## Computer Communications

In this Specialization, learners developed and honed essential skills in fundamental computer networking concepts and principles, apply the networking theory and design principles, verify their understandings, and build a solid foundation for creating innovations in today's Internet. It lays foundations of network architecture, protocol design principles, and TCP/IP programming skills, which are necessary to take more advanced courses in graduate study and/or technical training in the industry. The Specialization also covered basic networking knowledge and in-depth understanding of the inner-workings of computer networks and their evolution. Learners completed all the required assessments to apply their new knowledge and skills.

## Cisco Networking Basics

Congratulations! You have just completed a five course specialization focused on how computer networks work. You were able to:

- Explain how end-user devices and local networks interact with the global Internet.
- Explain the requirements for network connectivity.
- Build a small network using an integrated network router.
- Explain the importance of IP addressing.
- Explain how the protocols of the TCP/IP suite enable network communication.
- Configure an integrated wireless router and wireless clients to connect securely to the Internet.
- Configure basic network security.
- Build a simple computer network using Cisco devices.
- Troubleshoot common network issues found in home and small business networks.

Successfully auto-enrolled in 'Pedagogy for Online and Blended Teaching-Learning Process - FDP201x'

**Dear Ujwala Ravale,**

We are glad to inform that you have successfully completed Foundation Program in ICT for Education - FDP101x, conducted from 3 August to 7 September 2017.

Please note that you have been auto-enrolled to the Two-Week AICTE approved FDP on '**Pedagogy for Online and Blended Teaching-Learning Process - FDP201x**', scheduled from 14 September to 12 October 2017.

You have been added with the same email id in the FDP201x course on IITBombayX.

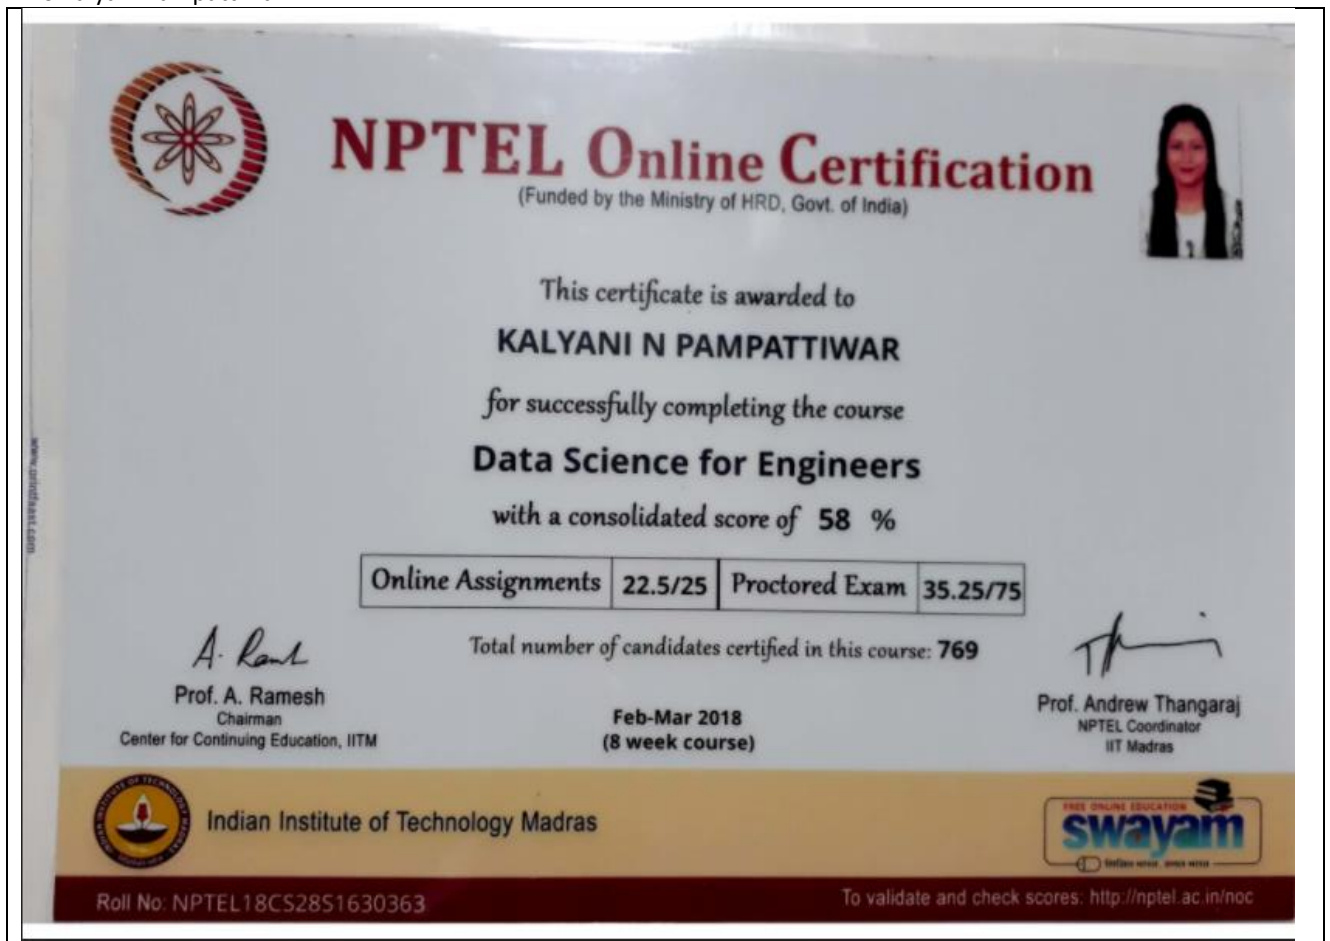

We look forward to your continued enthusiastic participation in this FDP as well.

Thanks and Regards,  
T10kT Team

This is to certify that Prof. DLRAMKISHAN BABURAO BHISE is a teaching employee in the department of HUMANITIES AND APPLIED SCIENCES in our Institute with a designation as Assistant professor of communication skills.

He is permitted to attend the blended online course "Mentoring Educator in Educational Technology (FDP301x)" from 17 May to 27 June 2018. He will have to virtually attend these sessions through A-VIEW or access the YouTube live streaming to clarify their doubts with course instructors. The office hours are scheduled from 2:00 PM to 4:00 PM on Thursdays and Fridays for the first three weeks (17 & 18 May, 24 & 25 May, 31 May & 1 June).

The above said FDP is conducted under the aegis of Pandit Madan Mohan Malaviya National Mission for Teachers and Teaching (PMMMNMTT), MHRD, Govt.

The Institute has no objection to him participating in the FDP from 17 May to 27 June 2018. Institute will make sure that no official duties are delegated to him which may affect his participation, during the FDP301x.

I understand that the participant has to follow the following conditions:

1. He will not drop out from the Programme.
2. He will complete the FDP with full participation, especially during the mentoring sessions in the FDP.
3. He will complete all the quizzes and assignments of the FDP.

I permit the nominated staff to attend the FDP and I understand that irregular attendance will result in the withholding of his certificate by IIT Bombay.
