I remember the days when we used to blame our education system and say there's a lack of practical application in the curriculum.

And now after 4 years, I have an opportunity to bring some **#change** in SIES Graduate School Of Technology by setting up an Institute Innovation Startup Policy.

The National Innovation and Startup Policy for Higher Education Institutes is a guiding framework to envision an educational system oriented towards startups and entrepreneurship opportunities for students and faculties.

I believe it's a huge step taken by the **Ministry Of Human Resource Development** and the **Government of India** to boost the start up ecosystem in the country.

We will focus not only on how to start a business but also on how we can make it sustainable.

Thanks a lot, **Atul Kamkar** sir and **Sumitra Padmanabhan** ma'am for giving me this opportunity.

Also, if you have any suggestions, ideas, or useful resources that can help us to frame and implement this policy, feel free to post it in the comments.

Greetings from SIES Graduate School of Technology, Mumbai

It is an honour to invite you as an external expert to frame the National Innovation Startup Policy (NISIP) for South Indian Educational Society (SIES) Graduate School of Technology (SIES) Nerul, Navi Mumbai which is planned on October 28, 2019, from 11:00 AM to 12:00 PM.

The SIES Group (SIES) Technical Education (SIES TE) under National Innovation Startup Policy (NISIP) scheme has been qualified to frame the NISIP for the technical institute. As a part of "Atmanirbhar Bharat Abhiyan" to strengthen technological transformation along engineering, institute needs to frame a startup policy for students and faculty members to incubate the entrepreneurial culture amongst the engineering fraternity. This policy will help students and faculty to start their own startup in the institute.

An invitation to the SIES TE internal use will be conducting an online brainstorming session, which will give an opportunity for exchange of thoughts, ideas and valuable inputs from faculty working on entrepreneurship, startup ventures, industry regulations, SIES SIES Group, HR Management's representation etc. to frame the startup policy.

Considering your interest and expertise in the field of work, we request to you kindly accept the invitation to be an external expert to help us frame the startup policy document.

Anticipating favorable response

Thanking You.
