive had commenced from 9:00am with inauguration of the camp by our respected incharge Dr. Atul Kemkar. The two hospitals involved in Blood donation were Sion Hospital and JJ Hospital. The Blood Donation was performed on the address of well-qualified doctors. Every NSS Volunteer was working under the guidance of hospital members. After donating blood, every donor was given refreshment in order to re-energize themselves. Students and Staffs had also donated the blood and supported the blood donation drive. The blood donors were provided with a blood donation certificate card. The Drive was ended by total collection of blood units of 262 with a very good response of the drive. The Blood Donation Drive was completed successfully. Overall, the camp was a novel way of addressing a national cause.

REPUBLIC DAY – 26/01/2020

The 71st Republic Day of India was celebrated on 26th January, 2020 in SIES Graduate School Of Technology with enthusiasm. The Event commenced with an assembly in the GST Quadrangle where the hoisting of the National Flag took place by our respected Principal I/C Dr. Atul Kemkar, followed by the singing of the Indian National Anthem. Further hosts for a day were introduced and started a day which was followed by a sequence of performances by different student chapters of our college including the NSS UNIT. The Second Year NSS Volunteers performed an excellent skit to create an awareness about the Communication Gap between children and parents & Negative influence of Society on our Passion & Dreams which left a huge impact on the audience and was well appreciated by them. The day was celebrated with Pride and Patriotism fervour.

Gandhi Jayanti Celebration – 02/10/2019

The enthusiastic volunteers of NSS, SIES GST participated in the Gandhi Jayanti Celebration held at our college on 2nd October, 2019. The event was graced by the Programming Officer of our unit. We lit the lamp in front of Mahatma Gandhi's portrait and sang bhajans remembering our beloved Babu. Certain pertinent traits he preached and practiced were recalled by our volunteers. We also discussed the journey he lived. The event was concluded by serving snacks to all of us.

Bhajan Sandhya– 02/10/2019

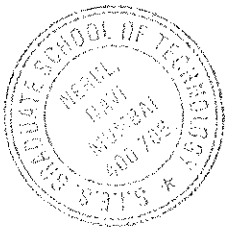

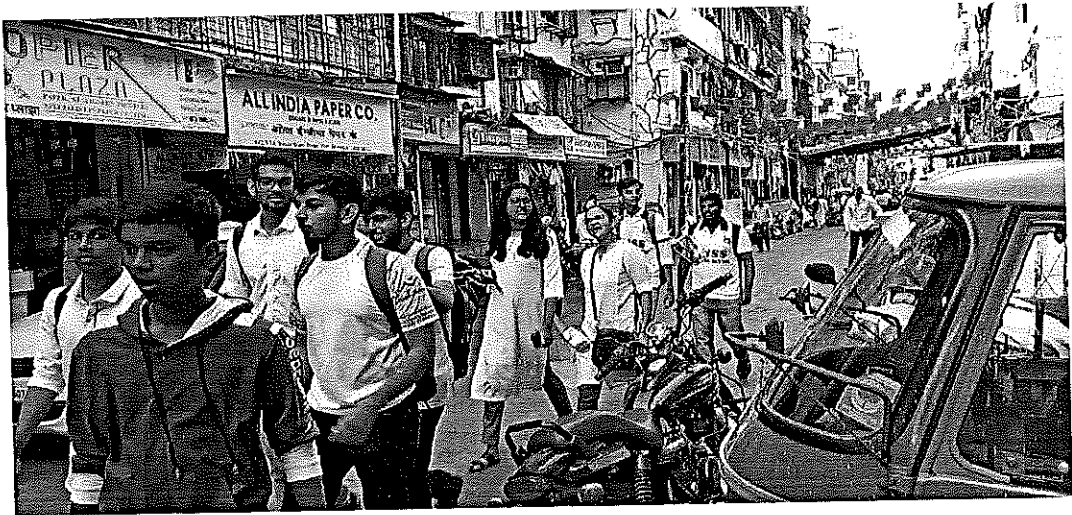

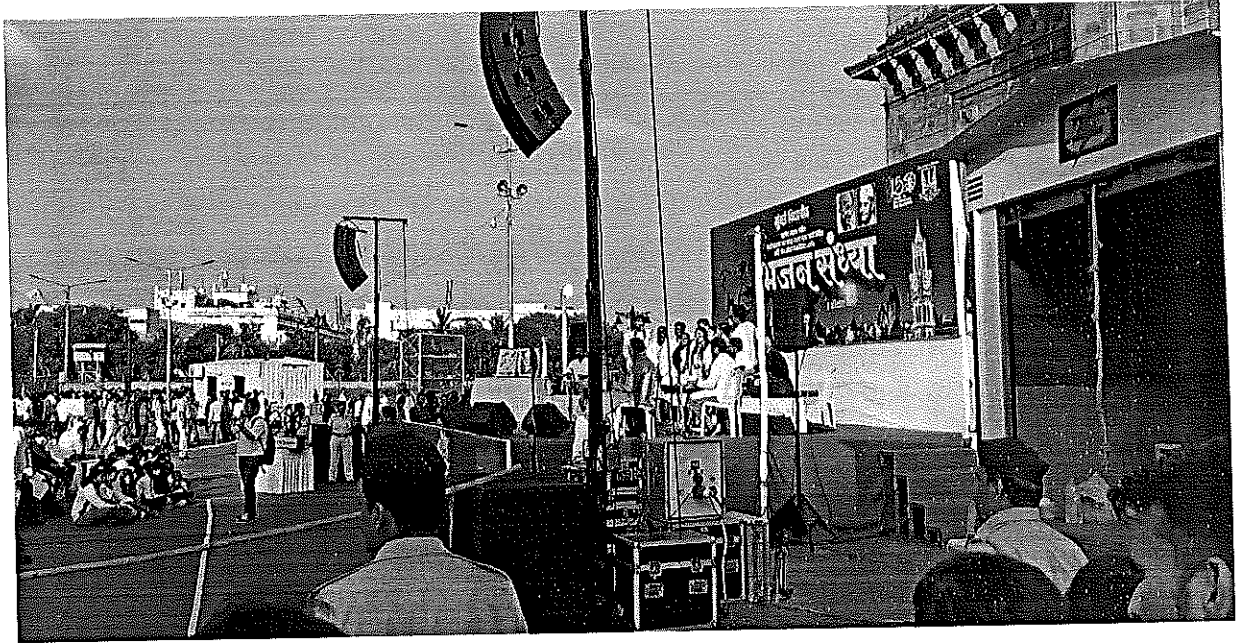

10 volunteers of SIES GST NSS Unit had participated in Bhajan Sandhya on 2nd October 2019 organized by NSS unit, the University of Mumbai at Gateway of India to celebrate 150th Birth Anniversary of Mahatma Gandhi. This was a university based event. SIES GST NSS unit also carried out a rally from Chhatrapati Shivaji Maharaj Terminus Station to Gateway Of India. The event started with prayer, bhajan, peace songs and was concluded by a pledge. All NSS volunteers took pledge to keep their surroundings clean and the songs by talented musicians and singers raised the patriotism in each individual. The event duration was approximately 3 hours and the NSS volunteers were full of energy and the speeches by the dignitaries were thought provoking.

Event Description

Ideation, an ideathon, was a collaborative event which was organized by the combined efforts of IETE Students' Forum and EDC of SIES Graduate School of Technology. The aim of the competition was to provide a medium for the enthusiasts to generate creative and technically productive ideas to real life problems faced by people in the society.

Ideation's prima motto was to give back to the society and help solve most of the commonly faced issues with the help of technical ideas, which can then be taken up as first hand projects. The event began with the Inauguration ceremony, in the presence of our Guest of Honor Dr. B. U. Rindhe, Chairman, IETE, Navi Mumbai Centre, and Principal, Dr. Atul Kemkar. The event flagged off with their inspirational words, followed by the Ideation description by Ms. Archita Poddar, IETE Chairperson and the vote of thanks by Mr. Girish Pulinkala, EDC-Chairperson.

Ideation'19 was organized in collaboration with two NGOs, Blue Ribbon Movement and Child Vision Foundation. The problem statements were given by two NGO partners which are community issues such as waste management, water management, road safety, robbery, issues faced by the differently abled etc. The solutions were supposed to fill the gaps that our NGO partners face to implement such ideas.

This was followed by the problem statement selection where teams have selected the problem statement of their choice and brainstorming session by the participants. We

SECTOR 4, NERUL, NAVI MUMBAI - 401 706.

also had mentors from our NGO partners Child Vision Foundation and Blue-Ribbon Movement who were present throughout the day to help and guide the participants in all possible ways and to solve their queries.

After two elaborate sessions of brainstorming, the final presentation of their ideas and solutions were conducted and by evening, the results were announced in the presence of our esteemed judges and mentors.

The details of problem statements selected by teams are given as below.

PROBLEM STATEMENT NO.	PROBLEM STATEMENT	TEAM LEADER'S NAME	COLLEGE
1	Kidnapping of children	MuneebChougale	Anjuman-I-Islam's Kalsekar Technical Campus
2	Damage due to rains	Kirti Gupta	V.K.Krishna College of Commerce And Economics
3	Manual scavenging	AdwaitRangnekar	SIES Graduate School of Technology
4	Lack of cleanliness and hygiene in slums	T. S. Dinesh Nadar	SIES Graduate School of Technology
5	Traffic controlling during working hours	Adarsh Hemant Kenjale	SIES Graduate School of Technology
6	Expensive medical facilities	GeetikaBabu	SIES Graduate School of Technology
7	Inadequate safety for appliances in a house	SarveshVichare	SIES Graduate School of Technology

Leave your feedback/suggestions below (if any):

It was well organized, my concern related to event is the Mentor shouldn't have had to Evaluate the participants. But there were many technical things that had been played out but it the Mentor would have got that if just sharing that the team who has thought a lot would have got less marks. - Also there was lack of coordination or information among the participants engineers & the same part of event were not thought through & planned that how it will be implemented.

4. Impact Analysis:

Ideation '19 was being conducted for the second time in our college after positive responses from the participants and the NGO partners. The participants presented various innovative and creative solutions to the real-life problems in the society. They felt the event very useful and innovative. The NGOs also explored the different ways in which a social problem could be solved. The organizers, participants and the judges were overall contented with the functioning of the event.

Entrepreneurship Awareness Camp (EAC)

Funded by: DST- NIMAT- NSTEDB through EDII Gurjat

(Ref: EDII/DST-NIMAT/19-20/614 Dated 12/08/2019)

- Event Title** : Entrepreneurship Awareness Camp (EAC)
- Venue** : SIES- Graduate School of Technology (GST) Nerul, Navi Mumbai
- Date** : 27th -28th September 2019 (Speaker Sessions)
5th October 2019 (Visit to Indian School of Design Innovation)
- Time** : 9:00 am to 5:00 pm
- Organized by** : Entrepreneurship Development Cell (EDC)
- Organized for** : All Branch Students (FE/SE/TE/BE) from SIESGST
- Event Description** : The aim of the EAC was to provide platform to the students and faculty members to interact with startup founders in various field. The EAC prime motto is to create awareness among undergraduate students and faculty members of Engineering or technical background about various facets of entrepreneurship as an alternative career option as also to highlight the merits of pursuing such an option.
- The EAC was of 3 days duration, is conducted in the SIESGST, Nerul, Navi-Mumbai Campus. In EAC, the more than 75 students are exposed to different aspects of entrepreneurship, including opportunity guidance, services offered by agencies of support system etc.
- The Interactive Speaker Session was arranged under EAC in the SIESGST Campus on September 27th and 28th, 2019. They covered the various topic during the sessions:
- How the present scenario about startup and Government policies

**Overview
about 3days**

As quoted by Narendra Modi The Prime minister of India "Lets make India the Skill Capital of the World" the Entrepreneurship Development Cell of SIES GST organized an entrepreneurship awareness camp for the students with startup ideas as well as for those who could take points and learn from the Founders and Co-founders of various startups in Mumbai.

It is an initiative taken by Entrepreneurship Development Institute of India which was organized by the EDC Incharge faculty Dr.Kaustubh Chavan and Student Council incharge Prof. Sumitra Padmanabhan along with EDC SIESGST.

The Awareness camp was organized on 27th,28th September 2019 and 05th October 2019 with four speaker sessions and an industrial visit.

Day 1(27th September 2019):

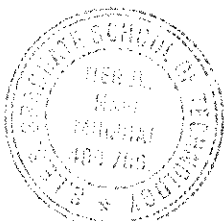

The event began with an inauguration ceremony by lighting of lamp by our I/C principal Dr.Atul Khemkar,Mr. Randeep Singh Lobana (Founder Commutech.Ltd) and Dr.Kaustubh Chavan sir. The event was flagged off by the inspiring words from Dr.Kaustubh Chavan.

The First session was by Mr.Randeep Singh Lobana (Commutech.Ltd) in which he shared his experience of studying mechanical engineering from IIT Bombay and how he took up his entrepreneurial career in information technology.He shared his hardships faced and taught students how to look into entrepreneurship as a career option. He did a small group activity for the students by making them share the ideas criticizing it as a third party and showing them the reality using Google search engine.

The second Session was by Mr.Saurabh Sinha (Rein labs.Ltd).He shared his experiences as an entrepreneur and the 10 Mantras of how to be an entrepreneur as well as taught the students how to make a business model.

Day 2 (28th September 2019):

The Session one was flagged off by Ms. Smedha Sarkar (Edumaan.Ltd) by sharing her amazing experience in the teaching

Principal

SECTOR-V, NERUL, NAVI MUMBAI - 401 705.

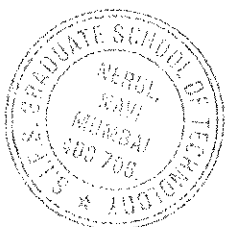

field and what led her to be an enabler of employment and entrepreneurship. She taught the students on how to market the product and the company with a sketch pens and chart papers.

The second session was conducted by Mr. Pranab Salian (Founder IP Hawk) and Gaurav Shetty (Co founder Ip Hawk) They covered the points such as. Introduction & Entrepreneurship Journey (Pranab Salian) Why, What and How to Start-up as a founder (Pranab Salian), Experience and challenges of working at a startup (Gaurav Shetty), Workshop part A: Building a Pitch Deck (Pranab Salian), Workshop part B: Building an MVP (Gaurav Shetty), Experiences of raising funds (Pranab Salian).

Day 3 (05th October 2019):

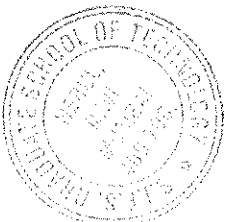

The Final Day of the Entrepreneurship camp was the Industrial Visit to ISDI-Indian School of Design and Innovation where Students were taught by Amit Kundal on how to think innovatively and make a product useful for the people as well as does not harm the environment. There was a session on Data Science by Anshul Gupta who taught us how today's startup giants recommend the items and services to the users.

- Outcome :**
- Students and Faculty members have interacted with Entrepreneurs were invited for experts
 - How to prepare business plan and execution of business plan to successful startups
 - The Experts shared the success stories - common problems faced by entrepreneurs was discussed
 - How difficult is to manage the Grant, funding and loaning from banks, agencies was discussed

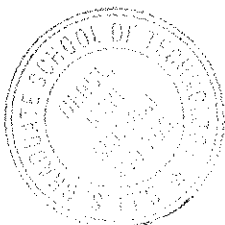

-
- Marketing policy, and communication skills (interacting with people) for better results was discussed
 - How one can convert the idea and innovation to the implementation to successful startups

**SIES Graduate School of Technology,
Department of Printing and Packaging Technology**

The Department of Printing and Packaging Technology at SIES Graduate School of Technology offers a unique undergraduate Engineering Course in Printing and Packaging Technology. To make Junior college students aware about this course and understand its significance in the industry, we organize P-Pack Junior every year. This year it was held on September 29, 2019. It is a technical event in which we have also introduced fun elements introducing fundamentals related to Printing and Packaging Technology. The vision behind P-Pack Junior is to spread awareness between students about this course, especially for those students who are going to pursue their career in engineering.

P-Pack Junior is a technical quiz competition and package design contest for Junior college students (11th & 12th science std) which is based on introductory concepts of Printing & Packaging Technology. The main objective of the event was to create interest and awareness about the course in junior colleges and highlight its future prospects.

45 students participated in the event from various junior colleges in Mumbai & Navi Mumbai in "P-Pack Junior" that was held on Sep 29, 2019. About.

Students were provided with various packaging materials and were judged on parameters like less weight of the whole package, durability of the package, design considerations etc.

Event Description

An automobile workshop was held at our college. This workshop was held for the students on 22/09/2019 and 29/09/2019. This workshop gave students a brief idea about working of an automobile vehicle, operation of machines like lathe machine, angle grinder, bench grinder, etc. and also about the use of CAD softwares. It was conducted in our college's workshop and was held for two days.

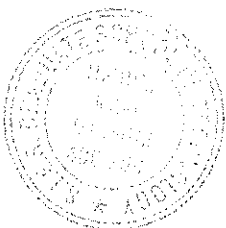

Day 1(22/09/2019) :

The workshop was started with the illustration of chassis department. Here, the students were explained about the importance of chassis, its types, etc. after this, they were given the explanation about the wheel assembly department, where they were explained about traction force, tire nomenclature, etc. They were given a lunch break of one hour. After that, session of drivetrain department was conducted. they were taught about the functioning of engine, CVT, gearbox and applications of zeppa. After this part, session of suspension department was organized, wherein they were taught about the double wishbone suspension, leafspring suspension and their significance. They were given a refreshment break wherein they were provided with a soft drink and fast food. At the end, a fun activity was carried out, wherein students were guided to make a PVC model of our chassis.

Day 2(29/09/2019) :

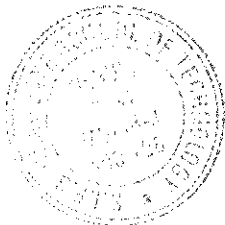

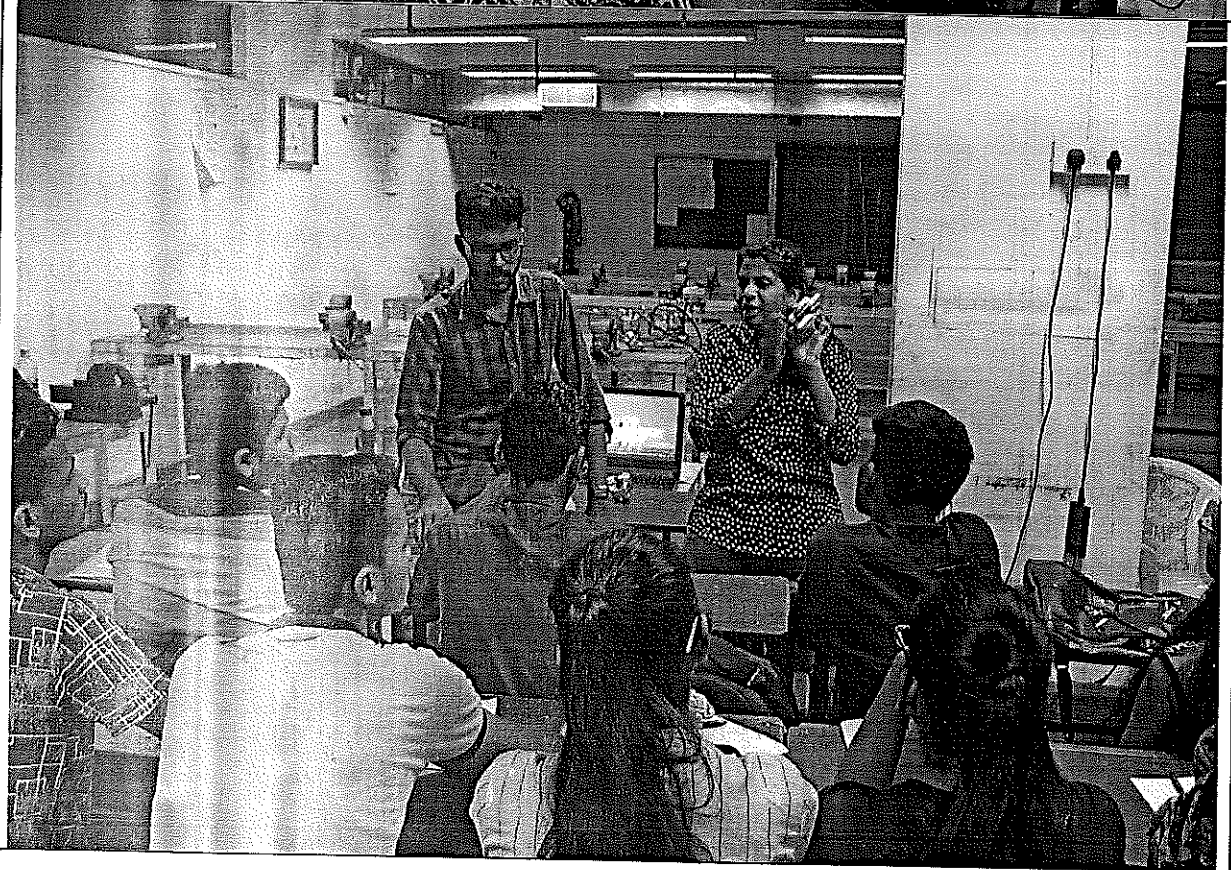

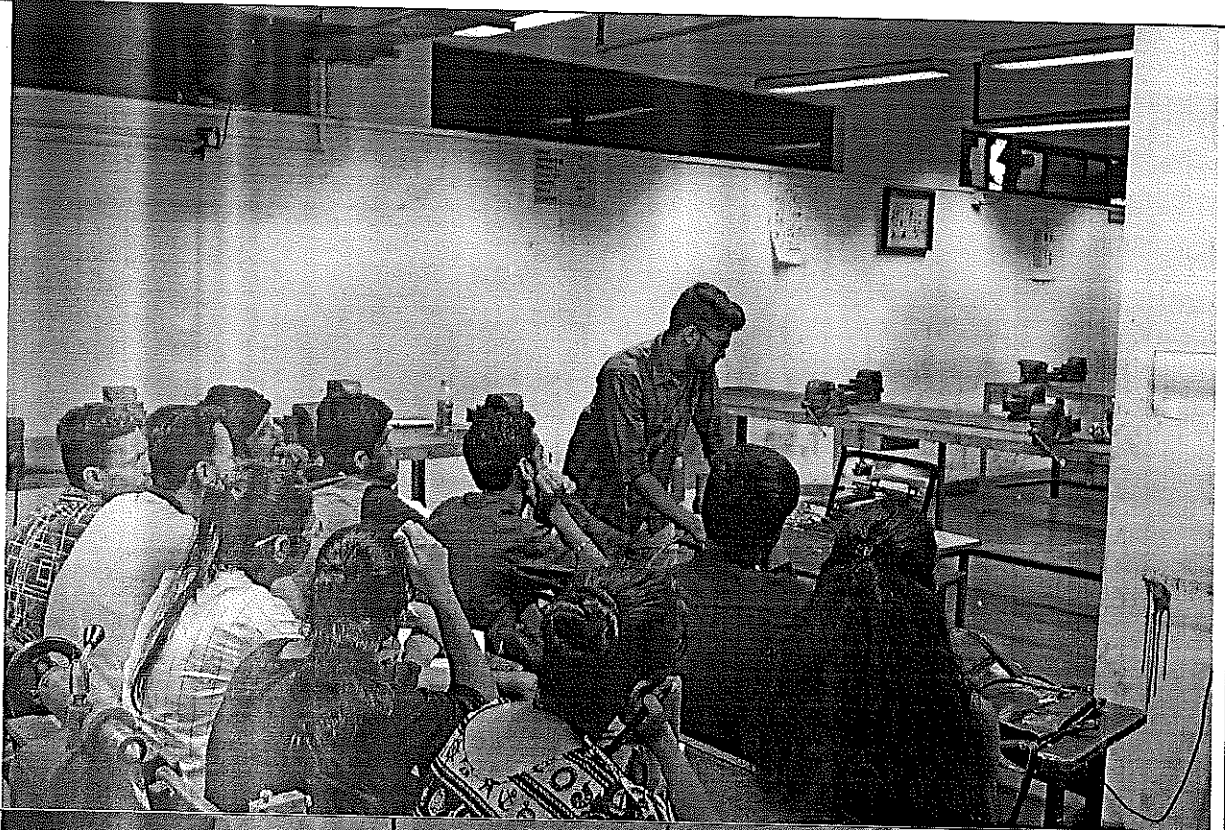

This day started with the session of steering department, in which they were given a brief idea about various steering mechanisms like Ackermann geometry, pro-Ackermann, etc. After this part, brakes department conducted a session, in which they covered topics like how brakes works, its necessity, its types, and various principles governing it. they were given a lunch break of one hour. Eventually they were taken to the machine shop of our college, where they were taught about the working of the lathe machine, various operations performed on it and its industrial appliances. Thereafter they were explained about the various CAD softwares like solid works, Ansys, etc, which our team uses in making the design of our vehicle. After this, they were introduced to different fabrication like cutting, grinding, profiling, polishing and welding. At the end of the day, fun activity was organized where assembly and disassembly of vehicle was carried by students under the guidance of the seniors and thereafter refreshments were provided.

Street Play - 22/09/19 to 24/09/19

As the name suggests, all the NSS volunteers of SIES GST participated in an activity that laid emphasis on spreading awareness to the College's students, who are the future citizens of our country, and staff of the college. The Street play was held for 3 days while celebrating NSS Day. All NSS volunteers gathered at 12.50 pm and gathered the attention of the people by changing slogans. The topics were the raising issues of our society which we usually neglect, such as traffic rules and road safety, celebrating festivals in an eco-friendly manner, help line numbers and fake patriotism. The volunteers performed small anecdotes with slogans.

TREE PLANTATION DRIVE: 27/08/2019-30/08/2019

As the name suggests, all the NSS volunteers along with the FEs of SIES GST participated in an activity which aimed at creating a better environment by planting trees. Through this activity, the volunteers and the FEs along with some faculty members took their time off after the college hours and planted various saplings in the college premises. The event was conducted for 4 good days, making management of students and time. The students were made to dig the ground, good enough, for planting the sapling and then in a group they indulged in tree plantation procedure. The programme not only instilled awareness towards mother nature in students but also proved a good ground for bonding and communicating with each other.

FE Induction - 2019

An Induction program was conducted by SIES GST for the novel group of aspiring engineers to give them an insight of the new chapter they were about to commence in their lives. It was a 5-day interactive session, which started on 7th August 2019 and ended on 13th August 2019, providing the students an opportunity to develop strong interpersonal bonds with their peers, seniors and faculties. All the newcomers were addressed by the student council in charge and Student Council President explaining the responsibilities and duties of the Student Council and all the student chapters that are inclusive. An interactive session of parents with the department HODs, class in-charges and the placement co-ordinator was arranged. The students were taken on campus tours by the faculty and student volunteers. A yoga session, self-defence workshop and tree plantation programme were organised. All the teams and Student Chapters conducted various activities for the students and gave a glimpse of the numerous events conducted by them throughout the year. A seminar on Blockchain, as a concept and how it has risen to the technological and economic paradigm was conducted. The entire motive behind the induction program was to take a positive step towards nurturing students who are not just good engineers but better members of the society.

Independence Day Celebration–15/08/2019

Every year 15th August is celebrated as “Independence Day” in SIES Graduate School of technology with great enthusiasm. This year as well, we celebrated our 73rd Independence Day with great energy. The day started with an assembly in the GST quadrangle where flag hoisting took place followed by a speech from our respected in charge Dr. Atul Kemkar. Further the assembly was shifted to the GST auditorium where the host were introduced and the start of the day was marked followed by a sequence of performances by different student chapters of our college including the NSS. Newly Recruited Second Year NSS volunteers enacted an excellent skit. They performed on three different topics favouritism, dreams and passion and dignity of labour which was well appreciated by the audience. The entire functioning of the program was handled by the TE NSS volunteers. The program ended by an energetic speech by one of our students.

Event Description

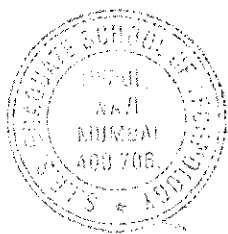

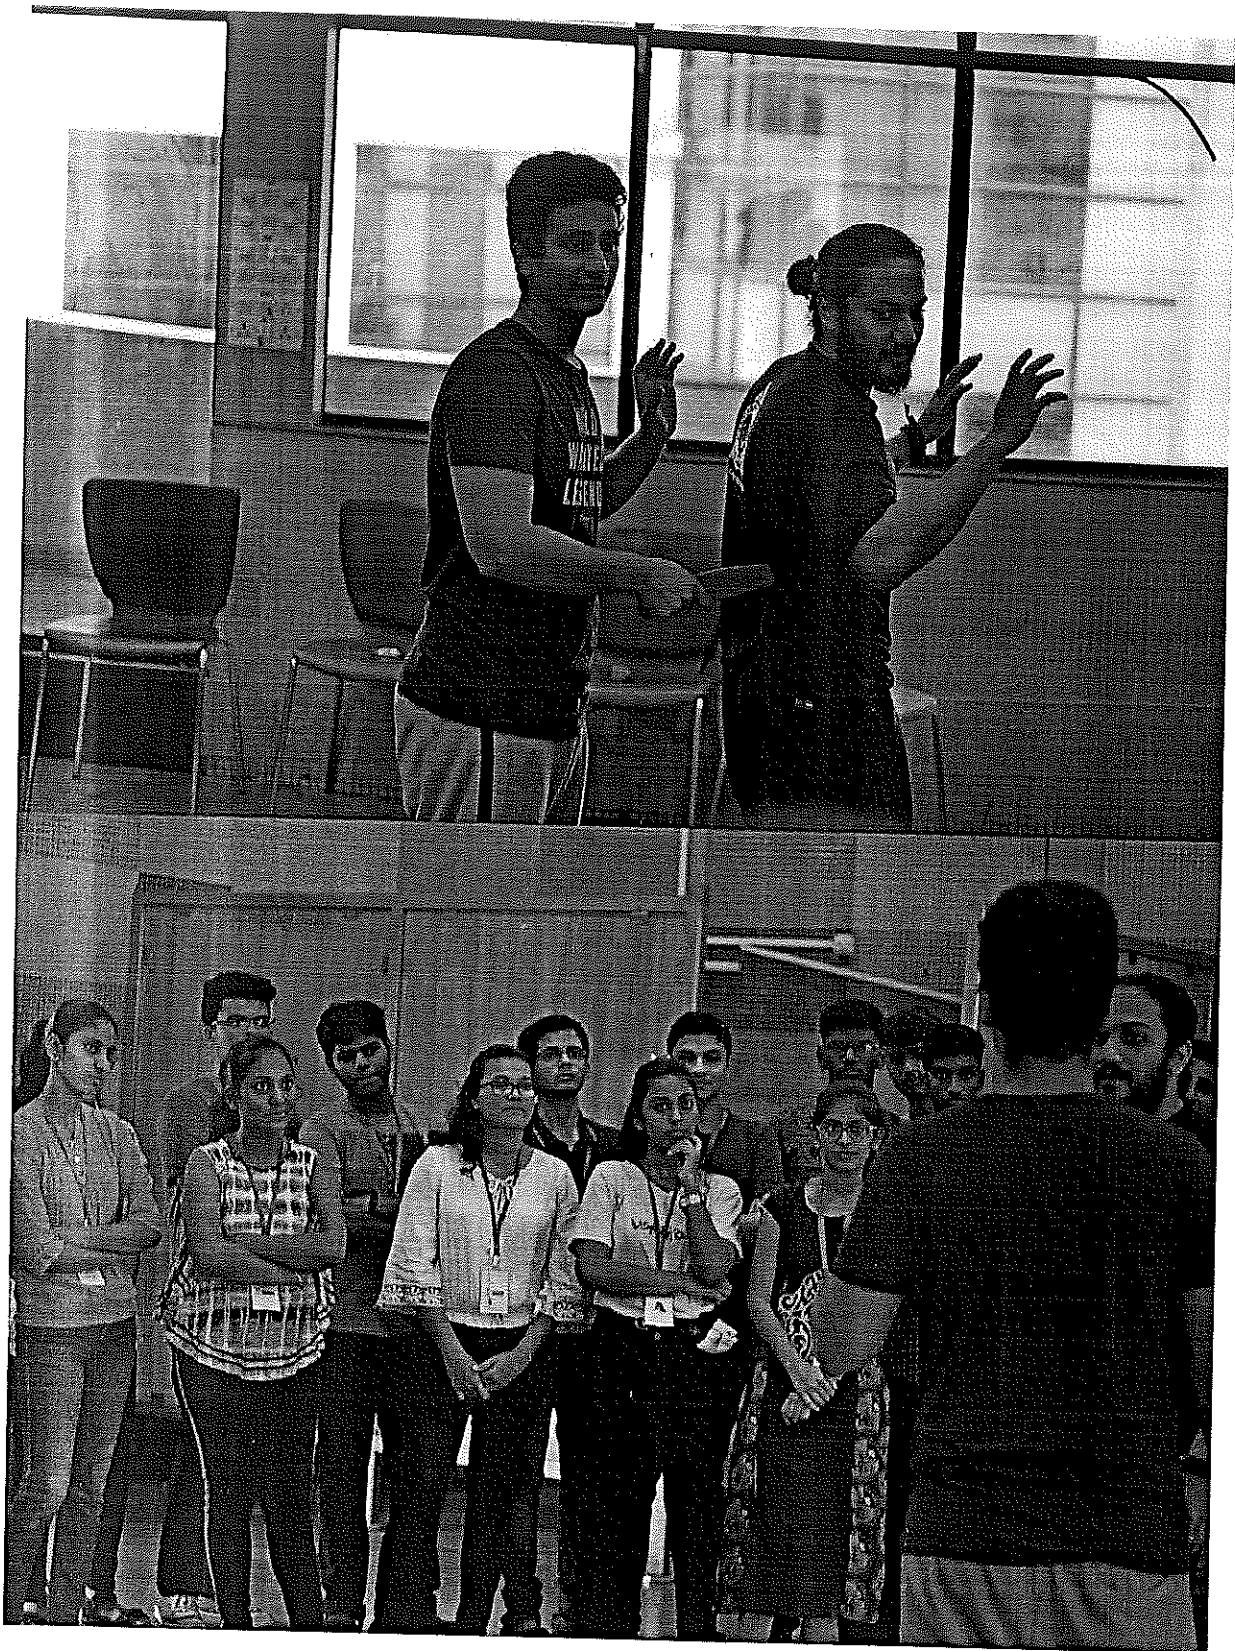

Self-defense is not just a set of techniques, it's a state of mind and it begins with the belief that you are worth defending. A workshop on Self-defense was conducted in SIESGST on 08th August 2019.

Apprising the students about the importance of Self Defense, Mr. Raunak Mukherji and Mr. Mohit Dogra said that one needs to tap one's hidden physical strength and learn to RESPOND, not REACT. He motivated the students to speak up about such crimes and gave them tips about what to do if they are trapped in an undesirable situation. Speaker also gave the students a demonstration of street fight techniques in real life scenarios.

PLOT EC/D/16, SRI CHANDRASEKARENDRASARASWATI VIDYAPURAM
SECTOR-5, NERUL, NAVI MUMBAI - 400 706.

An automobile workshop was held at our college. This workshop was held for the students 27/07/2019 and 28/07/2019. This workshop gave students a brief idea about working of an automobile vehicle, operation of machines like lathe machine, angle grinder, bench grinder, etc. and also about the use of CAD softwares. It was conducted in our college's workshop and was held for two days.

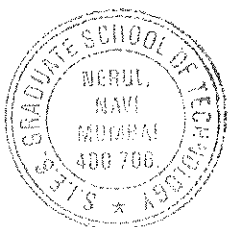

Day 1

The workshop was started with the illustration of chassis department. Here, the students were explained about the importance of chassis, its types, etc. after this, they were given the explanation about the wheel assembly department, where they were explained about traction force, tire nomenclature, etc. They were given a lunch break of one hour. After that, session of drivetrain department was conducted. they were taught about the functioning of engine, CVT, gearbox and applications of zeppa. After this part, session of suspension department was organized, wherein they were taught about the double wishbone suspension, leafspring suspension and their significance. They were given a refreshment break wherein they were provided with a soft drink and fast food. At the end, a fun activity was carried out, wherein students were guided to make a PVC model of our chassis.

Day 2

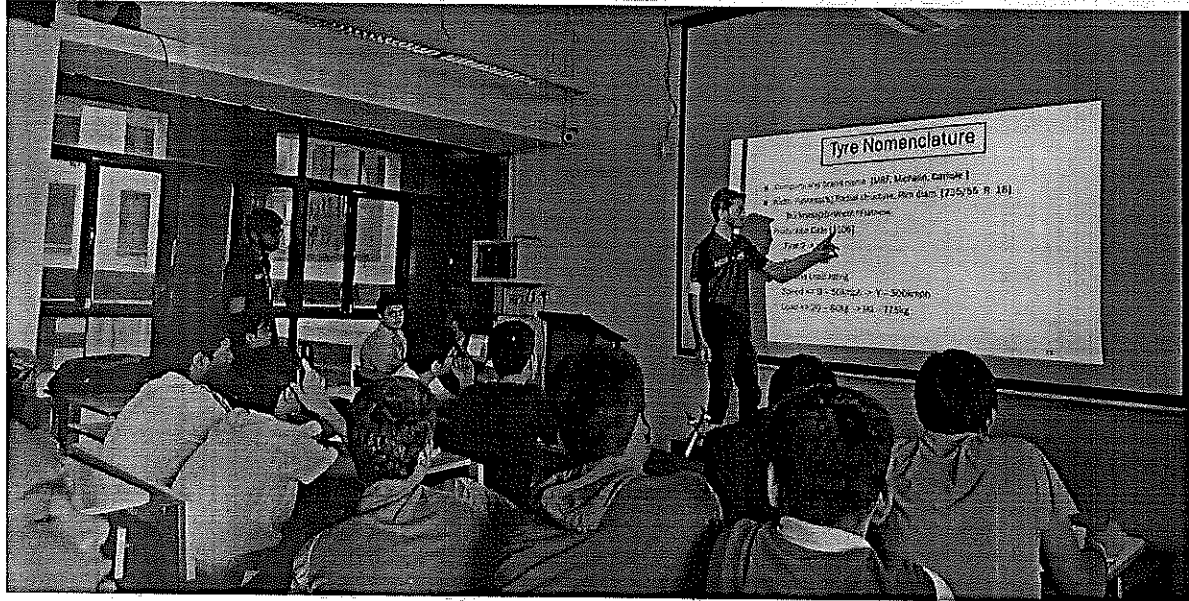

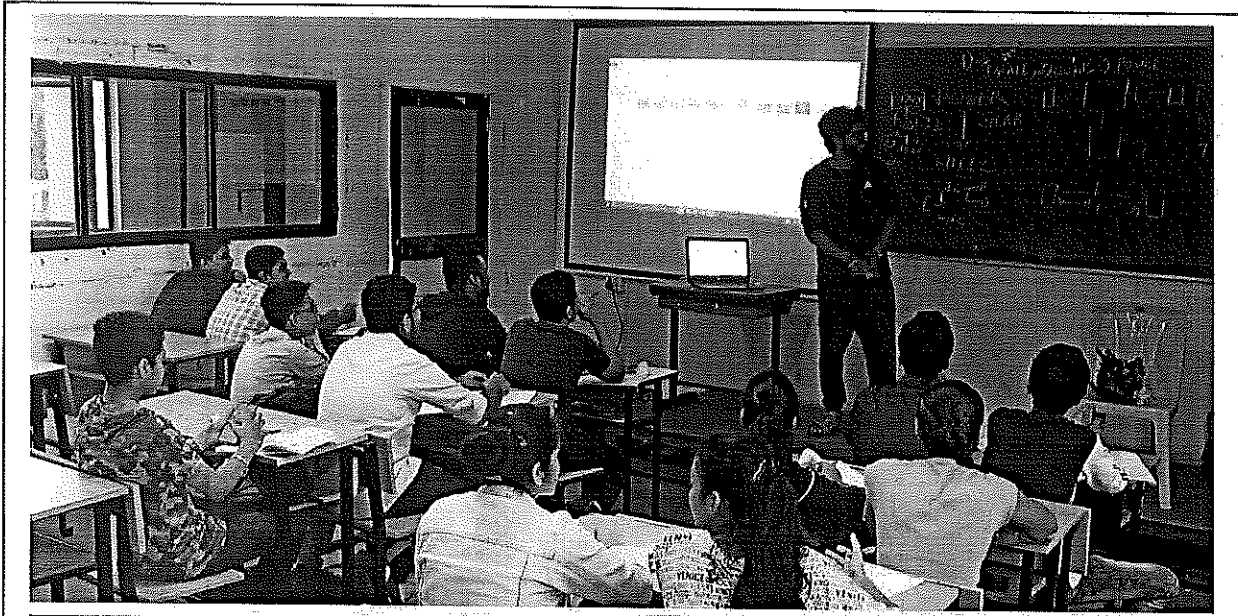

This day started with the session of steering department, in which they were given a brief idea about various steering mechanisms like Ackermann geometry, pro-Ackermann, etc. After this part, brakes department conducted a session, in which they covered topics like how brakes works, its necessity, its types, and various principles governing it. they were given a lunch break of one hour. Eventually they were taken to the machine shop of our college, where they were taught about the working of the lathe machine, various operations performed on it and its industrial appliances. Thereafter they were explained about the various CAD softwares like solid works, Ansys, etc, which our team uses in making the design of our vehicle. After this, they were introduced to different fabrication like cutting, grinding, profiling, polishing and welding. At the end of the day, fun activity was organized where assembly and disassembly of vehicle was carried by students under the guidance of the seniors and thereafter refreshments were provided.

Disaster Management – 30th March, 2019

The NSS unit of SIES Graduate School of Technology conducted Disaster Management Workshop on 31st March, 2019 in partnership with the Social Architect Foundation. The workshop was conducted on the basic concepts of disaster management. The objective of this seminar was to inculcate in the attendees, an ability to act quickly and responsibly in times of emergency. The attendees of this workshop were trained for various aspects of disaster management. Demonstrations and training on the use of medical bandages, mobilization/transport techniques, fire management, mock drill on terrorist attack, etc were taught.

Women Development Cell

Report on Program Organized By CWDC 2018-19

Seminar on “ Women Entrepreneurship -Expectation and Reality”

Date & Time: Conducted on 26th Feb 2019 from 3.30 p.m. to 4.30 p.m.

Venue: In Auditorium of SIESGST.

Resource Person: Mrs.Kanchan Teli, Director at Visiocon, JK Paper Bags & IIGT Prepress Institute.

The seminar was focused on opportunities, challenges, and skills to be acquired as women entrepreneur. Speaker shared her own experiences in her journey of becoming entrepreneur. She also discussed expectations from women at work and also at home and in reality how to manage both fronts.

Mrs.Kanchan also discussed how to apply for loan or government schemes available for women entrepreneur. She also discussed various skills required as entrepreneur such as networking, delegating, creating the brand image, communication with clients, prospective customers, and employees.

Session was very interesting and informative.

Audience: SIESGST Students and Faculty.

Feedback: All students and faculty had appreciated the contents delivered by the resource person.

Compost Filtration – 24/2/19

The NSS unit of SIES GST manages a compost generation plant. The compost is created in a natural way by eco-friendly methods.

Once an year, the volunteers of NSS SIESGST collect the compost and process it. This processing includes filtration and packaging, The packed compost is then sold and the revenues are directed towards social service activities.

Theme Based Workshop – 20/02/2019-21/02/2019

The NSS unit of SIES GST conducted a two day Theme Based Workshop on ‘Waste Management’ on 20/02/2019 & 21/02/2019. This workshop was a district level workshop in which NSS volunteers from various colleges participated.

The workshop was inaugurated by Prof. B.S. Bidve, NSS programme coordinator of NSS Cell Mumbai University. The resource persons for the workshop were Ms. Rashmi Joshi, Dr. Ramkishan Bhise and Prof. Mrinal Khadse.

The first session on the first day was on solid waste management by Ms. Rashmi Joshi. Various problems regarding solid waste management were explained to the volunteers. Later the solutions were discussed in an interactive session. A homemade waste to compost project was also shown to the volunteers and everyone was encouraged to start such a project in their homes.

After lunch, Ms. Rashmi Joshi took a session on liquid waste management and gave a brief explanation about hazardous waste. The day ended with an interactive question and answer session.

The first session of the second day was conducted by Dr. Ram Bhise. The session was on e-waste. Various issues regarding e-waste were explained and the solutions for these were taken from the volunteers. The session was followed by a

Sri Chandrasekarendra Saraswathy Vidyapuram
Sector-V, Nerul, Navi Mumbai-400706

small activity where volunteers prepared decorative or useful items from waste materials found at home.

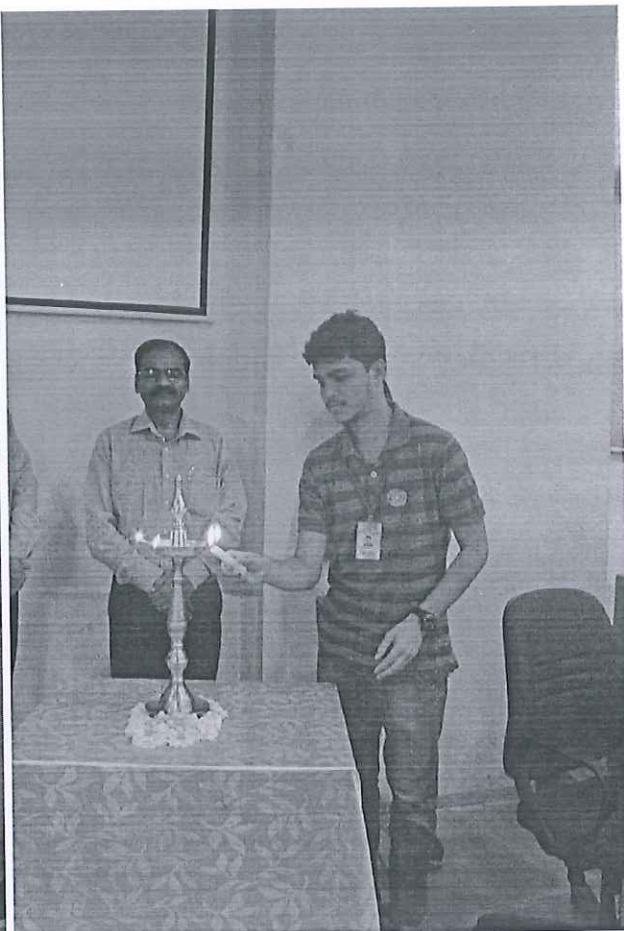

After lunch, Prof. Mrinal Khadse conducted a session on plastic waste management. In this session volunteers were asked to list down the items made of plastic that are used daily. After that, the volunteers were asked to identify which items can be reused or recycled and the use of which could be reduced. At last, the volunteers were divided into groups and were given an assignment to identify problems regarding waste management in their locality and provide effective solutions for the same.

At the end, all volunteers were presented with certificates of participation by Dr. Ram Bhise, Prof. Mrinal Khadse and Ms. Rashmi Joshi.

Anveshana Report 2018-19

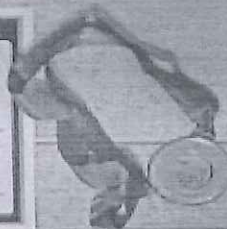

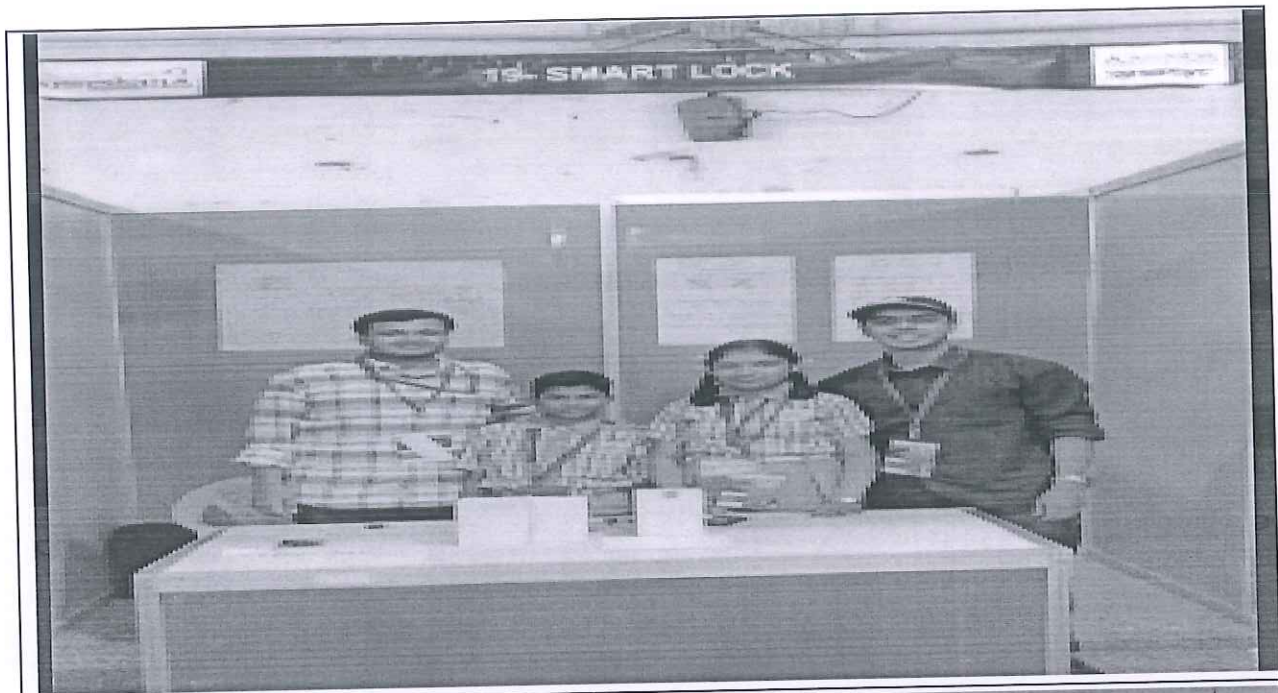

UDGAM, in collaboration with Agastya foundation, undertook a project ANVESHANA, which was a Science & Engineering competition conducted by Agastya Int. Foundation, further culminated in a fair where the students exhibited their projects/models. This competition primarily involved undergraduate Engineering students and underprivileged school-going students where the students together followed philosophies and practiced hands-on learning, research orientation and making models based on Engineering-Science concepts. The engineering students mentored these students in the creation of models while inducing knowledge and confidence in them.

Engineering colleges participated as teams with 2 members. Each team was allotted 2 students from NMMC school-15 located in Nerul to mentor them to design and build models or projects around an identified social problem. The school students thus received exposure to the entire planning, designing and building process of the models and in turn will get educated in the scientific and engineering concepts behind the models in Anveshana.

4 Teams of SIES GST from EXTC, CE, MECH branches participated in the competition. Their projects were LIBOT, Sky scapper cleaning drone, Smart lock, Auto stove, starting from December 2018 to February 2019. Students made regular visits to school to teach the school kids. They explained all the basic concepts pertaining to their projects to them. Four teams from our college were in the top 25 and one of them bagged the consolation prize. Overall it was a great experience for both the school kids as well as the engineering students.

Event Description

The fifth iteration of Model United Nations 2019 was conducted on 16th and 17th February 2019. It was a two-day international relations conference for all the college students at SIES Graduate School of Technology, Nerul. This year, there were two committees, DISEC (Disarmament and International Security) and UNHRC (United Nations Human Rights Council) highlighting on the agendas:

- 1) DISEC – (i) Restricting the use of Cyber Warfare
(ii) Terrorism: Prevention of financing and arms trade
- 2) UNHRC - (i) Reviewing the Right to Privacy
(ii) Legalization of Euthanasia

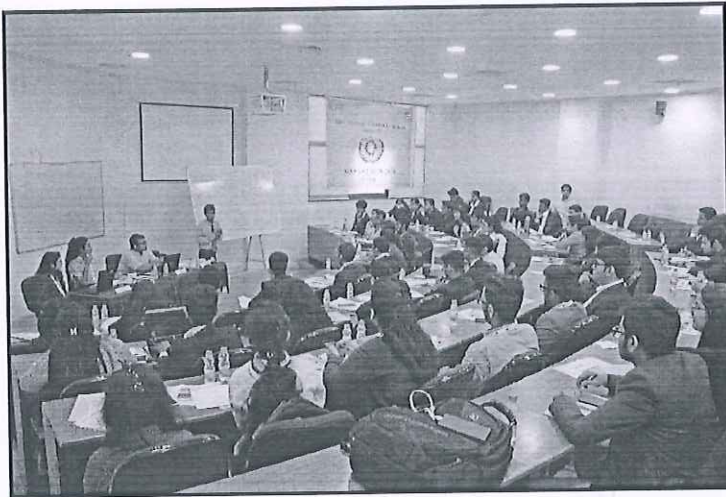

With these agendas, DISEC had 23 delegates and UNHRC had 37 delegations. DISEC committee was chaired by Mr. Puneet Pathak and UNHRC was chaired by Mr. Rangan Majumdar and co-chaired by Mr. Vignesh Narayanan. Both the committees saw an enthusiastic participation of the delegates.

The DISEC committee saw Dhaval Mehta from NMIMS School of Law as the winner of MUN'19 and Swarnim Mudaliar from Bhartiya Vidyapeeth bagged the high commendation award. Whereas in UNHRC committee, Tanmay Patil and Shubham Ghar from VG College of Arts, Science and Commerce stood as the winners of MUN'19 and Varun Sreedhar and Rushikesh Joglekar from SIES Graduate School of Technology bagged the high commendation award.

Report on Programs Organized By CWDC 2018-19

Awareness session on “Prevention of Sexual Harassment at Workplace(POSH)” for staff members

Date & Time: Conducted on 16th Feb 2019 from 2.30 p.m. to 4.30 p.m.

Venue: Auditorium of SIESGST.

Resource Person: by Mrs. Harshada Patil, renowned POSH consultant and the Director of APEX consultants, who is External Panel Member for Implementation of Anti Sexual Harassment Guidelines, The Bombay Saint Xavier’s Institute of Management Xavier’s College, Mumbai.

Sexual Harassment at work place results in violation of the fundamental rights of a woman to equality under the “THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE” (PREVENTION, PROHIBITION AND REDRESSAL) ACT2013.

The seminar made aware staff members about Constitution of India and women’s right to live with dignity. As per directives from the Government of India it is statutory obligation for all Organizations to comply with regarding what is sexual harassment at workplace and how to prevent it. Session was interactive and speaker involved audience in various act/plays and explained regarding Quid pro Quo; Hostile work environment, Understanding Instances of Sexual Harassment, Impact and Consequences.

Session was very interactive and informative.

Audience: SIESGST staff members.

Feedback: All staff members had appreciated the contents delivered by the

Event Description

Ideation, an ideathon, was a collaborative event which was organized by the combined efforts of IETE Students' Forum and EDC of SIES Graduate School of Technology. The aim of the competition was to provide a medium for the enthusiasts to generate creative and technically productive ideas to real life problems faced by people.

Ideation's prima motto was to give back to the society and help solve most of the commonly faced issues with the help of technical ideas, which can then be taken up as first hand projects. The event began with the Inauguration ceremony, in the presence of our Guest of Honor Dr. B. U. Rhinde, Chairman, IETE, Navi Mumbai Centre, and Principal, Dr. Vikram Patil. The event flagged off with their inspirational words, followed by the Ideation description by Mr. Suraj Anchan, IETE Chairperson and the vote of thanks by Mr. Shuaib Basha, EDC.

Ideation'19 was organized in collaboration with two NGOs, Blue Ribbon Movement and Child Vision Foundation. The problem statements were given by two NGO partners which are community issues such as waste management, woman/child safety, transport system, governance , adulteration, environmental issues, health system etc. The solutions were supposed to fill the gaps that our NGO partners face to implement such ideas.

Following list consists of the problem statements

1. Wastage of water in the farms.
2. Kidnapping of children.
3. Damage of things due to rain.
4. Robbery of jewellery.
5. Improper mixed waste segregation.
6. Accidents while zebra crossing.

PRINCIPAL
S.I.E.S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarendra Saraswathy Vidyapuram
Sector-V, Nerul, Navi Mumbai-400706

7. Heavy crowd in local train during office hours.
8. Accumulation of sea waste.
9. Drainage overflows.
10. No watch for differently-abled people.

11. Building without lift.
12. Spitting on the road.
13. Deaths due to extreme weather.
14. Inadequate mixed waste segregation.
15. Accidents of vehicles in the bridge.
16. Inadequate food and water facilities for birds.
17. Dirty kitchen in hotels.
18. Inadequate safety appliances in house.
19. Catching fire due to short circuit.
20. Water wastage during washing clothes and hands.
21. Improper food waste management.
22. Injury while farming.
23. Adulteration.
24. Inadequate mobile appliances for Hemiplegic patient.
25. Difficult for normal movement for Paraplegic patient.

PRINCIPAL
S. I. E. S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarendra Saraswathy Vidyapuram
Sector-V, Nerul, Navi Mumbai-400706

26. Traffic controlling during working hours.
27. Low air quality index.
28. Inadequate services in public toilets.
29. Inadequate fishing appliances.
30. Inadequate amenities in Zilla parishad schools.
31. Lack of learning alternatives for differently-abled people.
32. Heavy loads while travelling.
33. Low network in rural area or dense greenery place.
34. Lack of security in inventory system.
35. Procurement and sorting of bulk order.
36. Expensive musical instrument.
37. Expensive cure treatment for cancer patient.
38. Expensive medical devices.
39. Improper Weather Forecast system
40. Poor Cleanliness and hygiene system
41. Lack of knowledge and awareness for different diseases
42. Lack of Proper, Quality and nutritious food.
43. Lack of environment friendly systems in Industries, Lifestyle and transportation.
44. Poor Education System in Schools and Colleges.

This was followed by the problem statement selection where teams have selected the problem stamen of their choice and brainstorming session by the participants. We also had

PRINCIPAL

Sri Chandrasekarendra Saraswathy Vidyapuram
Sector-V, Nerul, Navi Mumbai-400706

the mentors from our NGO partners Child Vision Foundation and Blue Ribbon Movement who were present throughout the day to help and guide the participants in all possible ways and to solve their queries.

After two elaborate sessions of brainstorming, the final presentation of their ideas and solutions were conducted and by evening, the results were announced in the presence of our esteemed judges and mentors.

The winners were:

1. Shrinivas Shah and team- Inadequate mixed waste segregation.
2. Vishodhan K and team- Inadequate safety appliances in house.

The details of problem statements selected by teams are given as below.

PRINCIPAL
S. I. E. S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarendra Saraswathy Vidyapuram
Sector-V, Nerul, Navi Mumbai- 400706

Group No	TEAM LEADER NAME	DOMAIN	ABSTRACT
1	Pranul Chheda	Accidents while Zebra Crossing	<p>Pedestrian death rates are amongst the highest in India as Jaywalking is very common. There is no system integrated with vehicles to detect and prevent this. All safety features currently focus on the occupants of the vehicle.</p> <p>Availability of such a driver assistance system would significantly take down instances of fatal accidents involving pedestrians. It would identify when a jaywalker/bystander moves in the path of the vehicle and instantly deploy measures to evade or brake.</p>
14	Pushpa Iyer		
2	Sharayu U Kavitar	Inadequate Safety appliances in House	<p>Our homes are filled with electrical appliances designed to make our lives easier and more convenient. However, many of these modern conveniences are also potentially dangerous. Any electrical appliance has the potential to start fires or cause an electric shock, and each brings with it its own dangers, ranging from frightening to life threatening. Create a solution that understands these potential hazards, and helps in keeping family safe.</p>
7	Vishodhan K		
9	SaravanaThevar		
3	Adwait Ragnekar	Poor Education Systems in Schools and Colleges	<p>The main problem India now faces is that all the pedagogical innovations are fit to improve the quality of urban education while the rural learners and their education remain largely neglected. With 65 per cent of the population residing in rural India, education there truly deserves much more attention, especially when it is plagued with so many problems - dearth of teachers, teacher absenteeism and poor quality of teachers.</p>
6	Praveena V.		
4	Rajesh Jethwa	Damage of things due to rain	<p>Heavy rainfall can lead to numerous hazards, for example: flooding, including risk to human life, damage to buildings and infrastructure, and loss of</p>

Z

PRINCIPAL
S. I. E. S. GRADUATE SCHOOL OF TECHNOLOGY
 Sri Chandrasekarendra Saraswathy Vidyapuram
 Sector-V, Nerul, Navi Mumbai-400706

			<p>crops and livestock. Landslides, which can threaten human life, disrupt transport and communications, and cause damage to buildings and infrastructure. Curate a solution to combat any of these damages.</p>
5	Shrinivas Shah	Inadequate mixed waste segregation	<p>As of now the segregation of dry and wet waste is being enforced in many localities and the same should be followed while loading the garbage vehicles. The push carts used to collect garbage are not designed correctly; most of the garbage spills over the road during transportation. Battery operated carts can replace the existing push carts. A new app can be developed to help the citizens to locate the garbage vehicles and the timing of its arrival which helps in proper planning of disposal of garbage.</p>
8	Dhatchayini Thevar	Improper Nutrition and medication to pregnant women and people in slums	<p>There is an untapped demand for clean, habitable, and decent living conditions among the slum dwellers that can positively impact women's health. Mentally and physically challenged girls are the worst victims of our social system; thus, their condition is miserable in the surroundings they live. Therefore, girls in slums need the urgent attention of their pathfinder. Pitch an idea for the same.</p>
10	Vedant B	Improper mixed waste segregation	<p>Trash management is a one of the hard problems. The existing model is very ineffective due to its poor placement, collection scheduling, and ignored segregation of wet waste from dry waste. The solution shall present a smart garbage bin which houses necessary mechanical and electronics to manage, monitor and segregate these wastes from one another to facilitate easier garbage collection and treatment.</p>
11	Kedar G	Kidnapping of Children	<p>Little children are kidnapped, smuggled out of the country and sold at high prices either for adoption by foreigners or for nefarious activities. Example of one solution could be that the photograph of a kidnapped child, if</p>

PRINCIPAL
S. I. E. S. GRADUATE SCHOOL OF TECHNOLOGY
Sri Chandrasekarendra Saraswathy Vidyanuram
Sector-V, Nerul, Navi Mumbai

13	Vikrant Deshmukh		made available, should be given the widest possible publicity on any media, and the general public should be made aware about the missing child and asked to help the concerned authorities in apprehending these criminals.
15	Shruti Menon		
12	Hitesh Nishad	Heavy crowd in local train during office hours	Since increase the frequency of locals during peak hours is next to impossible, propose a feasible and efficient solution for the same without disrupting any service already running.
16	Nikhil S Chavan	Improper food waste management	Food waste occurs when edible food is intentionally discarded by consumers after they fail to plan their meals properly and store food till it spoils or goes past the expiry date. Consider what can be done to tackle food waste and save energy and resources utilized in producing these foods, by improving its harvesting, storing, processing and distributing processes.
17	Pushpak Kale	No watch for differently abled people	As wearable tech moves from luxury to the mainstream, the industry is working to keep up with the needs of people who live with disabilities. While other categories in tech have worked to bridge this gap before, the modern wearable's direct connection to the user offers a unique opportunity to narrow the divide between person and technology. Curate an idea to help the differently-abled to keep up with time.

Ideation '19 was the first time that such an idea generation competition was arranged in our college and the responses received were heart-warming and positive. This event was two-way beneficial to both the participants and the NGO partners involved as their problem statements were addressed with competent technical and creative solutions.

The winners also stand a chance to get direct entry to Bytecamp, a hackathon organized by the Technical team of SIES GST. Overall, the organizers, attendees and the participants were very content with the complete event.

Report on Program Organized By CWDC 2018-19

Awareness session on “Prevention of Sexual Harassment at Workplace” for students

Date & Time: Conducted on 06th Feb 2019 from 2.30 p.m. to 4.30 p.m.

Venue: Auditorium of SIESGST.

Resource Person: by Mrs. Harshada Patil, renowned POSH consultant and the Director of APEX consultants, who is External Panel Member for Implementation of Anti Sexual Harassment Guidelines, The Bombay Saint Xavier's Institute of Management Xavier's College, Mumbai.

Sexual Harassment at work place results in violation of the fundamental rights of a woman to equality under the “THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE” (PREVENTION, PROHIBITION AND REDRESSAL) ACT2013.

The seminar made aware students about Constitution of India and her right to life and to live with dignity. As per directives from the Government of India it is statutory obligation for all Organizations to comply with regarding what is sexual harassment at workplace and how to prevent it. Session was interactive and speaker involved audience in various act/plays and explained regarding Quid pro Quo; Hostile work environment, Understanding Instances of Sexual Harassment, Impact and Consequences.

Session was very interactive and informative.

Audience: SIESGST Students. (88 girls and 50 boys)

Feedback: All students had appreciated the contents delivered by the resource person.

Subject: RTI session for SIES Nerul Graduate School of Technology
To: <council_incharge@siesgst.ac.in>
Cc: Akshay Naik <Akshay@moneylife.in>, <ashok.k@brmworld.org>

Dear Ma'am,

Greetings from Moneylife Foundation!!

As per my communication with Mr. Ashok Krishnan, It would be our pleasure to organise a RTI session for your students on the 28th of this month from 3:30pm-5:30pm at your college campus.

I do however require your assistance for a couple of things in order to ensure smooth functioning of the session.

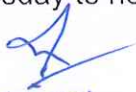

1. A letter on your college letterhead stating that we will be organising the RTI session. This is primarily for our record purposes as we need to keep an official track of all the session that we do.
2. We would also request you to let us know the availability of mics, audio mixer and an auditorium where we would be conducting the session. (As the session is happening inside the college, we hope there are no charges for the room being used)
3. Also request you to get us a minimum of 100 students so that we can have an enriching session for+ maximum participants.

Do let me know in case you need anything else from our end to help you with organising the session.

RTI Workshop

The Right to Information (RTI) Centre was launched in September 2017 with generous support from Mr Dinesh Thakur (Whistleblower of Ranbaxy s practices). The Centre s aim is to spread the awareness on Right to Information (RTI) Act and to bring about more transparency and accountability in governance. The RTI Centre conducts seminars, workshops, events and programmes in colleges, institutes in and around Mumbai and Pune for spreading awareness about the Act. Besides this, it also conducts special workshops for the Public Information Officers (PIOs) on RTI. The programmes are conducted by eminent RTI experts such as Central Information Commissioner (CIC) Mr Shailesh Gandhi, Mr Vijay Kumbhar, Mr Anil Galgali, Ms Vinita Deshmukh and others. The centre also runs a guidance clinic every Wednesday to help in resolving queries of people and on-spot filing of RTI applications.

Republic Day - 26-01-2019

The 69th Republic day was celebrated in SIES Graduate School of Technology, Nerul. The unfurling of flag was done by our respected Principal Dr. Vikram Patil along with Guest of Honor Mr. Ainain Shaidi, Director of School of Packaging. The ceremony was followed by performance of various students' chapters and NSS volunteers. The Second Year NSS volunteers performed a skit on the theme "Sympathy over Support". They spread awareness on topic such as 'Support for old age', 'Life of a Police Officer' and 'Male ego & Rape'. The Third year Volunteers managed the entire function.

7 days NSS Special Camp – 03/01/2019 to 09/01/2019

The NSS Volunteers of SIES GST held a 7-day special camp at a village named Shai Grampanchayat in Sahapur taluka Dist.Thane where they contributed towards the village's development by making and awaking the importance of soak pits and constructing 3 Check dams on river which will help the village cope with water shortage during dry seasons.

Along with this, the volunteers also contributed in cleaning up the streets of the village, painting the school and gram panchayat office walls and general beautification of the village.

The volunteers also performed street plays in the village square to raise awareness about topics like:

1. Plastic waste management
2. Water conservation
3. Cell Phone addiction and disadvantages
4. Cleanliness and Hygiene

Disaster Management 2

31st January 2019

The Navi Mumbai Municipal Corporation (NMMC) conducted a single day accident management drill along with the volunteers of NSS SIES GST. It was a drill on a realistic scenario based on an accident involving a bus full of passengers (each of whom had a preassigned injury) and a truck carrying chemical substances.

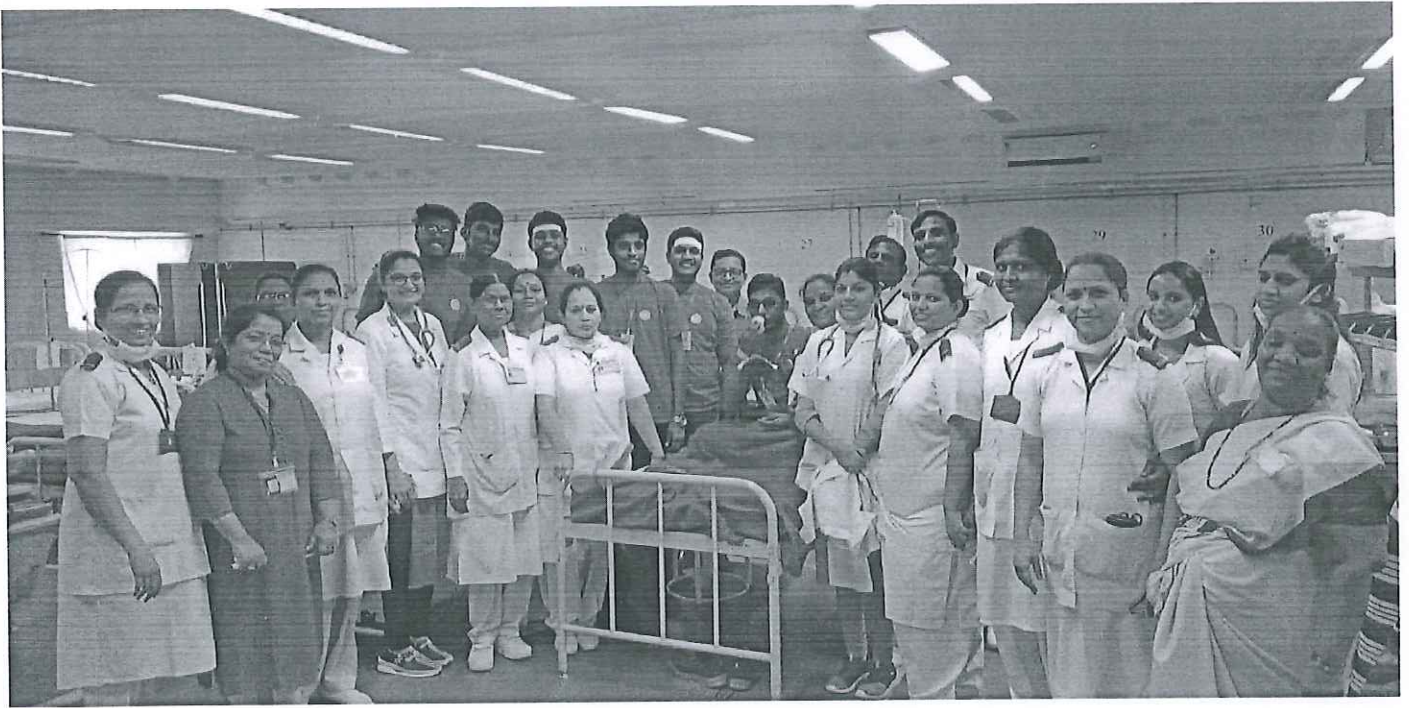

A real life accident was simulated and various emergency services such as fire services, ambulances, police, traffic services, etc were tested against the qualities of response time, efficiency, critical thinking and event management. The injured were taken to various hospitals around Navi Mumbai. Had it been a real accident, it would've been a high efficiency rescue operation. The drive ended successfully.

This drill couldn't have been possible without the contributions of Ms. Vrindhanath from the UNDP; the Municipal Commissioner, Dr. N. Ramaswami; Additional Municipal Commissioner, Mr. Ravindra Patil ; the representatives of Aga Khan Agency for Habitat and the heads of all the departments that were a part of the drill.

Disaster Management Drive

17th and 18th January, 2019

The NSS unit of SIES Graduate School of Technology conducted a two-day Disaster Management Workshop on 17th and 18th January 2019 in partnership with the Navi Mumbai Municipal Corporation (NMMC) and United Nations Development Programme (UNDP).

The workshop was initiated by The Municipal Commissioner for Navi Mumbai Municipal Corporation, Dr N. Ramaswami in presence of The Additional Municipal Commissioner for the Navi Mumbai Municipal Corporation, Mr Ravindra Patil; our Principal Dr. Vikram Patil; the NSS Programme Coordinator for Mumbai University, Prof. B S Bidve; CEO for the Aga Khan Agency for Habitat, Ms. Surekha Ghogale; Project Coordinator for the United Nations Development Programme (UNDP), Ms. Vrindhanath; the Head of Emergency Management, Mr. Madhukar Sanap and the NSS Area Coordinator for Navi Mumbai, Dr. Ram Bhise.

On the first day of the workshop, a seminar was conducted on the basic concepts of disaster management. The objective of this seminar was to inculcate in the attendees, an ability to act quickly and responsibly in times of emergency. The attendees of this workshop participated in a demonstration of the use cases of fire extinguishers in case of a fire-related emergency.

The second day of the workshop included specialized training for specific emergencies like earthquakes, urban/forest fires, medical emergencies, etc. Demonstrations and training on the

An automobile workshop was held at our college. This workshop was held for the students on 03/11/2018 and 04/11/2018. This workshop gave students a brief idea about working of an automobile vehicle, operation of machines like lathe machine, angle grinder, bench grinder, etc. and also about the use of CAD softwares. It was conducted in our college's workshop and was held for two days.

Day 1

The workshop was started with the illustration of chassis department. Here, the students were explained about the importance of chassis, its types, etc. after this, they were given the explanation about the wheel assembly department, where they were explained about traction force, tire nomenclature, etc. They were given a lunch break of one hour. After that, session of drivetrain department was conducted. they were taught about the functioning of engine, CVT, gearbox and applications of zeppa. After this part, session of suspension department was organized, wherein they were taught about the double wishbone suspension, leafspring suspension and their significance. They were given a refreshment break wherein they were provided with a soft drink and fast food. At the end, a fun activity was carried out, wherein students were guided to make a PVC model of our chassis.

Day 2

This day started with the session of steering department, in which they were given a brief idea about various steering mechanisms like Ackermann geometry, pro-Ackermann, etc. After this part, brakes department conducted a session, in which they covered topics like how brakes works, its necessity, its types, and various principles governing it. they were given a lunch break of one hour. Eventually they were taken to the machine shop of our college, where they were taught about the working of the lathe machine, various operations performed on it and its industrial appliances. Thereafter they were explained about the various CAD softwares like solid works, Ansys, etc, which our team uses in making the design of our vehicle. After this, they were introduced to different fabrication like cutting, grinding, profiling, polishing and welding. At the end of the day, fun activity was organized where assembly and disassembly of vehicle was carried by students under the guidance of the seniors and thereafter refreshments were provided.

This day started with the session of steering department, in which they were given a brief idea about various steering mechanisms like Ackermann geometry, pro-Ackermann, etc. After this part, brakes department conducted a session, in which they covered topics like how brakes works, its necessity, its types, and various principles governing it. they were given a lunch break of one hour. Eventually they were taken to the machine shop of our college, where they were taught about the working of the lathe machine, various operations performed on it and its industrial appliances. Thereafter they were explained about the various CAD softwares like solid works, Ansys, etc, which our team uses in making the design of our vehicle. After this, they were introduced to different fabrication like cutting, grinding, profiling, polishing and welding. At the end of the day, fun activity was organized where assembly and disassembly of vehicle was carried by students under the guidance of the seniors and thereafter refreshments were provided.

E-Waste Management Seminar

18-10-2018

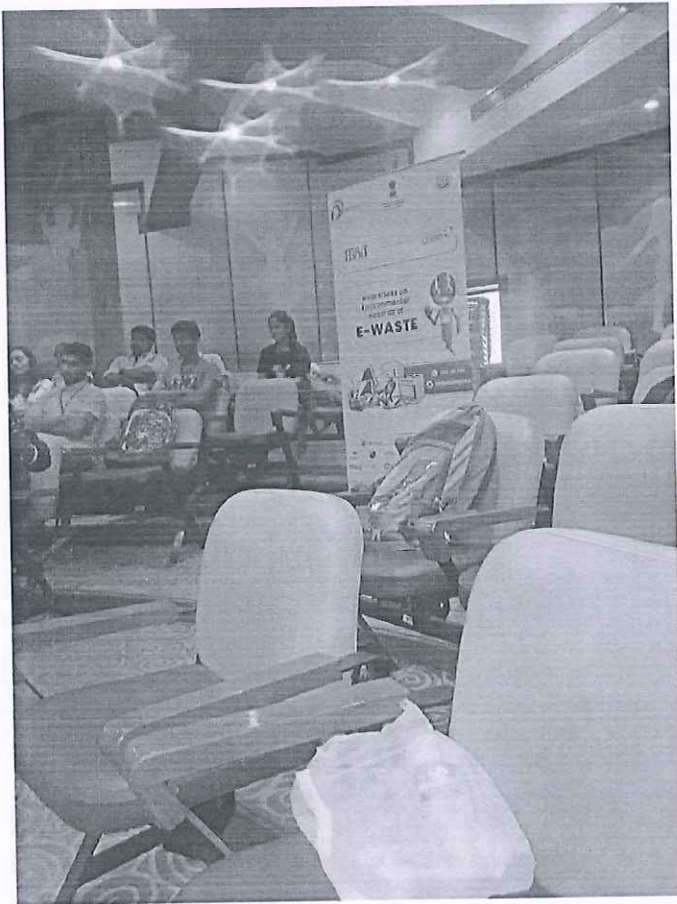

A seminar on the processing and management of E-waste was conducted at SIES Graduate School of Technology on 18th December 2018. Various aspects about E-Waste like disposal, ill effects, recycling, limitations, etc. were discussed at this seminar. Students were requested to bring E-Waste (if any) generated at their homes to properly dispose them off with the help of volunteers.

This seminar was conducted in partnership with MAIT, an NGO which deals with managing E-Waste and creating awareness about the same.

POSTER MAKING COMPETITION HELD BY IEEE SIESGST

IEEE SIES Graduate School of Technology had organised a poster making competition for the students of Third year-EXTC on 6th of October, 2018 at 2pm. The theme for the competition was Cell Phone/Wi-Fi Radiations Hazards and Solutions. There were total 40 teams participating in the competition out of which top 12 were selected for the 2nd round and top three were awarded. The competition was judged by the faculty of the ExTC branch of SIES GST. The students enthusiastically participated in the competition and came up with many creative ideas. The students were judged on the basis of innovation, creativity, presentation. The winner of the event were Shashank Kashyap and team. The 1st runners-up were Safeena Ansari and team. The 2nd runners-up were Nagma Ghare and team. All the winners were felicitated by our respected Principal Dr. Vikram Patil.

NSS Week Celebrations: Intercollegiate event

28/09/18

The NSS week celebrations in SIES GST came to an end with the intercollegiate event organized by the volunteers of NSS SIES-GST. Three events were held under this competition namely Street Play competition, Essay Writing competition and Poster making competition. The theme for the intercollegiate competition was *blood donation*.

The events saw a lot of participation from NSS and Non - NSS members from various colleges situated in Mumbai, Navi Mumbai and Raigad. Prof. B. S. Bidve, the NSS Programme coordinator for Mumbai University was the chief guest at this event. This event was a huge success and saw a participation count of over 100 students.

Report on Programs Organized By CWDC 2018-19

1. Seminar on "Healthy Gender Attitude"

Date & Time: Conducted on 27th September 2018 from 2.00 p.m. to 3.30 p.m.

Venue: in SOP Auditorium of SIESGST.

Resource Person: by **Dr. Swati Shirodkar** (MBBS ,MD OBGY) who has 30 years of experience as gynecologist in Medical college(HOD in MGM College and hospital) Aurangabad.

The seminar was focused on gender sensitization and gender equality through health communication program.

Resource person brought to audience notice how the male dominance in society and the women spending time predominantly in the household had become a practice due to ancient habits and situations but also cleared it that the process followed by the generations is having its drawbacks and it should be completely the call of the man or woman which role to intake when and they are solely responsible for their choice and they shouldn't pressurized into one. The difference between sexual roles and gender roles was explained very properly clearing the audience of their misconceptions.

Audience: SIESGST Students and Faculty.

Feedback: All students and faculty had appreciated the contents delivered by the resource person.

NSS WEEK Street plays

26/09/18-28/09/2018

Every year NSS unit of SIES GST(Nerul) celebrates NSS week by undertaking different activities. Street play is one of such activities for which every student of our college eagerly awaits. Sloganeering “Dekho dekho natak dekho,bin paisa natak dekho” throughout the campus is the very first thing we do before performing street plays which attracts attention towards the street play. After this NSS volunteers performed street plays near canteen area.

This year topics selected were Teenage delinquency, Pros and cons of plastic ban, Section 377 , Body shaming, World against women and Sex education.

Plastic Waste Management awareness

Bottle for change

24/09/2018

On the occasion of the 50th NSS Foundation Day, the NSS unit of SIES GST went around the adopted village area, Shirvane and other areas surrounding the college to collect plastic waste from shops. The main objective of this activity was to increase awareness about plastic waste management among the people. Emphasis was laid on informing the people how plastic should not be thrown away but should be stored separately and recycled. NSS volunteers informed the people about the course of action involved in plastic waste management.

Department of Printing and Packaging Technology**

P-Pack Junior is a technical quiz competition and package design contest for Junior college students (11th & 12th science std) which is based on introductory concepts of Printing & Packaging Technology. The main objective of the event was to create interest and awareness about the course in junior colleges and highlight its future prospects.

During the event, students are provided with various packaging materials and certain amount of time for designing and branding the package. These participants are further judged by judges on parameters like weight (minimum material utilization) of the whole package, durability of the package, design considerations etc.

The fourth "P-Pack Junior" was held on Sep 7, 2018. About 45 students participated in the event from various junior colleges in Mumbai & Navi Mumbai.

Dustbin making – 2/9/2018

TE and SE NSS volunteers participated in a dustbin making activity. The objective of this activity was to create more dust bins to serve as dry waste carriers. The dustbins were made out of recycled cardboard boxes sought from various shops from the vicinity. The cardboard dust bins were made water resistant with the use of tape and wax based colours. A total of 18 dustbins were made out of recycled cardboard. This event was followed by an interactive session on the importance of recycling and waste segregation.

Event Description

For students of school of an automotive workshop was held in SIES college on 01/09/2020. This workshop gave students a brief idea about working of an automobile vehicle, operation of machines like lathe machine, angle grinder, bench grinder, etc. and also about the use of CAD softwares. It was conducted in our college's workshop.

Morning session

The workshop was started with the students were explained about the illustration of chassis. Its types, etc. after this, they were given the explanation about the wheel assembly department, where they were explained about traction force, tire nomenclature, etc. They were given a lunch break of one hour. After that, session of drivetrain department was conducted. they were taught about the functioning of engine, Continuous variable transmission, gearbox. After this part, session of suspension department was organized, wherein they were taught about the double wishbone suspension, leaf spring suspension and their significance. They were given a refreshment break wherein they were provided with a soft drink and fast food.

Afternoon Session

The session started with introduction to steering department, in which they were given a brief idea about various steering mechanisms like Ackermann geometry, pro-Ackermann, etc. Students were then taken to the machine shop of our college, where they were taught about the working of the lathe machine, various operations performed on it and its industrial appliances. Thereafter they were briefed about the various software like solid works, Ansys, etc, which our team uses in making the design of our vehicle. After this, they were introduced to different fabrication like cutting, grinding, profiling, polishing and welding. At the end of the day, fun activity was organized where assembly and disassembly of vehicle was carried by students under the guidance of the seniors and thereafter refreshments were provided.

Random acts of kindness– 25/08/2018

As the name suggests, all the NSS volunteers of SIES GST participated in an activity that laid emphasis on little acts of kindness that make a big impact on people having a very monotonous schedule. Through this activity, the volunteers participated in the daily schedules of hardworking bread earners which helped them to increase their scope of awareness on the problems that the general public faces. The activity started at 10:15 AM and ended in the neighborhood of 01:00 PM with a brief review session in which the volunteers exchange the day's experience with each other.

UDGAM Report

The academic year 2018-19 saw the formation of UDGAM, the official ISR and extension activities student wing of SIES GST, formed to take social responsibility in the college towards diverse activities. This wing was responsible for a number of activities.

Flood Donation Drives

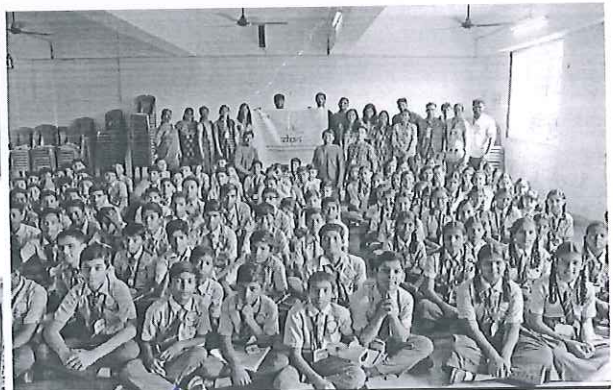

In the wake of the disastrous floods in Kerala, Udgam conducted a Donation Drive to aid the flood victims. The drive was conducted from 18th August 2018 to 24th August 2018, in the college premises. In addition, Udgam chapter conducted a flood relief drive for helping the victims of Kolhapur and Sangli floods. The drive was started on 10th August, 2019 which was conducted till 5th September, 2019. Both the initiatives mainly focused on collection of items which were required on a daily basis like food, medicines, toiletries, etc.

Student Development Programme

Students of Udgam launched a student development programme for semi English and English medium schools. The very first programme was conducted at Shiravne School, Shiravne Gaav, Nerul on the 4th of October, 2018. The entire development programme was divided into 3 categories-

- 1) **Vedic maths-** enable them to solve complex mathematical calculations in a quick team.
- 2) **Speaking skills-** helping them gain confidence by overcoming the fear of public speaking.
- 3) **Team building activities-** Encouraging the students to work together in a team by taking into consideration the point of view of every member which would eventually test and enhance their creativity.

This activity will be carried on by conducting SDP's for at least three underprivileged schools every semester.

Independence day-15/08/2018

The 71st Independence day of India was celebrated grandly in the premises of SIES graduate school of technology, Nerul. It started with a flag hoisting ceremony by our respected Principal sir. The flag hoisting ceremony was followed by a sequence of performances by different student chapters of our college including the NSS. Newly Recruited Second Year NSS volunteers enacted an excellent skit on the topic 'misdirection'. The volunteers, with their performance, created awareness on topics like ' the ill effects of rumours ' , ' political misdirected ' and ' fraudulent practices of the health industry '. The entire functioning of the program was handled by the TE NSS volunteers.

FE Induction - 2018

An Induction program was conducted by SIES GST for the new batch of aspiring engineers with innovative minds to give them an insight of the new chapter they were about to commence in their lives. It was a 5 day programme, starting from 30th July 2018 and ending on 3rd August 2018, where the freshers were encouraged to look beyond the textbooks and academic outlook by their teachers and seniors and dive into a multitude of co-curricular activities planned intensively for them. The students were taken on a campus tour by the faculty and student volunteers showing the freshers the ins and outs of the college campus and making them feel comfortable in the new environment. The students were coaxed into interacting with their peers, seniors and faculty members to develop strong interpersonal bonds from the start. Several technical, cultural, sports and literary activities were planned with an objective to integrate a holistic perspective and an outlook among the students to give back to the society and develop a mindset to coexist in a pluralistic world in peace. The students along with NSS and SSEA volunteers planted 400 trees over the course of three days. The whole program was a successful attempt towards the embodiment of ethics, values and principles along with knowledge and creativity.

BEACON – An ISR Initiative by SIES GST

ISR Beacon Annual Report – 2018-2019

SIES Graduate school of Technology stands with its vision of social empowerment and equality. The institute is committing to the task of inclusive social upliftment and equality. The management has adopted “Project Beacon “as our Institute level social responsibility (ISR). Project beacon incorporates for the targeted youth a set of training programme that are recognized by, and relevant to the requirement of industries and service providers. The courses like sewing tailoring, AC Mechanic, Electrician, computer operator, web designing, screen printing and welding. Project beacon is a small step to give meaning and purpose to someone’s life.

The main objective is to provide an opportunity to untrained/unemployed/school drop outs youth through skill-based education. The courses are giving more focus on practical hands-on training with minimum required theoretical background. they are also undergoing a compulsory foundation course comprising of basic communication and computer skills along with an exposure to various allied fields. SIES GST is committed to initiate and sustain the project to the best of its capabilities. The 28 volunteers from NSS helped in the admission and teaching process.

The following is the details of different courses.

Celebration of International Woman's Day

On the occasion of International Women's Day, a seminar on "The journey of my life - Women Empowerment " was conducted on 8th March 2018 from 12.30 pm to 1.30 pm at SIESGST auditorium by Ms. Prajakta Koli - a youtuber, vlogger ,entertainer and youth inspiration.

Prajakta recently took a social initiative I Pledge To Be Me aimed at addressing body shaming. She has over 1 million subscribers on you tube and thus keep inspiring the youth through her videos.

During the seminar, she had shared her life story related to her carrier. She had shared what difficulties she faced to become a successful youtuber and how to start up with such videos.

She motivated all the girls to be self-confident, bold and passionate. More than 150 girls along with the faculties attended the session. They appreciated and gained inspiration from this session.

INTERNATIONAL WOMEN'S DAY CELEBRATION

On the occasion of International Women's Day, IEEE Bombay Section WIE in association with IEEE SIESGST had organized a seminar on WIE and its Importance. The session had been organized to highlight the importance and the opportunities provided by IEEE WIE affinity group and IEEE Young Professional Affinity group. The speaker for the seminar was Miss Seema Kawale, Vice-chairperson of IEEE Bombay Section WIE group. Various Scholarships and international events were introduced to students. This session was attended by interested students from all the branches and also by the faculty members. The aim of the seminar was to cherish the true form of feminism as an attempt to unleash the potential of Women in Engineering. The Speaker shared her experiences and also encouraged students to do the extraordinary. It was an interactive session and very helpful to students. IEEE WIE envisions a vibrant community of IEEE women and men collectively using their diverse talents to innovate for the benefit of humanity.

Celebration of International Woman's Day – T Shirt Painting Activity

An event "T-shirt Painting" was conducted on 7th March 2018.

The topic for the event was "Press for Progress". Around 12 students participated in the event and painted artistic T-Shirts. It was a creative event where in all the participants gave a thought about the topic and expressed it through art. The winning participant's T-Shirts were displayed on the notice board on Women's Day.

This year WDC brought positive changes and the efforts and the hard work put behind each event was clearly visible. The cell hopes to bring many progressive changes for women and promises to keep working to bring about a positive change in the society.

Shivaji Jayanti Celebration - 19/02/2018

On this auspicious day, in the year 1630, a woman became a mother to a child who would go on to become one of the Greatest warriors of our beloved Motherland. The NSS unit of SIES GST celebrated Shivaji Jayanti with utmost enthusiasm and pride. The volunteers left no stones unturned in remembering his principles and values.

The program started with the traditional Diya lighting ceremony, in front of the portrait of Shivaji Maharaj, by our esteemed Program Officer- Mr. Ram Bhise, Faculty- Dr. Vijaya Patil, Girls coordinator and NSS representative of our college. This was followed by speech by our Program officer, where he also interacted with the volunteers on the values that the life of Shivaji Maharaj taught us. A song was sang by a group of volunteers in The Chatrapati's remembrance. Two of our volunteers briefed the unit about the principles and the values that Chatrapati Shivaji Maharaj followed and shared their views on the same. The Volunteers highlighted the qualities of Shivaji Maharaj, both in administration and personal life. Some of his qualities that was put light on were: No discrimination, Respect for women, Bravery, A true leader, Fearless warrior and great administrator. Succeeding this was hailing of the greatness of Shivaji Maharaj which gave everyone goosebumps. The event was concluded by serving snacks to all of us. On this auspicious occasion, The volunteers also participated in a social drive wherein they helped strangers in their daily chores.

Event Description

The fourth iteration of Model United Nations was conducted on 17th February 2018. It was a one-day international relations conference for all the college students at SIES Graduate School of Technology, Nerul. This year, there was one committee - DISEC (Disarmament and International Security) highlighting on the agenda:

DISEC – Methods to Curb the Proliferation of nuclear, chemical and biological weapons.

With this agenda, DISEC had 40 delegates. It was chaired by Mr. Puneet Pathak and co-chaired by Mr. Apurva Singha. The committee saw an enthusiastic participation of the delegates.

The General Speakers List was initiated and encouraged opening statements from the delegates. The delegates identified ally countries and initiated various working papers in the committee. The chairpersons then took a short recess to explain the functionings of the working paper and set out the modified rules that incorporated elements of a draft resolution into the framework of a working paper, to provide the committee with the experience of voting procedures. The session concluded with a vote on the working paper submitted by France, which passed the committee by one vote. The chairs then proceeded to a review and feedback interaction with the participants, before announcing the winners.

Mahatma Gandhi Punyatithi

On the day of Mohandas Karamchand Gandhiji's punyathiti i.e. on 30/01/2018 respected Principal sir Dr. Vikram.S.Patil, Faculties, the entire NSS unit and rest of the college paid homage to our Father of the Nation. One of our students gave a small speech on Ghandhiji's life and the way in which he helped our nation in getting freedom from the British rule. A two minute silence was observed by the whole college in condolence of our beloved Bapu. This day will always remind us of the struggles that he faced in his life and his way of nonviolence which he preached. Because we live in this nation today enjoying independence, liberty and dignity which is all a product of endless struggles of individuals like Mahatma Gandhi.

Sector-V, Nerul, Navi Mumbai-400706

This year's conference saw speakers from a variety of social and professional backgrounds deliver engaging and thought provoking talks on ideas that centered around the theme of 'Transcending Limits'. The festival of ideas began with Dr. Kanan Chikal, who shared ways and means to improve upon the five basic quotients that define one's personality and character. This engaging talk was succeeded by an insight into *RiiDL* - a cornerstone of Mumbai's entrepreneurship and engineering community, by Chief Innovations Catalyst, Gaurang Shetty. The audience was then introduced to Anita Shirodkar, an author and former design and advertising professional, who entered the corporate world at the tender age of 18, having completed her education in her early teen years. TV and online content consumers were then delighted to meet Yash Patnaik, whose work in Indian Television had many fans in the audience. He encouraged the audience to not fear the art of storytelling, and to get out there and write their own. The conference halls echoed with laughter as the next speaker, Santosh Avvannavar delivered a comedic talk on tips and tricks to great communication. The conference concluded with Amruta Pendse, who shared 7 ways to manage a Quarter Life crisis and live life in the process. The day's proceedings were enhanced by musical and artistic performances by sitarist Prasad Rahane and sculptor Shubhaankar Kamble. The live sculpting of the bust of a farmer and renditions of the Bond theme tune on a sitar enthralled the audience and had them at the edge of their seats. TEDxSIESGST 2018 was a huge success.

Republic Day(26/01/2018)

NSS UNIT of SIES GST NERUL celebrated Republic day needless to say on 26th of January with a grand success. The celebration started around 9 am with our HON.PRINCIPAL SIR Dr VIKRAM PATIL who hoisted the NATIONAL FLAG. All the PNS and SECURITY STAFFS along with NSS volunteers and teaching and non-teaching staff members saluted the flag with great respect during the hoist. After flag hoisting everyone was requested to gather in GST AUDI where performances took place. Firstly the music club of our college started with their melodious tone followed by NSS unit skit performance. The theme was "Are we right?" subdivided into three topics – HIV-AIDS ,Importance of giving vote and Serving our country. Each of these topics being so sensitive and crucial yet a strong message was given by the talented and dedicated unit of NSS. A mind blowing performance including drama, dance and music was truly amazing.

MASTER TRAINER WORKSHOP UNDER SAGY, WORKSHOP ON PMKVY-TI,
PUNE : 19/01/2018

NSS Volunteers of SIES GST,NERUL attended a seminar conducted by ALL INDIA COUNCIL FOR TECHNICAL EDUCATION in Pune . The speaker impart knowledge about PMKV Yojna, SAGY canvas initiative and new AICTE website. AICTE has a start up policy which every university should adopt.

Our education minister Mr. Vinod Tawde shared his plan of action for reverse-migration in India, which will lead to development of India. His plan stated that NSS Unit of a college should adopt a village for a fixed period of 3 years and move on to the next village. In that period ,NSS Volunteers should develop the infrastructure and lifestyle of locals using their technical knowledge .

NSS Volunteers should also train youths of these villages to take up further development activities for village development of villages.

NSS 7 Day Special Residential Camp 17-18

The seven days special residential camp was conducted from January 2nd to January 8th 2018 at Veluk village in Murbad, taluka, Thane district. 98 NSS volunteers were a part of this camp supported by the organizing team, the PO's Prof. Mahesh Biradar and Prof. Ram Bhise, the college faculty and college Principal Dr. Vikram Patil.

The volunteers successfully completed 11 soak pits, painted the school walls, spread awareness through street plays, interacted with the local children, and built 2 dams.

The topics covered under street plays were, Swacch Bharat Abhiyan, Drug Addiction, Leprosy Awareness, Care of Pregnant Women, Saving Girl Child, Alcohol Addiction and its dark sides, Higher Education through Scholarship, Family Planning, Save Electricity, Water Conservation. Volunteers' performance impacted the villagers. The villagers really appreciated the efforts put in by the NSS Unit.

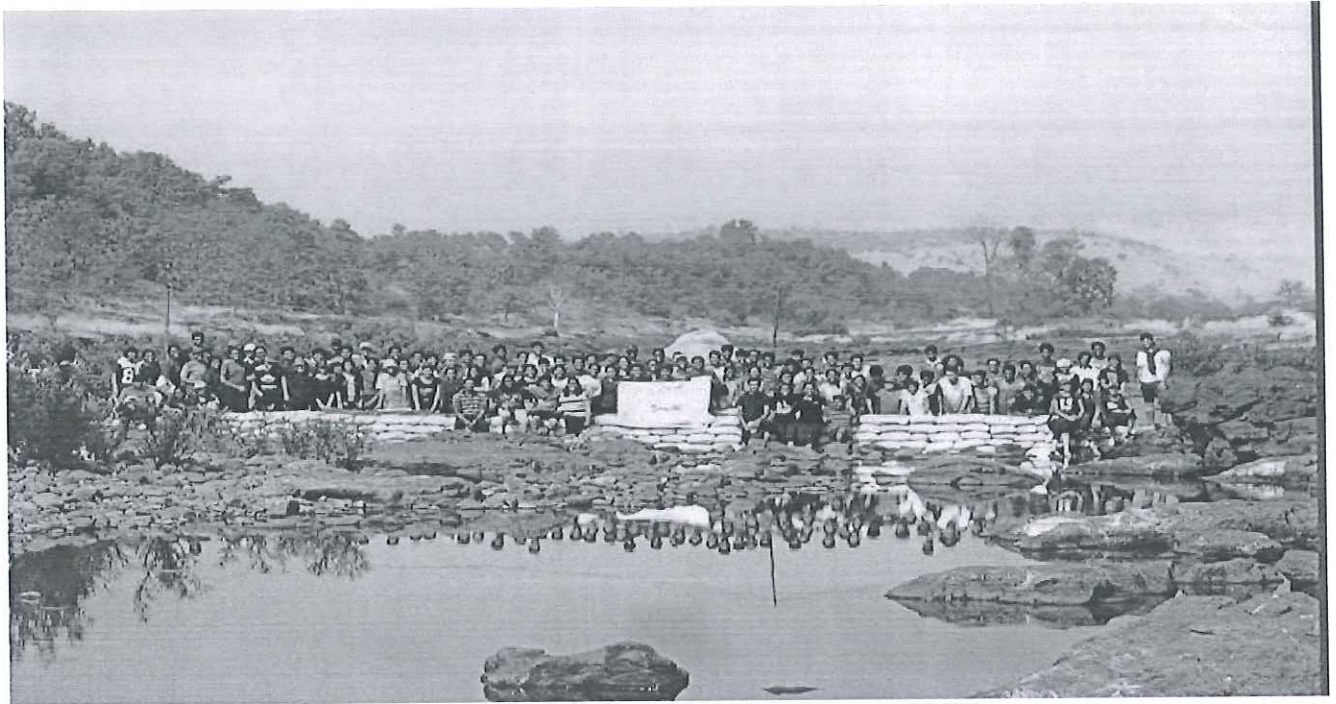

There was a surprise inspection and special motivational interactive session by the District Programme Officer Mr. B S Bidve. He inspired the volunteers to be more responsible in the society and how following duties can make everyone's life simpler.

On the last day of the camp the NSS unit felicitated the gram panchayat members of the village and the Upsarpanch of the village Mr. Santosh Warghade, the youth wing of the village and the principal of ZP school Veluk for their constant support.

Mission Indradhanush [15/10/2017]

NSS unit of SIES GST, NERUL conducted Indradhanush an initiative by the government to spread awareness about the need for vaccination among children aged 5 months to 16 years on 15th October 2017.

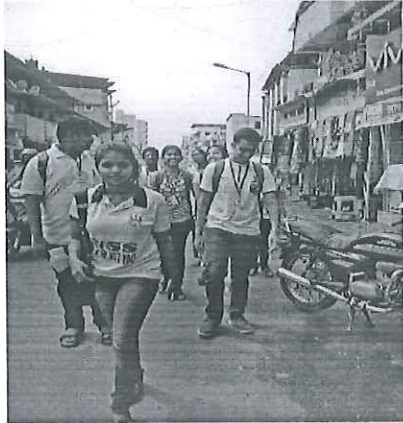

132 NSS students were part of this initiative wherein they went to the adopted village Shiravne spreading awareness about the importance of vaccination.

The objective was achieved by visiting each and every household in Shiravne Village . Explaining them about the Mission and heeding to their problems. The people of shiravne gave a great response. The students too were overwhelmed with this experience.

Seminar on "Legal Formalities and Laws related to girls"

Seminar on "Legal Formalities and Laws related to girls" was conducted on 4th October 2017 at SIESGST auditorium by Mrs. Smita Jadhav Bhapkar, Senior Police Inspector, NRI police Station, Nerul.

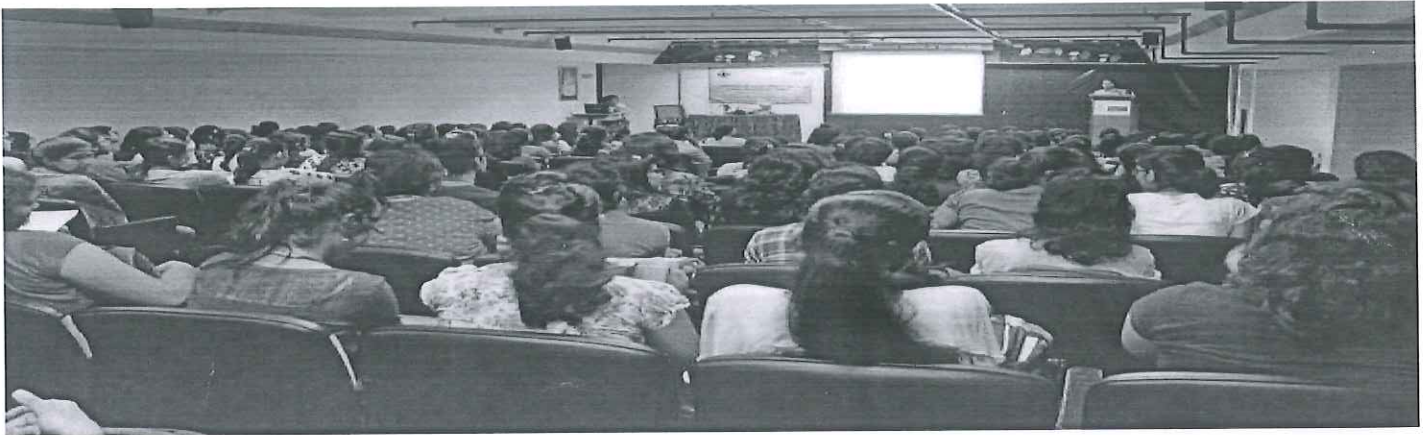

She guided the girl students and faculties on laws related to girls and legal formalities in police station. As well as madam had enlightened on different sections of laws related to girls and women. She had shared her experiences to students so that students will get the insight of how to tackle different real life scenarios that came across their daily life. More than 120 girl students along with the faculties had attended the session. They appreciated and gained useful information on the topic.

SIES Graduate School of Technology,
Department of Printing and Packaging Technology

The Department of Printing and Packaging Technology at SIES Graduate School of Technology offers a unique undergraduate Engineering Course in Printing and Packaging Technology. To make Junior college students aware about this course and understand its significance in the industry, we organize P-Pack Junior every year. This year it was held on September 16, 2017. It is a technical event in which we have also introduced fun elements introducing fundamentals related to Printing and Packaging Technology. The vision behind P-Pack Junior is to spread awareness between students about this course, especially for those students who are going to pursue their career in engineering.

P-Pack Junior is a technical quiz competition and package design contest for Junior college students (11th & 12th science std) which is based on introductory concepts of Printing & Packaging Technology. The main objective of the event was to create interest and awareness about the course in junior colleges and highlight its prospects.

NSS Activity: Street Play(Day 1):25/09/17

On the 25th of September 2017, two street plays were conducted by the volunteers of the NSS unit. Both the street plays begun during the break session at around 1pm prior to which a rally was carried out in the college campus stating everyone in the campus to come and watch the act. Both the street plays covered important issues of the modern society. The first street play's topic was pseudo-feminism.

Pic 1: A picture showing a girl trying to make a boy get up the seat in a bus even when he is injured.

The second street play's topic was women empowerment. The act displayed how a few people in our society try to act supremely and suppress the women and how these girls in the times of emergency find themselves helpless.

Pic 2: The scene displaying the girls using their learnt self defence techniques on a 'roadside Romeo'.

Pic 3: The rally prior to the street play .

NSS Activity: Street Play(Day 2)

On the 26th of September 2017, two street plays were conducted by the volunteers of the NSS unit. Both the street plays began during the break session at around 1pm prior to which a rally was carried out in the college campus stating everyone in the campus to come and watch the act. Both the street plays covered important issues of the modern society. The first street play's topic was "Misuse of Media" which displayed how the real news is hidden and sometimes even the unreal news are spread. The second act consisted of "starvation" how we waste food knowingly and unknowingly.

Creating awareness through posters and slogans.

STREET PLAY DAY 3

The NSS volunteers of SIES GST conducted two street plays on the 28th of September 2017 as an activity for the NSS week. A rally was carried out in the college campus to attract the attention of the crowd. The social issues covered by the plays were dignity of labour, ragging and drug abuse. A sweeper's perspective was portrayed to depict how people were mistreated based on their occupation. The ill effects of drug use were shown with the help of characters who were addicted to drugs and how it changed their lives for the worse. Ragging which has become a major issue in today's college environment was addressed and the steps to prevent it were discussed. These social issues are a stigma in today's society and such street plays are used as a medium to induce awareness regarding them in the masses.

NSS Activity:Street Play(Day 4)

On 28th of September 2017 the day 4 of Street Play was conducted in the college campus to cover some of the other important issues present in our society. The act began by the usual rally around the campus inviting people to come and watch the play.

The first play's topic was 'Technology: Pros & cons'. The act displayed how the teenagers and young children get themselves caught up in the wrong apps or websites which causes a serious disturbance for them and their lives.

The second act showed how corruption in our society exists in almost all of the places and what effects it has on our society. It displayed scenarios of the places where corruption exists in our society.

Both the acts concluded with important messages to the crowd and thus it was the end of this 4 day Street Play Activity.

Filtration of Compost generated in SIES Campus on 09/09/17

The NSS volunteers of SIES GST are responsible for the inauguration and the maintenance of the Compost pit in the college. From time to time the compost needs to be processed to be sold in the markets. The volunteers thus gathered on the 9th of September 2017 to do the same. Unprocessed compost was brought in sacks and spread out on the floor. The volunteers were divided into groups and were told to crush the mixture to obtain a much finer product. A 'filtered' version of the compost was also prepared which included passing the compost through a filter. This reduced the coarse particles into a much finer powdered mixture and can be sold at a slightly higher price. The processed compost was packed in newspaper bags and will be used for Campus beautification/ gardening or sold at nominal price to interested buyers who wish to increase the fertility of the soil.

Tree Plantation - 18/07/17

Tree Plantation is one of most ambitious initiatives of the Government of Maharashtra. The Maharashtra government launched its massive tree plantation drive to plant two crore trees across the state. With respect to this initiative South Indian Education Society launched a drive to increase the green cover across Mumbai, Navi Mumbai and Raigad. As a part of the initiative, the SIES GST planted about 52 saplings in Shantivan Ashram, Panvel covering an area of 49.37 Ha. .The drive was launched in the presence of Vice President of SIES Mr.M. Kalahasthi ,Joint Secretary Mr.S.V.Vishwanathan, Principal of SIES GST Dr.Vikram Patil, Principal of SIES(Nerul) ASC Dr.Milind Vaidya, Director of IIEEM Dr. Seema Mishra, Director of ADM/HR Ms.Preeti Shah, Registrar Mr.Murli Nambiar, NSS Programme Officer of SIES GST Prof. Mahesh Biradar & Dr.Ram Bhise, NSS PO of SIES(Nerul)ASC Prof.Abhishek and other faculty of SIES institutes Dr.Devayani Savant, Dr.C.Srinivas, Mr. Ashwin Chavan, Prof. Vijay Songire and NSS Students .

Update: Of the 52 saplings planted, 36 survived at the end of 3 months, and continue to grow.

Tree Plantation @ Shantivan Ashram, Panvel on 15/07/17

The NSS volunteers of SIES GST took part in a tree plantation drive on 15th July 2017 at Shantivan Ashram, Panvel. The ashram had a nursery which sold varieties of saplings and they were generous enough to donate 52 saplings for us to plant in the locality. The saplings were then planted by every volunteer to a nearby location overlooking a river. The people from the ashram and the localities guided them to plant the saplings in the pouring rain. It was a memorable experience and gave each one a sense of achievement for having positively contributed to the environment.

International Yoga Day Report: 21/06/17

The NSS volunteers conducted a two-day yoga workshop on 20th of June'17 and 21st of June'17 celebrating International Yoga Day. Mr. Aashim Samarth, Mrs. Deepika Samarth from the Vyana yoga centre and Mrs. Rinki Bhosale were the instructors who guided all the attendees of the programme. Faculty members, NSS volunteers and other college students interested in learning more about Yoga were a part of the programme. The session started at 9am with a short meditation course. Power yoga was taught, and different Asanas were demonstrated which helped everyone relax the spinal cord, knees, head, sinus and other body parts. The instructors spread calming thoughts their speeches. The attendees were taught how to develop inner peace by increasing one's concentration. The instructors conversed with everyone and listened to the audience's problems and recommended proper treatment for the same.

Cleanliness Drive: 05/08/17

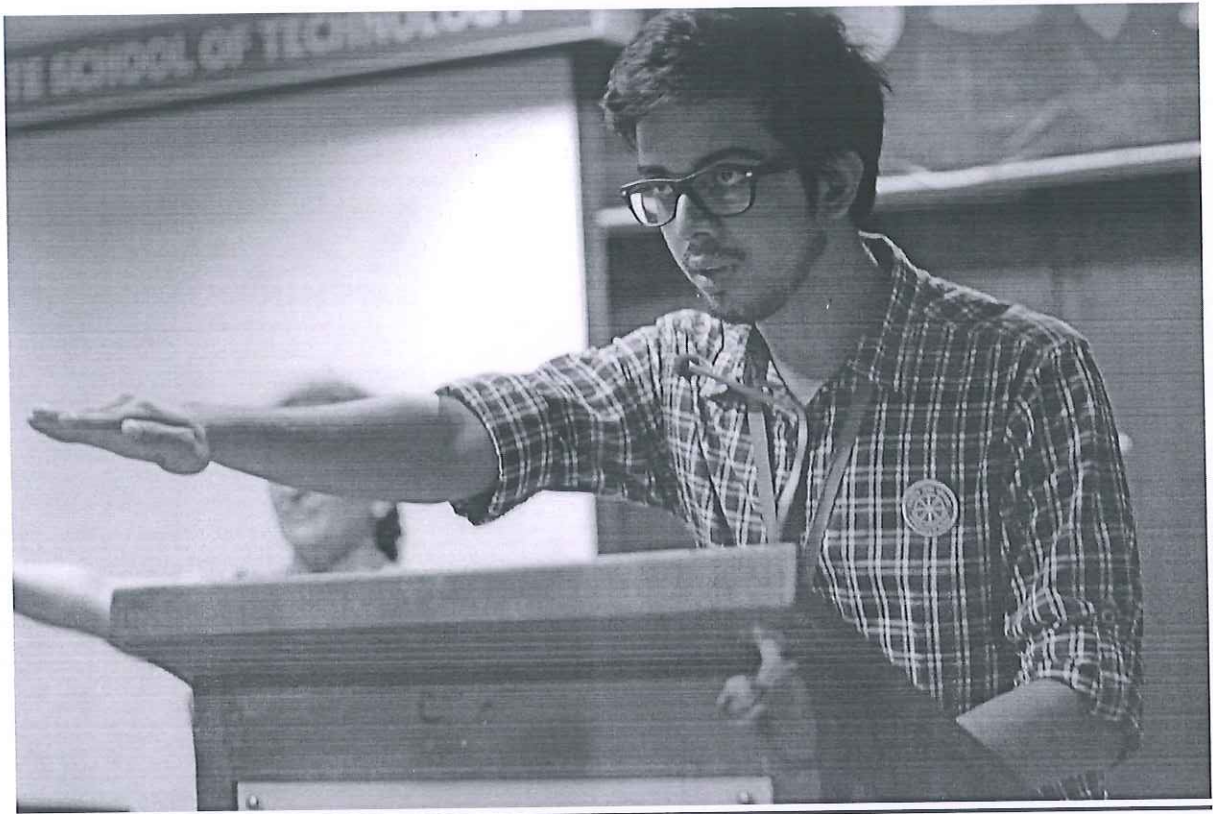

On 5th August 2017, the NSS unit of SIES Graduate School of Technology conducted a cleanliness drive to mark the occasion of Swachh Bharat Abhiyan the college campus as well as in the nearby village area. The day began with all the NSS volunteers along with faculty members assembling in the college. Everybody took an oath to keep their surroundings clean. All the volunteers were divided into two groups where the first one would have the responsibility to clean the campus whereas the second one was supposed to spread awareness about cleanliness in the nearby Shiravne village.

The first group at the start went on a rally around the campus stating 'Swachh rahe campus aur desh humara'. Meanwhile the second group went outside the campus towards the Shiravne village on a rally. In the village they went to a NMMC school and informed the young students about importance of hygiene & cleanliness and the ways to keep the surrounding areas clean.

Thus the NSS volunteers made an effort to keep the country clean by performing and spreading awareness about the Swachh Bharat Abhiyan.

Seminar on 'Woman Empowerment'

Date & Time: Conducted on March, 8th 2017 from 3.00 p.m. to 4.30 p.m.

Venue: SIESGST Auditorium

Resource Person: Ms. Meena Barot, Iron lady and Consultant Faculty at ITM group of Institutions, Mumbai.

The seminar had enlightened about the guidelines to achieve your wellness & fitness goals. It's not just about being physically fit – it's about helping you change your mindset and take an active role towards better health and wellbeing for the future. Also, the seminar had focused on the progress achieved towards the Women Empowerment in particular and the road ahead in this regard. The resource person had highlighted the challenges & hurdles faced in her own life as well as discussed remedial measures in order to achieve women empowerment in India in her journey towards Iron Lady.

It was tremendous experience for all the faculty members who had attended the seminar.

Feedback: All faculties had appreciated the contents delivered by the resource person. They also found that the guidelines given by resource person can make positive change in their lifestyle.

Event Description

SIES GST Model United Nations is an international relations conference for college students held annually at SIES Graduate School of Technology, Nerul since 2015. It offers delegates the chance to discuss pressing global issues and challenge them to take on new perspectives, enabling them to become the world leaders of the future. It is an exciting opportunity for students to debate issues and to draft resolutions in response to various issues worldwide. The third iteration of Model United Nations was conducted in February 2017. It was a one-day international relations conference for all the college students at SIES Graduate School of Technology, Nerul. This year, there was one committee called UNHRC, highlighting its agendas. There were students representing a total of 35 countries and debating/discussing about the agenda specified.

Seminar on "Organ Donation Awareness"

Date & Time: Conducted on February 4th 2017 from 10.00 a.m. to 12.00 a.m.

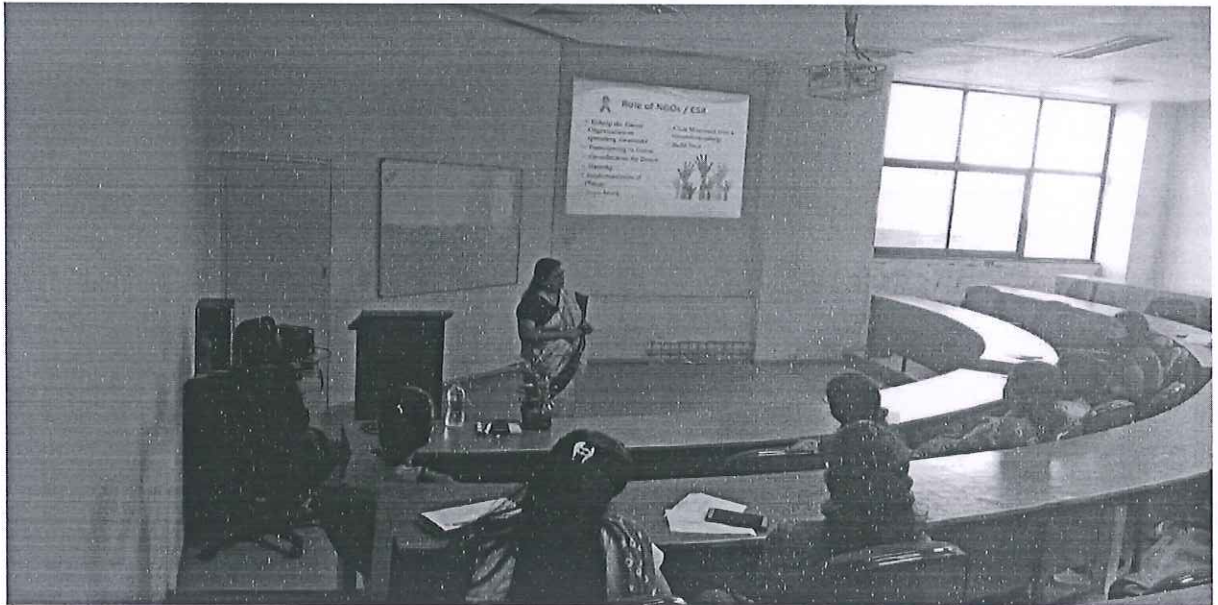

Venue: SIESCOMS Seminar Hall S3

Resource Person: Mrs. Meera Suresh from Sneha Bandhan Trust and representative of Zonal Transplant Co coordinator Centre.

Organ donation is a noble act which gives us an opportunity to save many lives after the death. Speaker had explained the need of organ donation and the significance of organ transplantation. She had guided the participants with regard to the procedure of organ donation as well as eligibility criteria for organ donation. At the end of the seminar, pledge form for organ donation were distributed along with the donor cards.

Everyone was emotionally touched after listening the importance of such a noble task and how they could save others even after their life. It was tremendous experience for all the faculty members who had attended the seminar.

BEACON – An ISR Initiative by SIES GST

ISR Beacon Annual Report – 2016-2017

SIES Graduate school of Technology stand with its vision of social empowerment and equality. The institute is committing to the task of inclusive social upliftment and equality. The management has adopted “Project Beacon “as our Institute level social responsibility (ISR). Project beacon incorporates for the targeted youth a set of training programme that are recognized by, and relevant to the requirement of industries and service providers. The courses like sewing tailoring, AC Mechanic, Electrician, computer operator, web designing, screen printing and welding. Project beacon is small step to give meaning and purpose to someone’s life.

The main objective is to provide an opportunity to untrained/unemployed/school drop outs youth through skill-based education. The courses are giving more focus on practical hands-on training with minimum required theoretical background. they are also undergoing a compulsory foundation course comprising of basic communication and computer skills along with an exposure to various allied fields. SIES GST is committed to initiate and sustain the project to the best of its capabilities. The 96 volunteers from NSS helped in admission and teaching process.

The following is the details of different courses.

Sr.No	Year	Admitted	certified

**SIES Graduate School of Technology,
Department of Printing and Packaging Technology**

P-Pack Junior is a technical quiz competition and package design contest for Junior college students (11th & 12th science std) which is based on introductory concepts of Printing & Packaging Technology. The main objective of the event was to create interest and awareness about the course in junior colleges and highlight its future prospects.

The whole event is divided into various phases each being monitored by specialist in the field. During the process Students were provided with various packaging materials and were judged on parameters like less weight of the whole package, durability of the package, design considerations etc.

The first "P-Pack Junior" was held on Feb 25, 2016.

There was a participation of 80 students from various top schools in Navi Mumbai.

Corporator Visit

19/12/2015

- **Name of the Corporator**

Meera Sanjay Patil

- **How did the Corporator respond ?**

The Corporator was pretty comfortable communicating with us and was well aware of the happenings in the area.

- **What did you ask?**

We expressed the difficulty of garbage collection in the near by fish market area, for which the corporator gave the solution that the area would be reconstructed as a proper market within 6 months.

- **What did you come to know about M.C.G.M.'s working?**

The NMMC often have a survey to find out the problems of the citizens. Also complaints are welcome and looked upon by the authorities. They also try to give atleast a temporary solution as soon as possible.

Listening Session

What was your experience in practising listening in the circle?

Listening can provide you knowledge, even unknowingly.

Importance of body language, words and voice modulation in listening on

Found out that I am a fair listener as suggested by others.

What did the volunteers share about the session?

Instances where listening has helped them in life somewhere or the other.

Analyzing the one on one conversation of the speaker and listener was a bit tricky, as the conversation was as if it took place just because they were told to.

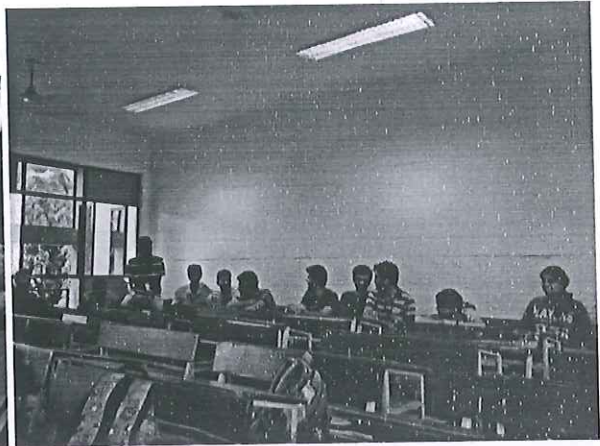

Judging before listening and understanding can lead to wrong decisions.

Sensing Session(21/10/15)

Discussion among Students

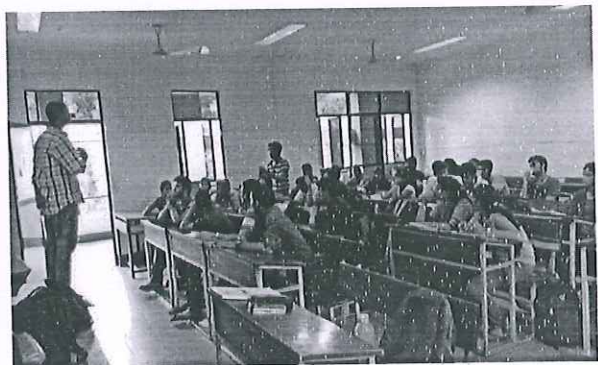

People can really go into deep thoughts about civic issues when provoked.

It wasn't easy to not give your opinion to solve their crisis.

Things Learnt

Some people do not show that much of interest in solving issues and find no problems around them. For example, a person had to think a lot even when there were problems just around his shop.

Random Act of Kindness(10/10/15)

- **Activites Conducted**

Making sugarcane juice

Sweeping the garden

Thanking the security staff and cleaning staff

Cleaning of vegetables

Interaction with people

Helping in carrying gunny bags of vegetables, etc

- **Response and Feedback**

Some felt hesitant at first but then understood the reason of the act.

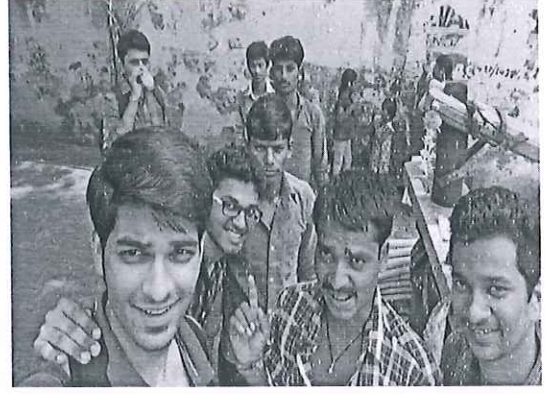

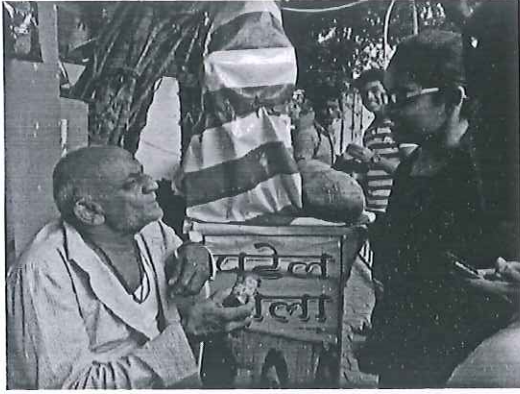

They felt happy that they are being attended and have someone to interact with.

The sugarcane shop guy offered free juice to the volunteers as they helped him out in churning out the sugarcane, but yet the volunteers didn't accept it for free as a part of the act.

Awareness Campaign

- **Where did you do the awareness?**

Areas in Nerul nearby SIES GST such as shops, LP bus stop, auto rickshaw stand, Nerul (West), hotels, etc

- **How was the citizens response? Share interesting stories.**

Most of them seemed to be keen on knowing the helpline numbers and online complaint system of NMMC.

Some took a note of all the details.

- **Share challenges faced.**

One major challenge that is faced in Navi Mumbai is that people think there are no civic problems at all and a bit laid back. In reality, there are problems when you dig deep and find out.

Opening Circle

What did the volunteers share about the concepts discussed?

It was something unique and crazy & fun to perform activities like roaming around like strangers, and the importance of a circular seating.

Were eager to know more about what BRM & 1916 actually are, and why we were conducting skill sessions with them.

What difficulties did you face while conducting the Opening Circle?

No difficulty as such but a little nervousness as we were mobilizing our volunteers for the first time.

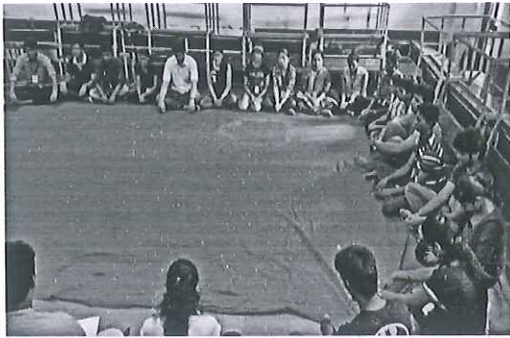

Less than expected turn out.

International Yoga Day Celebration

19th June '15 was marked with heavy rains, but it surely did not hamper the practice yoga session held at SIES Graduate School of Technology. The NSS unit of SIES GST organized a two-day yoga program under the appropriate and constant guidance of Dr. Manasi Karkare (Dean FE, SIES GST), ahead of the World Yoga Day on 21st June. The teaching staff along with the NSS volunteers assembled for the gathering. The session was conducted by an expert yoga instructor, Ms. Shilpa. The session began with the instructor explaining the origin as well as the benefits of yoga which was followed by the practice of the different 'asanas'. At the end of the 2hr session each day, few teachers shared some thoughts on their experiences and how yoga has been helpful to them. On 21st, NSS volunteers from SIES GST as well other colleges assembled at Sports Complex, Kalina Campus, University of Mumbai at 7 a.m. The event scheduled at 8:15 a.m. was inaugurated by lighting the lamp followed by the yoga session. The yoga practice was succeeded by inspirational speeches by eminent personalities like Madhoo (actress), Ellie Avram(actress) and a national level swimmer Hrehaan. Kaivalyadhama Health and Yoga Research Centre, an organization supporting yoga for a long time now, also proposed a three-day free yoga training at Ionavala for the students who had assembled for the event. The event concluded on a note of peace, joy and contentment. The World Yoga Day Celebration was indeed a grand success.
